# MODERN HOMES

**SEARS, ROEBUCK AND CO.**  
**CHICAGO-PHILADELPHIA**

# HOME BEAUTIFIERS

This page shows you what beautiful doors we are prepared to furnish for your new home. We handle a complete line of up to date mill work and can make any changes you desire in interior finish.

The finish obtained by using our Stain 30A2647 and Varnish 30A2722.

It is really remarkable what an improvement a beautiful entrance will make in your home. The cost is so low when you order from us that anyone of ordinary means can make the entrance to his home beautiful.

This finish obtained by using our Stain 30A2647 and Varnish 30A2722.

The beautiful grain and smooth finish of our doors respond perfectly to either oak or mahogany treatment.

This finish obtained by using our Stain 30A2646 and Varnish 30A2719.

**For Prices of Stains Shown on These Doors See Our Big General Catalog**

## EASY PAYMENTS

**EXTRA! Special Inducement to Build Now! EXTRA!**

If you build right away, we make you the greatest building proposition ever offered.

### HERE IT IS IN A NUTSHELL:

1. We make you building **LOANS UP TO ABOUT TWO-THIRDS** of the cost of the completed building and lot. Turn to the order blank in the back of this book.
2. We give you **PLENTY OF TIME** to pay in small monthly payments.
3. We save you **25 per cent** on the interest and other charges. We charge **ONLY 6 PER CENT INTEREST**.
4. We sell you at our **REGULAR CASH PRICES**, charging **ONLY 6 PER CENT INTEREST** on balance due.
5. We ship material already cut and fitted according to the "**HONOR BILT**" system. Actual test shows this system saves 40 per cent on carpenter labor.
6. We **SAVE** you \$500.00 to \$1,000.00 ON THE MATERIAL, depending upon size of house.
7. We ship you material **DIRECT FROM OUR OWN MILLS AND FACTORIES**—only one profit added to the manufacturing price.
8. We give you your choice of 150 modern and **PROVED HOUSE DESIGNS**.
9. We give you the **HIGHEST QUALITY** obtainable at our **LOW PRICES**.
10. We give you a guarantee of **COMPLETE SATISFACTION** backed by our entire resources.

Select the house you want and write us today. Use the blank in the back of this book.

### WE NEED YOUR GOOD WILL.

When you purchase a house from us, we have not only your best interests in mind, but our own reputation. We want the house we sell you to be so good that you will be a friend and customer of ours forever afterward. We could not afford to sell you anything but the very highest quality for your home. We want to supply the furnishings for this new home of yours when you build it; we want to sell you clothing, groceries, musical instruments, shoes and books. Don't you see that it is as much to our interests as it is to yours that we save you money on your new home and furnish materials of which you and your friends will be proud?

### SQUARE DEAL ASSURED.

No doubt you, like many others, have sent for different books of modern homes and building material catalogs. Everybody offers you the same kind of guarantee, you say. Everybody claims that he has "the best" or "the highest quality," and everybody wants to assure you that you can save money by buying his particular merchandise. How are you to decide which concern is best prepared to back up its claims with the merchandise; which concern is best able to live up to its guarantee; which concern, in a word, can "deliver the goods?" If you are a customer of ours, we don't need to tell you how big or how reliable we are. **YOU KNOW.** But if you have never dealt with us, then it is an easy matter for you to satisfy yourself with regard to our standing. Any one of eight millions of your fellow citizens, dealing with us and scattered over the entire country, will tell you that you can get a **SQUARE DEAL** from Sears, Roebuck and Co.

### SHIPMENT OF MODERN HOMES.

"HONOR BILT" Modern Homes shipped from following points:

Lumber—Yards, Southern Illinois.  
Mill Work—Factory, Southern Ohio.  
Electric Wiring and Fixtures—Chicago, Ill.  
Hardware, Paints and Other Accessories—Chicago, Ill., or Philadelphia, Penna.

Unless otherwise instructed we ship lumber, nails and outside frames first; allowing sufficient time for these items to reach you, so that you can get the building enclosed and the roof on, thus enabling you to provide a dry place for the inside finish, doors, etc., when they reach you.

**I**N THIS Book of Modern Homes you will find house plans suitable for every section of the country. We have employed reliable architects and have scoured the entire country for building ideas. Our method enables you to select a house which is architecturally correct, of guaranteed construction.

We are prepared to help you solve your building problems. Our architects, draftsmen, estimators and correspondents will smooth out all your difficulties, whether they concern plans, specifications or material. Write us today.

## PLANS VERY THOROUGHLY PREPARED

Much thought and careful study is given to the planning of our houses. Every plan is passed upon by women experts. We see to it by actual measurement and tests that the rooms are laid out to accommodate furniture without interfering with doors and windows. We plan the arrangement of the kitchen to save steps for the housewife. The illustration to the left is a floor plan of our "Avondale" Modern Home, page 76. It illustrates the care we take to make sure your home will be entirely comfortable and architecturally correct in every detail. Please be sure to note special drawings on pages 28, 31, 33 and 45.

In almost every floor plan we show the space occupied by full size furniture. This is drawn to the same scale as the floor plan and shows you the comparative amount of space you will have in your house after the furniture has been put in place.

When you buy an "Honor Bilt" Modern Home, you not only get the material but architectural and plan service worth a great deal of money to you.

## BUILD ACCORDING TO OUR PROVED PLANS

Many advantages are gained by building according to plans that have **proved to be absolutely correct.**

You know exactly what the material will cost. You have our **Guarantee to furnish enough material** at the price named to put up the building complete. No extras and the first cost is the only cost.

The building can be put up in **less time** than it takes with "Made to Order Plans."

Any ordinary carpenter or builder can put up your house.

You have our guarantee that **the material will be entirely satisfactory.**

You have the satisfaction of knowing that you are not facing an experiment. **Over 25,000 persons** have built houses according to our plans and with our materials. We can refer you to satisfied customers in every state. When you buy from us you are dealing with the originators of the **mail order system** of selling complete houses.

### OUR GUARANTEE

*Our guarantee stands the test in the Scales of Justice. You must be thoroughly satisfied with the goods we furnish, and with the prices we charge, otherwise you can return them and get your money back, together with all freight or express charges you paid. This binding guarantee applies in full force to our building proposition.*

Floor Plan of Modern Home No. 7006 (The Avondale), shown on page 76.

Architects and women advisers plan economy of space.

Note plenty of room for furniture. Doors and windows conveniently located provide wall space for piano, davenport, etc.

Hot water and steam radiators will not interfere with the placing of furniture when our plans are used.

OUR CUSTOMERS EXPECT YOUR BEST EFFORT

### Reversed Floor Plans

Your lot may face such a direction that the rooms you want the most sunlight in will be on the wrong side, and a great many of our houses, even though the material is ready cut, can be built with the rooms reversed;

in other words, the living room, dining room and kitchen can be transposed to the other side of the house as shown in the illustration above. If you wish to build the house you select with the main rooms in a reversed position, be sure to mark the word "REVERSED" after the name or number of the house when placing your order, as there may be some few pieces of material which we may have to change so they will fit when the house is built with the rooms in a reversed position. When house can be built "reversed" we tell you so in the description.

## American Homes

During the past few years there has been a tremendous demand for substantial and comfortable homes for an industrious and thrifty people. Our effort in helping to meet this demand is illustrated in part on these two pages. Called upon to furnish high grade materials in a hurry and to meet active competition, we immediately filled the requirements of the big operator as well as the individual builder.

People who are best qualified to judge of the present situation predict that there will be no let-up in the demand for homes for several years to come. The great decision for the prospective builder at this time is to take advantage of our present facilities, rather than wait for future developments. It is easy to see that an increased demand for material not only forces prices upwards, but reduces the quality of the available supply.

We offer you in this book dependable qualities in house building materials, at prices that are as reasonable as we can make them, and we place at your command the services of an organization that has been perfected to a high degree of efficiency, gained by the experience in handling the large operations illustrated on these two pages, as well as many others which we have not the space to display.

## From Floor to Roof

Actual Thickness of Yellow Pine Floors and Subflooring.

## Double Floors

Have you ever noticed how the flooring yields in some of the houses you have visited? This is because there is no subflooring. The illustration at left shows you the actual thickness of the subflooring and finished flooring used in our "Honor Bilt" Modern Homes. You can easily see what a solid, strong and durable floor this will insure you. Notice the extra heavy building paper between the subflooring and the finished flooring. No chance for drafts to get through here. This means warm rooms and freedom from dust getting through.

When considering the purchase of any house, investigate this question closely and insist on double floors. It will pay you to do this in the added strength, comfort and durability of your new home.

### Thickness of Hardwood Flooring.

When we specify oak or maple flooring we furnish it  $\frac{3}{8}$  inch thick to be laid over the subflooring. We furnish wood filler and varnish for all oak floors.

## Best Grade Red Cedar Shingles

When it comes to a question of roofing your new home, we have a number of suggestions to offer. But if, like a good many people, you prefer wood shingles, then you will be pleased to know that we are in a position to give you the best Red Cedar Shingles procurable. The illustration shows the extra thickness of our 5-2 Red Cedar Shingles compared with the standard \*A\* grade 6-2 shingles often furnished for homes.

Five Red Cedar Shingles are 2 inches thick.

Six \*A\* Grade Shingles are 2 inches thick.

Actual thickness of butts of two shingles in "Honor Bilt" Modern Homes.

## A Money Saving Suggestion

On the colored page in the back of this book we illustrate and describe our Fire-Chief Slate Surfaced Shingle Roll Roofing. (Also see small illustration below, showing Oriental Asphalt Shingles.) In our judgment this roofing will give you better service than wood shingles. Then again, we guarantee it to wear and retain its color for seventeen years. Of equal importance to you, with durability and fine appearance, is the question of protection from fire. Slate surfaced roofing and shingles are actually fire resisting and approved by Fire Underwriters. Flying sparks or embers do not affect the real crushed slate surface. Remember you can now buy Oriental Shingles for about the same price as wood shingles. In every case throughout this book where wood shingles are specified for the roof we also quote Oriental Shingles which will give you a safer, longer lasting and much more beautiful job.

Oriental Asphalt Shingles

SEARS, ROEBUCK AND CO.

# INSIST ON *Honor Bilt*

## This Page Tells You Why You Should Build an "Honor Bilt" Modern Home

"Honor Bilt" Homes are EXTRA HIGH GRADE and EXTRA SUBSTANTIAL. They are far superior to ordinary frame houses. When you buy an "Honor Bilt" Modern Home you not only get the most, but also the best for your money. Examine carefully the three illustrations on this page and see for yourself the actual difference between the different kinds of construction. It is only reasonable that a Lighter Bilt house should cost much less than an "Honor Bilt" house of the same size and design. For instance, our "Honor Bilt" Arcadia Modern Home No. 2032B, described on page 46 of this book and priced at \$911.00, can be furnished in Lighter Bilt construction No. 032B for only \$640.00—a difference of \$271.00 on a small house. But when you have read the thirteen reasons why you should buy the "Honor Bilt" construction, you will agree with us that it is well worth the extra cost. Buy an "Honor Bilt" Modern Home if you want to make a safe and profitable investment.

### Honor Bilt

#### Thirteen Reasons Why You Should Buy It:

1. Rafters, 2x4 inches, or larger where needed, 14 $\frac{3}{8}$  INCHES APART.
2. DOUBLE PLATES over doors and windows.
3. DOUBLE STUDDINGS at sides of doors and windows.
4. THREE STUDS at corners.
5. Outside casing, 1 $\frac{1}{2}$  INCHES THICK.
6. High grade WOOD SHEATHING.
7. All glass 24x28 inches and larger is HIGH QUALITY DOUBLE STRENGTH.
- 8-9. DOUBLE FLOORS WITH HEAVY BUILDING PAPER between the subfloor and finished floor.
10. 2x8-inch joists, or 2x10 where needed, 14 $\frac{3}{8}$  INCHES APART.
11. Studdings, 2x4 inches, 14 $\frac{3}{8}$  INCHES APART.
12. Best Grade of Cedar Shingles, Oriental Asphalt Shingles or Fire-Chief Shingle Roll Roofing, guaranteed for seventeen years, as specified.
13. All outside paint, three coats of guaranteed paint, shingle stain (when shingles used as siding), two brush coats.

## Econo Built Houses

(See pages 90 and 91.)

If you do not need a home as high grade and substantial as an "Honor Bilt" Home, but still require something reasonably warm and substantial, we would suggest that you look at the ECONO BILT houses listed at very low prices on pages 90 and 91 of this book.

The difference in the construction between ECONO BILT and "HONOR BILT" is as follows:

- |                                                          |                                                                                                                                               |
|----------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Studdings, 2x3 inches, 14 $\frac{3}{8}$ INCHES APART. | 5. Oriental Slate Surfaced Siding nailed over sheathing. This siding is airtight and makes the house very comfortable in the coldest weather. |
| 2. Rafters, 2x3 inches, 14 $\frac{3}{8}$ INCHES APART.   | 6. Floor joists, 2x8 inches, 14 $\frac{3}{8}$ INCHES APART.                                                                                   |
| 3. Single thickness wood floor.                          |                                                                                                                                               |
| 4. Window glass, single strength.                        |                                                                                                                                               |

## Lighter Bilt

This construction differs from "Honor Bilt" Modern Homes as follows:

1. Rafters, 2x4 inches, 34 $\frac{3}{8}$  INCHES APART.
2. SINGLE PLATES over doors and windows.
3. SINGLE STUDDINGS at sides of doors and windows.
4. TWO STUDS at corners.
5. Outside casing,  $\frac{7}{8}$  INCH THICK.
6. NO wood sheathing.
7. All glass SINGLE STRENGTH.
- 8-9. NO SUBFLOOR and NO BUILDING PAPER under floors.
10. Joists, 2x6 inches, are placed 22 $\frac{3}{8}$  INCHES APART.
11. Studdings, 2x4 inches, 22 $\frac{3}{8}$  INCHES APART.
12. Roofing, 2 $\frac{1}{2}$ -Ply Best-of-all, guaranteed for twelve years.
13. All outside paint, two coats.

**Ordinary  
Way**

## Latest, Most Important News for You

In order to show our customers truthfully and accurately the saving that it is possible to make by the "Honor Bilt" Already Cut System as compared with the usual method of cutting and fitting material on the job, we reproduce on this and the opposite page two sets of photographs taken during August, 1921, and supported by certified testimony. The pictures on this page were taken during the construction of a house built with material furnished in the ordinary way, requiring all calculating, measuring and cutting to be done on the job. The pictures on the opposite page show the quick, money saving construction of the house with material furnished according to our "Honor Bilt" Already Cut System. Both houses are OUR RODESSA design, page 33, **EXACTLY THE SAME**, and built under the same weather conditions. The result is shown by the pictures and the affidavit signed and sworn to before a Notary Public—

## Could We Send You Any More Convincing Evidence

The photographs and affidavit reproduced on these pages show you the possibilities of the big saving to be made by our "Honor Bilt" Already Cut System. The test recorded here was conducted under ordinary conditions.

With each order we supply complete working plans and instructions which if carefully followed will save you 25 to 40 per cent in carpenter labor. Read the letters on page 27 of this Book.

Study the pictures carefully. You will readily see how the big saving by our system is possible. See how we furnish the framing material carefully cut to exact lengths. Note how rapidly the workmen proceed after the material is sorted out.

**Look!  
Read  
This**

These pictures prove another big saving in addition to the SAVING OF TIME AND MONEY IN CARPENTER LABOR by the "Honor Bilt" System.

Look at the amount of material wasted on the house built in the ordinary way. Practically all of this is saved by our standardized "Honor Bilt" Already Cut System. This saving will be yours.

**352  
Hours  
Carpenter  
Labor**

*The  
Honor Bilt  
Way*

**2** 11½ HOURS is all that was required to do all this work the "Honor Bilt" way. No time lost looking for pieces.

**3** 52½ HOURS carpenter labor found this difficult job completed. No lost time—no waste material.

**4** 158½ HOURS carpenter labor—house all enclosed and under roof. You can be living in your "Honor Bilt" home shortly after you place your order with us.

**5** 281¼ HOURS carpenter labor on the "Honor Bilt" house.

**6** 352 HOURS carpenter labor. "Honor Bilt" house completed. 231½ hours ahead of the same house built in the usual way.

# THE Honor Bilt SYSTEM!

## EXAMINE THIS PAGE CAREFULLY *Note Every Illustration* READ EVERY WORD

### Real Ready Cut Houses.

We furnish already cut and fitted with your "Honor Bilt" Modern Home all of the material we have found by actual experience and scientific test can be cut more economically by big power driven machines in our factory than it can be cut by hand on the job.

Before you buy a Ready Cut House, FIND OUT JUST HOW MUCH OF THE MATERIAL is cut and fitted.

Here is what we guarantee to furnish already cut and fitted or already built for our machine made ready cut houses.

#### Framing Already Cut

Basement Posts  
Porch Posts  
Girders  
Wall Plates  
Joists  
Collar Beams  
Studding  
All Treads  
All Risers

Apron

#### Already Built

Medicine Case  
Cupboard  
China Closet

Consoles  
Colonnades  
Grille

### Door and Window Frames Cut and Fitted.

#### Doors Mortised for Locks.

We furnish our girders cut and fitted for built-up construction. Any architect or practical contractor will tell you that the built-up girder is **ALMOST TWICE AS STRONG AS THE SOLID ONE.**

Read carefully the description of the house you want to buy. We tell you on each page whether the house illustrated is already cut and fitted or not, and also whether the construction is "Honor Bilt," "Lighter Built," or "Econo-Built."

## Use Good Judgment—Compare Quantity, Quality and Grades

Order your home direct from this book. Look over the many designs we illustrate and describe. Note our low prices. Please remember that at the prices quoted we agree to furnish **ALL OF THE MATERIAL** with the exception of cement, brick and plaster. You will not have to buy any extras. Remember you get complete working plans, specifications and bill of material thrown in. Our binding guarantee protects you and insures plenty of material to build your home complete. Wherever you decide to purchase a house insist that the bill includes everything

we guarantee to furnish, including the painting material (we furnish three coats for outside work), the hardware, the building paper, the sash weights, eaves trough and down spout. Then, before you hand over your hard earned money, **BE SURE OF THE RESPONSIBILITY OF THE CONCERN** with which you are going to deal. Be sure that you can get your money back if you want it, in case the materials do not come up to your expectations. Read our guarantee on the back cover of this book.

Your doors mortised for locks. Think of the money and time this saves you.

**NOTE—**We furnish stair stringers already housed. It's expensive to do this work by hand. We do it by power driven machinery.

See how the stair treads, risers, stringers, hand rail and balusters are cut ready to put in place. No sawing required.

Porch rails and porch balusters cut to exact fit. No sawing required.

All sets of window and door trim are cut to exact size. No sawing required. Head trim already nailed together.

# THE Honor Bill SYSTEM

*Note the  
NOTCHES  
and  
MITERS*

No Use  
for a Saw  
Here

**The "HONOR BILT" system insures extra solid construction. This is machine cut miter. Perfect joint, strength and rigidity.**

**This is what may happen in hand cutting. Result: Impaired strength.**

**Mitered.**

Notched.

Here is Proof

Do you want to know what saving in labor you can make by the "Honor Bilt" Already Cut System?

A test made on August 2, 1921, showed a saving of 40 per cent or 231½ hours on a four-room house. All facts and figures with illustrations are given on pages 8 and 9.

With each house we furnish a booklet of simple directions which, if followed, will enable you to save from 25 to 40 per cent in carpenter labor.

FRAME MATERIAL ALREADY CUT AND FITTED  
The Most Difficult Job Made Easy  
*Every Piece Cut and Fitted Ready for its Place*

The illustrations on this page show, better than words can tell, exactly how we make it easy for you to save a great deal on the construction cost of your new home. Here is the most difficult part of the entire undertaking reduced to such a simple proposition that you only need a hammer and nails to put up the framework of your house.

Every piece of lumber shown in this illustration is numbered, so that it can be taken from the bundle without losing time in sorting. Every number corresponds with the number shown on the plans which we furnish.

# IMPORTANT

We do not handle hemlock, spruce or inferior types of lumber. The lumber we furnish for our "Honor Bilt" Modern Homes is all bright and new—fine dry yellow pine, the strongest lumber for framing; cypress for outside finish, the wood that lasts for centuries; oak, birch or yellow pine, as specified, of selected clear grades for

interior finish. If we say we give you No. 1 quality yellow pine, **YOU ARE GOING TO GET No. 1 QUALITY.** Our object in selling you an "Honor Bilt" Modern Home is to give you the kind of material that will prove to be **A LITTLE BETTER THAN YOU HAVE A RIGHT TO EXPECT.**

Please don't lose sight of the fact that the price is not the only consideration when you select a house. The quality must be there too. There must be enough material to build it complete according to our plans. It must be designed with a view to comfort and convenience as well as economy. It must be well lighted, well ventilated and provision must be made for safe and satisfactory heating. All of these things must be taken into account if you are going to be permanently satisfied with your purchase, AND WE GUARANTEE TO SATISFY YOU PERFECTLY.

Pieces numbered to correspond with the numbers on the plans.

SEARS, ROEBUCK AND CO.

# TEN ROOM COLONIAL

**Honor Bilt**

## The Magnolia

No. 2089 "Already Cut" and Fitted.  
\$5,849<sup>00</sup>

"Honor Bilt." No. 2089. "Already Cut" and Fitted.

At the price quoted we will furnish all the material to build this ten-room house including mill work, lumber, lath, shingles, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, nails, eaves trough, cases, colonnade, roofing, painting material, mantels, tile and grates. We guarantee enough of the above material to build this house. Price does not include cement, brick or plaster.

See price of Magnolia  
BUILT COMPLETE  
on next page.

FIRST FLOOR PLAN.

**First Floor** A Colonial front door opens from the porch into the reception hall, which has French doors leading to the living room and the dining room. French doors also lead from the living room to the sun room. A massive but graceful stairway leads from the hall to the second floor. There is a rear hall back of the stairway, with doors leading to the kitchen, the den and the rear porch. The kitchen has a nicely arranged breakfast alcove lighted by three fancy windows. A china case over each seat in the alcove. See illustrations on the opposite page. Rooms are 9 feet 4 inches from floor to ceiling.

We furnish oak flooring, birch doors and birch trim for the reception hall, living room, dining room and sun parlor. Maple flooring, birch doors and yellow pine trim for the rest of the rooms. With the exception of the French doors for the living room, dining room and sun parlor, all other inside doors are the latest two-panel design.

SECOND FLOOR PLAN.

This house can be built  
with the rooms reversed. See  
page 3.

**FROM** the days of George Washington to the present time, the Colonial type of residence has always been popular. It has housed the greatest figures in American history, science and literature. Many will recognize a close resemblance in the illustration above to the famous residence at Cambridge, Mass., where the poet Longfellow composed his immortal works. Leading architectural authorities declare that this type will continue to win favor for hundreds of years. There can be no question of its imposing appearance, graceful lines and other attractive features. This is a house for the discriminating builder who is willing to invest a fair amount for the largest returns in comfort, convenience and extra high quality.

**Second Floor** There are four bedrooms with closets, two bathrooms and a sleeping porch on this floor. One of the front bedrooms and one of the rear bedrooms have dressing rooms, with extra compartments for dresses and hats. Other conveniences are shelves in the closets, a special broom closet and a stairway to the attic. Note that the servants' quarters are completely separate and have a stairway from the kitchen. Rooms are 9 feet from floor to ceiling.

**Basement** An excavated basement under the entire house, 7 feet from floor to joists, lighted with basement sash.

A pair of French doors lead from the stair landing to the deck and a French door from dressing room to front of balcony.

Painted three coats outside, your choice of color. Wood filler, stain enamel and varnish for interior finish.

Built on a concrete and brick foundation, frame construction, No. 1 yellow pine framing and dimension lumber.

**Oriental Asphalt Shingles, Instead of Wood Shingles, \$38.00 extra.**

**For Prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.**

**Our Guarantee Protects You—Order Your House From This Book.**

Price Includes Plans and Specifications.

Prices for Sheet Plaster, Storm Windows and Screens, quoted on application

A glance at these interior views of the Magnolia Modern Home will give you an idea of the refinement and comforts of our high class homes. See exterior view and description on opposite page.

*The Kitchen and Breakfast Alcove.*

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$15,000.00. See page B in front of book.

# NINE ROOM COLONIAL

**Honor Bilt**

## The Lexington

No. 13045 "Already Cut" and Fitted.

**\$3,938.00**

See Description of "Honor Bilt" Houses on Page 7.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$9,061.00. See page B in front of book.

**THE LEXINGTON** was designed by an architect whose specialty is houses of the true Colonial type. This is his masterpiece in a style that will be popular for all time. Here's an exterior that will look well on any lot. With a few green trees in the landscape for a setting, this beautiful white Colonial with its green blinds and cozy sun porches will claim more than a passing glance.

**First Floor** See the group of casement windows on the landing and the two pairs of French doors. Standing between these you can see across the large living room and sun room on your left and the dining room and glassed-in dining porch on the right. The lavatory and toilet on this floor can be reached from the grade entrance or from the reception hall. At the end of the reception hall are two mirror doors, one leading to the toilet and the other to the coat closet.

The hall, living room and dining room are all finished in beautiful birch. On both sides of the entrance are roomy wardrobes. Beside the graceful open stairway is room for hall furniture and opposite is a place for a grandfather clock. Entire first floor has clear maple floors and two-panel doors.

Kitchen excellence has been obtained by making sure that this room is neither too large nor too small, that the work can be done with few steps and that there be good light. Space for the ice box is just inside the pantry door and may be iced from the outside. The kitchen cabinet is furnished with bread board, dough board, flour bins and work table top.

Rooms are 9 feet from floor to ceiling.

**Second Floor** The second floor is also very well planned, the hall is light and airy, due to the casement windows on the landing. Four corner bedrooms with light and air from two sides, all of good size and arranged for comfort, each having good closet. Doors lead from bedrooms to balconies over sun room and dining porch. Rooms are 8 feet 2 inches from floor to ceiling.

Clear yellow pine flooring except bathroom, which has maple floor, two-panel yellow pine doors and yellow pine trim.

**Basement** Excavated basement under the entire house.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120. Built on a concrete and brick foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Oriental Asphalt Shingles, guaranteed for 17 years.

At the price quoted we will furnish all the material to build this nine-room Colonial house, including kitchen cabinet, medicine case and mantel. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

This house can be built with the rooms reversed. See page 3.

### OPTIONS

- Sheet Plaster and Plaster Finish to take the place of wood lath, \$242.00 extra. See page 114.
- Tile floor in bathroom and toilet, instead of maple, \$52.50 extra.

- Price Includes Plans and Specifications.

# NINE ROOMS AND BATH

Honor Built

*The Honor*  
No. 13071 "Already Cut" and Fitted.  
**\$3,079<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.

At the price quoted we will furnish all the material to build this nine-room house, consisting of mill work, shingles for siding, flooring, porch ceiling, finishing lumber, building paper, eaves trough, down spout, sash weights, mantel, medicine case, breakfast alcove, seats, hardware, painting material, lumber, lath and slate surfaced shingles for roof.

Can be **BUILT COMPLETE** with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$7,384.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

**THE HONOR** is a home that not only looks well at a distance, but makes a still more favorable impression upon closer investigation. You will recognize in this house some of the features that have made the historical Colonial homes of America admired for years, together with many modern touches that add to its attractiveness. Notice the thatched effect on the roof, the inviting front entrance, the big handsome windows and the decorative trellis. As you step closer, you will admire the cement floored porch, surrounded by flower boxes for perennial plants and evergreens.

**First Floor** Passing up the steps to the cement porch you will find yourself in front of the graceful and massive entrance, through which you reach the large living room. To the left a cased opening leads to the dining room, and right in front of you is an inviting brick mantel. To the right in the living room a generous space for the piano is provided between two windows which have convenient window seats. In the dining room there is ample space for a large buffet between the two windows. From this room a door leads to the kitchen, which is admirably arranged and has the very popular breakfast alcove. One kitchen door leads to the hall, off which is a lavatory, and stairs to the second floor; another kitchen door leads to rear entrance and basement. Directly to the right of this hall is a good size sun room which can also be reached from the living room in the front. All rooms on this floor are 9 feet from floor to ceiling.

**Second Floor** On this floor there are four large bedrooms, all provided with closets having shelves, as well as a sleeping porch and bathroom. The ventilating and lighting arrangement is perfect. There is plenty of room for large beds and dressers, as well as other necessary furniture. Rooms on this floor are 8 feet 2 inches from floor to ceiling.

**Basement** Excavated under the entire house, 7 feet from concrete floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors on first floor are two vertical panels and on second floor doors are two panels, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

**Flooring** Kitchen, hall and bathroom are clear maple; balance of first floor, clear oak. Second floor, clear yellow pine.

Paint for three coats outside, your choice of color. Two brush coats of stain for shingles on walls. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a concrete foundation, No. 1 yellow pine frame construction sided with clear red cedar shingles over good sheathing and roofed with Oriental Slate Surfaced Shingles guaranteed 15 years.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$193.00 extra. See page 114.

At the price quoted on the opposite page we will furnish all the material to build this eight-room house, consisting of lumber, lath, shingles, mill work, flooring, siding, finishing lumber, blinds, mantel, wardrobes, bookcases, pantry case, breakfast alcove, table and seats, medicine case, columned openings, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$8,680.00. See page B in front of book.

A REAL Colonial house, set off to its best advantage in pure white amidst luxurious foliage.

SECOND FLOOR PLAN.

This house can be built with the rooms reversed. See page 3.

**First Floor** A specially made Colonial door leads into the reception hall, which has two wardrobes with mirror doors, also cased openings to the dining room and living room, with an open stairway to the second floor. (See floor plans and interior views.) The living room has a rustic brick mantel and open bookcases at one end of the room. The kitchen has a breakfast alcove, large pantry with shelves and a special storage pantry. Rooms are 9 feet from floor to ceiling.

**Second Floor** Four bedrooms, sleeping porch and bathroom on this floor. All rooms have closets and are well lighted. Rooms on this floor are 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior door leading from dining room to kitchen is a flush door, balance on first floor are one-panel fir and on the second floor two-panel yellow pine, with yellow pine trim in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

**Flooring** Clear maple for rear hall, kitchen, pantry and bathroom. Clear oak for balance of first floor. Clear yellow pine for balance of second floor.

Paint furnished for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a concrete foundation, with excavated basement 7 feet from floor to joists; No. 1 yellow pine frame construction, sided with wide clear cypress siding and roofed with extra thick red cedar shingles.

#### OPTIONS

This house can be built on a lot 40 feet wide.

## *The Living Room*

A suggestion for interior treatment that will be helpful to the housewife.

## *The Dining Room*

What a wealth of warm hospitality this picture reveals!

## *The Sun Room*

In this illustration the beautiful foliage outside seems to vie with the rich furnishings in harmony of color and richness of contrast.

A recognized authority on interior decoration writes: "Brilliant colors are used in a room exactly as a painter puts the finishing touches of high lights in a picture. They have a magical touch, but, like all magical things, must be used with the utmost care and restraint. Fortunately, a greater appreciation of the value of strong color is evident every year. In planning the color treatment of a room it should be considered as a whole, remembering that every color introduced will have its effect upon the other colors. Far more effect may be obtained by color than by ornament. As the effect is greater, so greater care should be taken in using color in decoration. The first consideration in choosing the color scheme for a room is the exposure of the room. If it faces north or east, warm tints should be used—something that will give full value to all the light that gets to the room.

Conversely, a color that absorbs light should be avoided—red or dark blue, for example. The craze for neutral colored backgrounds has led us into the fallacy of using a putty color or blend in all rooms, regardless of their exposure. This is a pity, since a north room so needs the artificial glow from a warm tinted background. The suitable colors for a north or east room are tan, buff, brown, rose, apricot or pink, or these combined with one another or with a cool tone. The room with the southern or western exposure requires a more neutral toned background—gray, putty color, white and black, blue-green, mauve or mulberry; in fact, any shade that has of itself a cool effect. In these rooms the purpose is to counteract the excess of sunlight and glare and their subsequent effect on the nerves. For color reacts on us in an extraordinary way. Too much brilliant color excites and tires us and too drab colors give us no stimulus."

# A POPULAR COLONIAL

## The AMSTERDAM

No. 3196 "Already Cut" and Fitted.

Honor Bilt

\$4,164<sup>00</sup>

See Description of "Honor Bilt" Houses on Page 7.

At the above price we will furnish all the material to build this eight-room house with "Honor Bilt" construction, consisting of lumber, lath, shingles, porch ceiling, siding, finishing lumber, mill work, mantel, breakfast alcove, sink with tile drain boards and back, ironing board, all cabinets, medicine case, wall safe, cedar lined wardrobe, sewing cabinet, tile, coal chute, building paper, eaves trough, down spout, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and labor, for \$9,800.00. See page B in front of book.

THE dignity and beauty of the purely Colonial exterior is combined in "THE AMSTERDAM" with modern interior arrangement and conveniences. Each room has been carefully planned for light on two sides and generous space for all furniture. On the next page see the many new up to date features to be found in The Amsterdam.

**First Floor** As you enter the living room from the front porch you are met with the pleasing view shown below—Colonial fireplace, beautiful Colonial stairway, French doors leading to the sun or music room and French doors entering the dining room. A closet for coats fitted with a mirror door is provided at the foot of the stairway. Notice the breakfast alcove between the dining room and kitchen with roomy cupboards opposite. In the kitchen see the built-in folding ironing board, broom closet and provision receiver through which packages can be delivered from the outside without the necessity of entering. Notice the tile sink and built-in cupboards. Extra lavatory on first floor is entered from either the front or back hall. Rooms are 9 feet from floor to ceiling.

**Second Floor** French windows light the stairs and hall, off of which is provided clothes chute, linen shelves, three drawers and large extra closet. Closet also opens into the bathroom, providing linen shelves. Don't overlook the large cedar lined wardrobe fitted with three mirror doors in the front bedroom to the left, in one end of which a wall safe is furnished. Notice the sewing cabinet in the sleeping porch or sewing room. Two front bedrooms, each has one of our automatic self closing windows. Patented attachment automatically closes window before you arise, insuring perfect ventilation at night and nice warm room in the morning. Ventilators in bedrooms increase circulation of fresh air and draw out the heat from the bedrooms in Summer. Rooms are 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors on the second floor are two-panel fir, except the mirror doors. TRIM—Birch for living room, dining room, music room and stair hall; clear yellow pine for all other rooms.

Paint furnished for three coats outside, your choice of color. Enamel for all trim, mahogany stain and varnish for all doors, except bathroom and kitchen for which we furnish enamel. Chicago Design hardware, see page 120. FLOORING—Clear maple for kitchen, alcove and entry, clear oak for balance of first floor; tile for bathroom, clear yellow pine for balance of second floor.

Built on a brick and concrete foundation, with excavated basement 7 feet from floor to joists; No. 1 yellow pine frame construction, sided with wide clear cypress siding and roofed with extra thick red cedar shingles.

### OPTIONS

Sheet Plaster and Plaster Finish furnished in place of wood lath, \$241.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles, \$22.00 extra.

Storm Doors and Windows, \$185.00 extra.

Screen Doors and Windows, black wire, \$83.00 extra; galvanized wire, \$86.00 extra.

Can be built on a lot 42 feet wide.

Honor Bill

## The Clyde

**\$1,359.00** Two Arrangements.  
**1,264.00** No. 9030 "Already Cut" and Fitted.  
No. 7030 "Already Cut" and Fitted.

See Description of "Honor Bill" Houses on Page 7.

At the prices quoted we will furnish all the material to build this five-room cottage, consisting of mill work, lumber, lath, Fire-Chief Shingle Roll Roofing, porch ceiling, siding, flooring, finishing lumber, medicine case, building paper, eaves trough, down spout, sash weights, hardware, mantel and painting material. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,150.00 for No. 9030, and \$3,840.00 for No. 7030. See page B in front of book.

FLOOR PLAN. No. 9030.

**STUCCO** panels and tapered columns, brackets and other little touches make the Clyde an unusually well balanced and attractive house which will look as well on a narrow lot as on a wide one.

**Main Floor** Entering the living room, it is surprising to find how large and light it is. It extends entirely across the house and has three windows besides the handsome glass door and a sash on each side of the brick mantel. It is of such good shape and arrangement that no matter what pieces of furniture you have, they can always be comfortably and attractively arranged. The wide cased opening into the dining room adds to the light and the feeling of spaciousness. Here you have the two windows pouring light right over the table. Opposite is a big space that will accommodate a buffet.

The kitchen is an unusually compact, convenient workroom. Standing at the sink you are close to the window and the table. The grade entrance is a modern improvement that you will like better the longer you live in the house. Fine for carrying things between basement and yard and makes the kitchen easier to heat.

There is a closet off each bedroom. The bathroom in Plan No. 9030 is between the bedrooms. Rooms are 9 feet from floor to ceiling.

**Basement** Excavated basement under the entire house 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside; your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed seventeen years.

FLOOR PLAN. No. 7030.

Kitchen showing cabinets we furnish with No. 9030.

### OPTIONS

Sheet Plaster and Plaster Finish, instead of wood lath, \$91.00 extra for No. 7030 and \$106.00 extra for No. 9030. See page 114.

Oak Doors, Trim and Floors in living room and dining room, instead of yellow pine, \$124.00 extra.

Maple Flooring for kitchen, pantry and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$46.00 extra.

Screen Doors and Windows, black wire, \$27.00 extra for No. 7030 and \$30.00 extra for No. 9030; galvanized wire, \$30.00 extra for No. 7030 and \$31.00 extra for No. 9030.

If Mantel is not wanted, deduct \$52.00.

This house can be built on a lot 28 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Prices Include Plans and Specifications.

# FOUR ROOMS AND BATH

At the price quoted we will furnish all the material to build this four-room cottage, consisting of mill work, lumber, lath, Fire-Chief Shingle Roll Roofing, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, kitchen cabinet, medicine case and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$3,250.00. See page B in front of book.

Honor Bill

## The Olivia

No. 7028 "Already Cut" and Fitted.  
\$1,203<sup>00</sup>

**Y**EARS of study devoted to making the most of every inch of space in a small house have resulted in the Olivia. It is simply astonishing how convenient this house is. Look over the floor plan and judge for yourself. This house can be built with the rooms reversed as shown in the small floor plan. See also page 3.

See Description of "Honor Bill" Houses on page 7.

**Main Floor** The living room has windows on two sides and long spaces against the walls for furniture. The kitchen is of good size, with sink near stove—a great step saver. On the opposite side there is a fine cabinet. Next to the stove is cased opening and five long shelves for culinary utensils. The rear door leads down three steps to the landing, where there is a space for the refrigerator. Directly off the kitchen is a large closet. The table can stand under the two windows. The two bedrooms and bath are off the hall. Each bedroom has a long closet. There are two windows in each bedroom and plenty of room for furniture. Rooms are 8 feet 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121. Built on a concrete foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed 17 years.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$98.00 extra. See page 114.

Maple Flooring for kitchen and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$43.00 extra.

Screen Doors and Windows, black wire, \$27.00 extra; galvanized wire, \$30.00 extra.

This house can be built on a lot 28 feet wide.

This shows how the rooms will be arranged if the house is built reversed. See page 3.

Cabinets Furnished in Kitchen.

# FIVE ROOMS, BATH AND PORCH

Honor Bilt

## The Starlight

No. 7009 "Already Cut" and Fitted.

**\$1,432<sup>00</sup>**

At the price quoted we will furnish all the material to build this five-room bungalow, consisting of mill work, medicine case, lumber, lath, shingles, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,200.00. See page B in front of book.

See Description of  
"Honor Bilt" Houses  
on Page 7.

built. As will be seen by the floor plan, the porch extends across the entire front of the house. Five rooms, also pantry and bathroom, all of good size, make this house quite convenient for the average family desiring to own a home at small cost.

**Main Floor** The front door is 1 3/4 inches thick, glazed with double strength glass. The living room and dining room are connected by a large cased opening. Each bedroom has a closet. All rooms are well lighted by good size windows. Colonial windows for the front.

Paint for three coats outside, your choice of color. Varnish and wood filler for two coats of interior finish. Stratford Design hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has fir edge grain flooring.

Basement under entire house, 7 feet high.

Built on a concrete block foundation; No. 1 yellow pine framing lumber. Sided with narrow bevel clear cypress siding. Best grade of thick cedar shingles furnished for the roof. Height of rooms, 9 feet from floor to ceiling.

### OPTIONS.

Sheet Plaster and Plaster Finish to take the place of wood lath, \$120.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles, \$26.00 extra.

Fire-Chief Shingle Roll Roofing, Red or Sea Green in color, instead of wood shingles, \$12.00 less.

Oak Doors, Trim and Floors in living and dining room, instead of yellow pine, \$79.00 extra.

Maple Flooring for kitchen, pantry and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$54.00 extra.

Screen Doors and Windows, black wire, \$24.00 extra; galvanized wire, \$26.00 extra.

This house can be built on a lot 30 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

This house can be built with the rooms reversed, see page 3.

*The Dining Room*

*The Living Room*

A LOW priced bungalow can be made attractive, inviting and comfortable in its interior. Our Starlight Modern Home, the living room and dining room of which we illustrate on this page, makes a little home of which, with the correct treatment, any family can justly be proud.

People who have built our houses express themselves as being amazed not only at their low cost,

but also at the ease and small expense of furnishing them. Our part in enriching the interior of this bungalow consists in furnishing high grade flooring, casing and moldings. The owner and the housewife can do their part in the remainder of the furnishing, consisting of the lighting, decorating and furniture. To produce proper satisfactory results, a modest sum only is required. Our co-operation is yours for the asking.

THE STARLIGHT  
as it looks when  
furnished.

Interior view of THE  
STARLIGHT.

THE STARLIGHT "Honor Bilt" Modern Home is such a popular design, and our customers have written so enthusiastically about the fine arrangement of rooms, that we have made this special drawing to give you a better idea of the splendid interior.

The women folks will find it interesting to study this plan very carefully. It shows how we have planned all the rooms to save steps for the housewife, and for a convenient arrangement of the furniture, without interfering with the doors and windows. It shows the liberal space we have allowed in all the rooms, even after full sized furniture has been set in place.

At our Low Price THE STARLIGHT is a truly remarkable bungalow that will bring lasting happiness to its owner.

## Over Six Hundred STARLIGHTS Now Built.

Happy Owners Write Us Letters  
Like These Constantly.

"We are very much pleased with our Starlight 'Honor Bilt' Modern Home. It is satisfactory in every way."

"We are very much pleased with our new Starlight bungalow. Material was extra fine. We saved about \$500.00."

"You can put me down as a booster for your Starlight 'Honor Bilt' Modern Home."

"I saved \$300.00 in putting up THE STARLIGHT Already Cut House."

"We are surely pleased with our STARLIGHT Modern Home."

# EIGHT ROOMS AND BATH

At the price quoted we will furnish all the material to build this house, consisting of lumber, lath, roofing, mill work, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, medicine case and painting material. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL material and ALL labor** for \$4,500.00, and \$5,100.00 with finished upstairs. See page B in front of book.

**Honor Bill**

*The Vallonia*  
No. 13049 "Already Cut" and Fitted  
**\$1,753<sup>00</sup>**

"Honor Bill" Construction explained on page 7.

FIRST FLOOR PLAN.

**First Floor** The porch will be almost a living room in Summer. It extends entirely across the front of the house. The pretty San Jose door with its divided lights, corresponding with the divided lights in the windows on either side of it, leads to the large light living room. The dining room is large, pleasant and well lighted. Bedrooms, bath, closets and attic stairs—none of these open off the living rooms, yet they are quickly reached. Both bedrooms are of good size, permitting much leeway in the arrangement of furniture. The kitchen is a model for convenience and saving in time and labor.

This house can be built with the attic stairs leading up from the dining room, if preferred, by moving stairs forward and leaving out the living room closet.

**Second Floor** We will furnish material for three bedrooms and three closets on second floor, as shown in floor plan at the right, with single floor for \$325.00 extra.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two-panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass; set in with best grade of putty.

Built on a concrete and brick foundation and excavated under entire house. We furnish clear cypress siding and extra heavy Fire-Chief Roofing; framing lumber of No. 1 quality yellow pine. Fir porch floor.

**Height of Ceilings** Basement, 7 feet from floor to joists, 8 feet 2 inches from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$132.00 extra; with second floor, \$213.00. See page 114.

Oak Doors, Trim and Floors for living room and dining room, \$103.00 extra.

Clear Maple Flooring furnished for kitchen, pantry and bathroom, instead of yellow pine, no extra charge.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

**Our Guarantee Protects You—Order Your House From This Book**  
Price Includes Plans and Specifications.

Finished Second Floor Plan, \$325.00 Extra.

This house can be built with the rooms reversed. See page 3.

BATHROOM.

Storm Doors and Windows, \$50.00 extra. Screen Doors and Windows, black wire, \$27.00 extra; galvanized wire, \$30.00 extra.

This house can be furnished with the stairs leading from the dining room instead of from the kitchen, by omitting the closet in the living room and making the pantry larger, for \$10.00 less.

This house can be built on a lot 32 feet wide.

# HERE'S THE PROOF!

These letters, written by people who have built our houses, prove that THE "HONOR BILT" SYSTEM SAVES MONEY, TIME and MATERIAL and INSURES A SUBSTANTIAL HIGH GRADE HOME.

## Certified Testimony of the Actual Saving by the "Honor Bilt" System

In order to tell our customers truthfully and accurately the saving it is possible to make by the "HONOR BILT" ALREADY CUT SYSTEM as compared with the old style method of cutting and fitting the material on the job, we are printing herewith, and on pages 8 and 9, the results of the experiences of Mr. J. M. Coleman, Cairo, Illinois, completed as recently as August 2, 1921.

This man built two houses exactly the same design and under the same weather conditions. One of the houses was built with lumber and mill work furnished in regular lengths and sizes, requiring all the calculating, measuring, cutting and fitting to be done on the job. The lumber and mill work for the other house was furnished ALREADY CUT AND FITTED according to the "HONOR BILT" SYSTEM. The affidavit printed below to the right shows the result—A SAVING BY THE "HONOR BILT" ALREADY CUT SYSTEM OF 231½ HOURS OR 40 PER CENT IN THE CARPENTER LABOR. Here is actual proof of the simplicity of the "Honor Bilt" System and the saving to be made by this method.

While many of our customers build "Honor Bilt" Already Cut houses themselves, as shown by the letters reproduced on this page, still we have found that the best results are obtained where one man familiar with building is employed to direct the work of the others not familiar with plans and building construction. Be sure to turn to pages 8 and 9.

### "I Saved \$800.00"

Box 216,  
Wheatland, Penna.

Sears, Roebuck And Co.

Gentlemen:

I am proud of my house, and did most of the work on it myself, as the blue prints are like reading a book.

Allowing myself \$500.00 for my own labor, I figured I saved \$800.00 on the complete house. I think the Ready Cut System is the only way to build.

Yours truly,  
J. D. Stillwagon

### "All Material Went Together Nicely"

Trumbull, Nebr.

Sears, Roebuck And Co.

Gentlemen:

I am very well pleased with my Already Cut House bought of you. All the material went together nicely. In fact, I wish I had another house to put up this summer. I really enjoyed working on such a building, and I do not follow the carpenter trade either.

Yours truly,  
A. L. Hunter

### AFFIDAVIT.

STATE OF ILLINOIS }  
PULASKI County, } ss.

On this 2nd day of August A. D. 1921 before me L. H. Read, Notary Public, Within and for the County and State Aforesaid personally came and appeared J. M. Coleman of the City of Cairo, County of Alexander in the State of Illinois, who being by me dully sworn according to law, on oath, declares that Beginning July 8th, 1921 two like houses were erected as shown on the accompanying photographs, one house being furnished with framing already cut and fitted, doors mortised and inside door and window trim already cut and fitted, the material for the other house being furnished in lengths not cut or fitted. The already cut and fitted house was completely erected and finished with 352 hours carpenter labor and the house furnished with material not cut or fitted was completed with 583½ hours carpenter labor. The accompanying photographs show the true progress of the work and waste material. Both houses being erected under the same weather conditions.

(Signed) J. M. Coleman.

Subscribed and sworn to before me in and for the County and State aforesaid, this 2nd day of August A.D. 1921.

(Signed) L. H. Read,  
Notary Public.

(Sealed)  
L. H. Read  
Notary Public  
Pulaski County,  
Illinois.

### "I Built Already Cut House Myself"

Elma, Iowa.  
Route No. 2

Sears, Roebuck And Co.

Gentlemen:

I built my Already Cut House all myself with a 15 year old boy to help me. We were able to follow the plans fine. I put all the millwork in the house myself. This is the first time I ever built a house. I know if the house were not Already Cut, I could not have put it up.

Yours truly,  
W. P. Brockney

### "I Did Not Hire Any Help"

Traverse City, Mich.  
R F D 6, Box 90.

Sears, Roebuck And Co.

Gentlemen:

I figure I saved about one-half in getting the Already Cut house of you. I did not need to hire any help and did all the work myself.

Yours truly,  
Henry Fitch

### "My Two Sons Built It All Alone"

Northfield, Minn..  
915 College Ave.

Sears, Roebuck And Co..

Gentlemen:

I am very well satisfied with my Ready Cut House. Everything was O. K. and fitted well. We had no trouble whatever in building. We did not even have a carpenter. My two sons built it all alone from foundation to roof, except plastering the chimney. We had very little experience in building before. I think the Ready Cut Method is the only way to build. It surely saves a large amount of work and time.

Yours truly,  
Henry J. Mueller

Sears, Roebuck And Co.

Gentlemen:

Your Already Cut method is fine. Your working plans are so plain that anybody with any ability at all cannot go wrong. I built most of the house during my spare time, and my carpenter's bill was only \$25.00.

Yours truly,  
Wm. J. Beck

Grand Rapids, Mich.  
109 Banner St. S. W.

### "It's So Easy to Erect the House"

Flint Hill  
Missouri

Sears, Roebuck And Co.

Gentlemen:

Your already cut house is more than satisfactory. It's so easy to erect the house with the accompanying plans, that most anyone can do the work.

If I ever build again, I will surely give you my order.

Yours truly,  
Frank L. Schulte

### "The Quickest Way to Build"

Gravel Switch  
Kentucky

Sears, Roebuck And Co.

Gentlemen:

The already cut method is the quickest way to build a house -- a time saver and a money saver.

Yours truly,  
D. F. Penn

SEARS, ROEBUCK AND CO.

# FIVE ROOMS BATH AND PORCH

**Honor Bilt**

## The Ardara

No. 13039 "Already Cut" and Fitted.

**\$2,050.00**  
Without Garage.

**\$2,256.00**  
With Garage.

See Description  
of "Honor  
Bilt"  
Houses on  
Page 7.

At the prices quoted we will furnish all the material to build this five-room house, consisting of lumber, lath, Oriental shingles, mill work, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, medicine case and painting material. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$5,940.00, with Garage; \$5,486.00 without Garage. See page B in front of book.

**THE "Ardara"** is a bungalow that will be recognized at once as possessing many unusually attractive features and conveniences. The artistic treatment of the porch and front windows leaves nothing to be desired. The garage attached to the building itself adds to the general pleasing effect.

**Main Floor** A substantial and artistic Craftsman door, with side lights, opens into the living room, which has cased openings to the den and dining room. From the living room, which is furnished with a closet for coats, a door leads to the basement and garage. From the dining room a door leads to the kitchen, which has a pantry with two sets of shelves. The entry between the kitchen and the rear stoop has space for an ice box. The garage on the left is approached by a door from the central hall and is on a level with the grade. Here another door serves to prevent odors and fumes from reaching any of the rooms above. The basement is entered from platform leading to the garage. Garage is roofed with three layers of asphalt roofing. The rooms are 9 feet from floor to ceiling.

**Basement** An excavated basement under the entire house, 7 feet from floor to joists and lighted with basement sash.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

INTERIOR VIEW OF THE ARDARA.

We want to show you by means of this special drawing what a splendid home you will have when you put up The Ardara. Here you see how carefully we plan all our houses to accommodate plenty of full size furniture without interfering with the doors, windows, radiators, etc. We see to it by actual measurement that your home will be well lighted and thoroughly ventilated by properly locating the windows and doors. Finally we make sure that every inch of floor space is used to the best possible advantage. You get all this service and comfort thrown in without extra charge when you buy one of our "HONOR BILT" Modern Homes.

**Flooring** Clear maple for kitchen, hall, bathroom, entry and pantry. Clear oak for balance of rooms. Built on a concrete block foundation. No. 1 yellow pine frame construction. Sided with clear cypress siding. Fifteen-year guaranteed Oriental shingles for the roof.

Oak Doors and Trim for living room and dining room and Oak Stairs for \$66.00 extra.  
This house can be built on a lot 40 feet wide.

**TO** THE folks who like a touch of individuality with good taste the Crescent makes a special appeal. The front door and windows have been admirably selected. Seldom, indeed, do you find a more inviting entrance than we provide for this house. Your choice of two floor plans as shown.

**Main Floor** The large living room and dining room are connected by means of a wide cased opening. The windows in living room and dining room make both of these very well lighted and ventilated. The open stairs present a nice effect in the living room and there is a door at the top of stairs to prevent drafts or cold from the attic. The kitchen is conveniently located and planned to save steps, in which is furnished one of our handy and roomy cabinets. Soiled dishes are carried to the sink merely by pushing the swinging door leading to the kitchen—the sink is right next to the door. The grade entrance of No. 13086 gives access to cellar without going outdoors and keeps mud and Winter winds out of the kitchen. Each bedroom has a generous closet with a door, and room for bedroom furniture, so that beds may be placed away from windows. Rooms on this floor are 9 feet from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for two coats of interior finish. Stratford Design hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two panel, with Windows are made of clear California white

**Honor Bilt**  
*The Martha Washington*  
No. 13080 "Already Cut" and Fitted.  
**\$3,317<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.

THE "MARTHA WASHINGTON" is a design that will delight lovers of the real Colonial type of architecture. The entrance with its Colonial columns, Colonial door and side lights is most inviting and attractive, flanked by the double Colonial windows on either side. The view to the visitor or passerby presents a vision of hospitality and brightness that is characteristic of many famous historical homes. The second story front is in keeping with the balance of the exterior. The pure white wide siding is set off to the best possible advantage by the sea green Oriental shingles and Colonial chimney. Fancy this commodious home set in a landscape as

pictured in the illustration. The red tile approach to the brick porch ornamented with flowers and shrubbery will often prompt you to stand and admire this beautiful creation of the architect's skill. Many a time, too, you will be glad to rest on the rustic seat during the cool Summer evening hours and congratulate yourself upon the selection of a home that reflects refined taste, solid comfort, real economy and good judgment.

Side and Front View of the Martha Washington.

**First Floor** Opening the Colonial door you enter a spacious living room extending the entire width of the house. Directly in front you find a massive brick mantel. To your left is a double bay window with seat and bookcase. To the right an artistic open stairway to the second floor. In this big room you have ample space for a large piano, phonograph, davenport, library table, plenty of chairs, reading lamp and any other articles of furniture you deem necessary for your own comfort and the entertainment of your guests. This room is so well lighted and ventilated that an outside porch is really unnecessary. To the left of the brick mantel is a pair of French doors leading into a fair sized dining room lighted by a pair of double windows, also the two windows to the left forming a bay in which may be placed a commodious buffet.

(Description continued on the opposite page.)

View of Interior, First Floor—The Martha Washington.

View of Interior, Second Floor—The Martha Washington.

## The Martha Washington Completed and Furnished

The Martha Washington is a big, roomy house. All of the rooms are unusually large for a home sold at our very low price.

We have made the two special drawings shown above because we want you to see the extra comfort and unusually convenient arrangement of the Martha Washington. These illustrations show you how your home will look when completed and furnished. Note how spacious the rooms are, even after plenty of full size furniture has been set in place. Consider the comfort and conveniences of the many "HONOR BILT" features—the built-in cabinets, illustrated below, and folding ironing board in kitchen; the window seat, built-in bookcases and massive mantel in the living room; the commodious wardrobe closets adjoining the bedrooms, and the sleeping porch on the second floor.

Much thought and careful study is given to the planning of all of our houses. Every plan is passed upon by women experts. We see to it by actual measurement and tests that the rooms are laid out to accommodate furniture without interfering with doors, windows, radiators, etc. We plan the arrangement of the kitchen to save steps for the housewife. This page illustrates the care we take to make sure your home will be entirely comfortable and architecturally correct in every detail.

### Description of the Martha Washington—Continued.

To the rear right end of the dining room a door leads to the kitchen which is fitted with all modern conveniences, including our new kitchen cupboard, enameled tile drain board and splash back, sink furnished as illustrated below. For other plumbing items see pages 128 and 129. This cupboard has a series of compartments, both under and above the kitchen sink proper. Look at the illustration below and judge for yourself how attractive, bright and sanitary we have made this home for the housewife. In this modern kitchen you will find a disappearing ironing board, a convenient enameled swinging seat under the kitchen sink which is furnished according to the illustration below. There is plenty of space for the range and a work table. A door opens on the right to a stair landing leading to the second floor. Here you will find a convenient closet. Another door in the kitchen leads to the grade entrance where there is space for a good size ice box and stairway to the basement. Height of rooms, 9 feet from floor to ceiling.

### A Kitchen De Luxe.

Here is the last word in convenience and sanitary comfort. What a clean, bright and cheerful atmosphere this high grade combination sink and cupboard creates!

**Second Floor** There are three nice size bedrooms, bathroom and sleeping porch on this floor. The sleeping porch has plenty of room for two beds, usable during the Winter as well as the Summer. In the two front bedrooms the windows are so arranged that a dresser can be placed in the corner of each bedroom with a window directly over it. This is a convenience that will be appreciated. The front and rear bedrooms in the left have commodious wardrobe closets. See our No. 9265 on page 58 of this book. The bathroom is convenient to all rooms and there is a handy linen closet off the hall. The lighting and ventilating arrangement on this floor is perfect. Don't forget the added comfort and healthfulness of the sleeping porch during the hot Summer nights. Height of rooms on this floor, 8 feet 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house, 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors on the first floor are one-panel fir and on the second floor two-panel yellow pine, with clear yellow pine trim to match. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside, your choice of color. Wood filler, stain and white enamel for interior finish. The trim in the dining room, living room and bedrooms is specified to be white enamel, with doors stained a rich mahogany color and stairs finished to match. Chicago Design hardware, see page 120.

Built on a concrete and brick foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Oriental Shingles, guaranteed for fifteen years.

**Flooring** Clear oak for living room and dining room. Clear yellow pine for second floor, tile for kitchen and bathroom.

### OPTIONS

**Sheet Plaster and Plaster Finish instead of wood lath, \$187.00 extra.** See page 114.

**Oak Doors, Trim and Floors in living room, dining room and stairs instead of yellow pine, \$149.00 extra.**

# FIVE ROOMS AND SLEEPING PORCH

Honor Bilt

## The Del Rey

No. 13065 "Already Cut" and Fitted.  
\$2,146<sup>00</sup>

See Description of "Honor Bilt" Houses on page 7.

At the price quoted we will furnish all the material to build this five-room cottage, consisting of mill work, lumber, lath, Roma-Tile Roofing, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, medicine case, kitchen case, bookcases, screen for screened porch, mantel and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,940.00. See page B in front of book.

**WITH** its Roma-Tile Roof, handsome entrance and French front door and windows, the Del Rey spells "Welcome" as plainly as modern architecture can make it.

**Main Floor** Nothing tells more of the character of a house than the entrance. There is no disappointment in this case, for the living room proves to be all that is expected. Its hospitable atmosphere is due to its large size, to the flood of light pouring in through the door and many pretty windows, and to the attractive fireplace on the right, flanked by bookcases. Notice the good wall spaces for furniture. French doors lead to the big dining room.

The dining room is just as interesting as the living room and fully as light and cheerful with two windows, double French doors into the living room and single French door to the screen porch. There is plenty of space for all furniture where it will show to best advantage. Notice how completely the kitchen work is isolated from the living rooms and how entirely out of sight it is. See how it is arranged to save steps and how all the work is near the windows. Space is provided for the refrigerator between the two doors so the iceman cannot track the kitchen floor. Cupboards of the latest design, ample for every purpose, greatly simplify the work and there is plenty of room for an extra table if wanted. Each bedroom has a closet and windows are so arranged that in both rooms there is more than one position in which the bed can be set without being against windows. Both rooms are light and airy. In the front bedroom is a three-compartment wardrobe, with mirror, as illustrated on page 58 (No. 9266). The bathroom is located between the two bedrooms. What may prove to be one of the most delightful spots in the house is the private screened porch. No one passes through it in entering or leaving the house, so it is easy to keep clean and free from mosquitoes. It is available as a Summer breakfast room, as a playroom, as a place for afternoon tea, or as a sleeping porch, there being two entrances to it. By this arrangement it is perfectly practical to use it both day and night all Summer.

Rooms are 9 feet from floor to ceiling.

**Basement** Excavated basement under the entire house 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work shown on pages 118 and 119. Interior doors are two vertical panels with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine with good quality glass set in with best grade of putty.

Brick Mantel and Bookcases in Living Room.

**Flooring** Clear maple for kitchen and bathroom. Clear oak for balance of rooms. Clear edge grain fir for rear porch.

Paint for three coats outside; your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a concrete foundation, No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Roma-Tile Roofing, guaranteed seventeen years.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$144.00 extra. See Page 114.

Oak Doors, and Trim in living room and dining room, instead of yellow pine, \$143.00 extra.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$92.00 extra. See page 114.  
Clear Maple Flooring furnished for kitchen and bathroom, instead of yellow pine, no extra charge.  
Storm Doors and Windows, \$38.00 extra.  
Screen Doors and Windows, black wire, \$23.00 extra; galvanized wire, \$26.00 extra.  
This house can be built on a lot 27 feet wide.

For Prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.  
Our Guarantee Protects You—Order Your House From This Book.  
Price Includes Plans and Specifications.

IT IS hardly necessary to say that this is a most attractive little home. The illustration proves it beyond a doubt. Furthermore, the price is also attractive. Much thought and expert advice have been expended in designing an exterior that will make this bungalow appeal to lovers of artistic homes, while the floor plan appeals to all people desiring the utmost economy in space. This plan is very popular with our customers, as proved by the sales of other houses with a similar arrangement. If you have only a moderate amount to expend on your home and wish to secure the biggest value for your money with the greatest results in comfort, convenience and attractiveness, you can make no mistake in purchasing this house.

**Main Floor** A glazed front door opens into the living room. A door leads from the living room to front bedroom, and door leads from the dining room to the kitchen. Other doors lead into the rear bedroom and the bathroom, which has medicine case. Two good size closets with cased openings. Rooms are 9 feet from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete block foundation, excavated basement. "Honor Bilt" frame construction and sided with narrow bevel clear cypress siding. All framing timbers are of No. 1 quality yellow pine.

INTERIOR VIEW—THE RODESSA.

This view shows the Rodessa ready for you to move in. See how the large front room is used to very good advantage as a living and dining room combined. Our customers find this arrangement very comfortable; in fact, the Rodessa is now one of our best sellers and at the price quoted one of the biggest bargains in this book.

# THE SLEEPING PORCH

## Sleeping Porch

**T**HIS much desired feature in the modern bungalow is located in the rear of the back bedroom, as shown in the floor plan. In the hot, stuffy Summer nights it will be pleasant and healthful.

C. F. Bare, New Cumberland, Penna., built "The Osborn" Modern Home in 1918. He says: "Carpenters were well pleased with the material and astonished at the way everything fitted. They said I saved at least \$500.00 on the price of material. I consider I saved nearly \$700.00 on the material and carpenter work."

## Description of the Osborn Modern Home No. 12050 Shown on Opposite Page

At the price quoted on the opposite page we will furnish all the material to build the Osborn bungalow, consisting of mill work, lumber, lath, shingles, flooring, porch ceiling, finishing lumber, buffet, kitchen cupboards, medicine case, colonnade, building paper, eaves trough, down spout, sash weights, mantel, hardware and painting material. No extras, as we guarantee enough material to build this bungalow. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$6,556.00. See page B in front of book.

**B**UNGALOW authorities agree that this style of architecture has come to stay. They claim that as the years go by the bungalow will be even in more demand than at the present time, and should one wish to sell he will have little difficulty in finding a buyer if his building is constructed along the new lines. While the bungalow on the opposite page is neither extreme nor extravagant, it has all the earmarks of a cozy, well planned, artistic home. The stucco work of the porches, with red brick coping, the gables and chimneys, at once draw the attention of the passerby. Then, again, the Craftsman front door and Colonial windows still further enhance the bungalow effect.

**Main Floor** The living room in this bungalow extends the entire width of the house, with a brick mantel at one end of the room. We furnish a window seat with hinged cover in which many articles can be stored. At each side of the window seat closets are provided. A bookcase colonnade leads into the dining room, which has a beamed ceiling, buffet, plate rail and panel strips. French doors lead from the dining room to a private side porch. Directly back of the dining room is the kitchen, for which we specify two cupboards, which make a pantry unnecessary. The two bedrooms and bathroom are entered by a hall off the dining room. In the rear of the back bedroom is the much desired screened sleeping porch.

**Basement** Excavated basement under the entire house, lighted with cellar sash on three sides. Porch walls are of brick and stucco.

**Height of Ceilings** Basement, 7 feet high from concrete floor to joists. Rooms on the main floor are 9 feet high.

### OPTIONS

- Sheet Plaster and Plaster Finish to take the place of wood lath, \$141.00 extra. See page 114.
- Oriental Asphalt Shingles, instead of wood shingles for the roof, \$45.00 extra.
- Oak Doors and Trim for Living Room and Dining Room, \$148.00 extra.
- Storm Doors and Windows, \$50.00 extra.
- Screen Doors and Windows, black wire, \$42.00 extra; galvanized wire, \$44.00 extra.
- If Mantel is not wanted, \$33.00 less.
- Tile Floor for Bathroom, instead of wood, \$15.00 extra. Can be built on a lot 42 feet wide.

Built at New Cumberland, Penna., Morton, Penna., and a number of other cities.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors one panel fir with clear yellow pine trim, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

**Flooring** Clear maple for kitchen and bathroom; clear edge grain fir for sleeping porch; clear oak for balance of rooms.

Paint for three coats outside woodwork; two coats stain for shingles on sides. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

This bungalow is built on a concrete foundation; No. 1 yellow pine frame construction. Sided and roofed with best grade thick red cedar shingles.

**Our Guarantee Protects You—Order Your House From This Book**  
Price Includes Plans and Specifications.

**The HATHAWAY**

No. 3195 "Already Cut" and Fitted.

**Honor Bilt**

**\$1,765<sup>00</sup>**

At the price quoted we will furnish all the material to build this six-room house, consisting of lumber, mill work, lath, Fire-Chief Shingle Roll Roofing, porch ceiling, flooring, finishing lumber, medicine case, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick, plaster or stucco.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,700.00. See page 8 in front of book.

FIRST FLOOR PLAN

AMERICAN tourists in Europe are always favorably impressed by the cottage homes of England. They speak enthusiastically of the appearance of solid comfort they convey and describe them as covered with vines and climbing roses. Most of these English homes are constructed of stone, brick or concrete. Here is a striking example of this style of architecture, in frame construction, made to closely resemble the original by the aid of stucco finish. It makes a home suitable for suburb or country. The treatment is unique and artistic, the result being achieved at comparatively small cost. The ornamental trellised porch is a typical English feature. It is cozy and graceful and the Colonial windows with their flower boxes make this type of house at home in any American community. The proud possessor will quickly avail himself of the special advantages which an artistic grouping of shrubs and flowers will secure. Vines or ivy on the trellis and side walls will transform this house into a bower of beauty.

SECOND FLOOR PLAN

THE HATHAWAY with four rooms, bath and porch is shown on the opposite page in full colors. This design has proved very popular and, in addition, there has been a demand for the same type of house with a dining room added on the first floor and three bedrooms on the second floor. Here you have this arrangement.

**First Floor** The dining room has been provided so that it is convenient to the kitchen and entered from the living room through a cased opening. The small enclosed back porch will be found an added convenience.

**Second Floor** Here you have three well arranged bedrooms with plenty of good closet room and bath conveniently located.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Built on concrete and brick foundation; No. 1 yellow pine framing lumber. Stucco siding and Fire-Chief Shingle Roll Roofing, guaranteed for 17 years.

Paint for three coats outside, your choice of color. Varnish and wood filler for two coats of interior finish. Stratford design hardware, see page 121.

Excavated cellar, 7 feet from floor to joists.

First floor, 8 feet 2 inches from floor to ceiling. Second floor, 8 feet 2 inches from floor to ceiling.

## OPTIONS.

Sheet plaster and plaster finish to take the place of wood lath, \$150.00 extra. See page 114.

Price Includes Plans and Specifications.

## The HATHAWAY

No. 3082 "Already Cut" and Fitted.  
No. 3082G "Already Cut" and Fitted.

Honor Bill

\$1,550<sup>00</sup>

At the price quoted we will furnish all the material to build this four-room cottage, consisting of mill work, lumber, lath, Fire-Chief Roofing, porch ceiling, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

See Description of "Honor Bill" Houses on Page 7.

FIRST FLOOR PLAN.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,250.00.

**H**ERE you have The Hathaway with four rooms, breakfast alcove and bathroom. This neat design will please those who need a smaller house than the one shown on the opposite page.

**First Floor** A door from the trellised porch leads into the good size living room in which there is an open stairway to the second floor. The living room has ample space for piano, davenport, phonograph, table, reading lamp, chairs and other necessary articles of furniture. It is lighted by four windows, two in the front and two on the side. A swinging door leads into the kitchen which has the popular breakfast alcove, lighted by a good size window. In this kitchen there is also a large, well lighted pantry which has space for a refrigerator. The kitchen has three windows, two on the right side and one in the rear. This is a kitchen that the housewife will be proud of, as there is plenty of space for work and the breakfast alcove is handy to the range, sink and work table. Height of rooms, 8 feet 2 inches from floor to ceiling.

**Second Floor** There are two nice bedrooms with large closets and bathroom and linen closet off the hall on this floor. Bathroom has shelves for towels. Both bedrooms are well lighted and ventilated. The flower boxes on the outside lend an air of cheerfulness and brightness to the rooms during the Spring, Summer and Fall months. Rooms are 8 feet 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house, 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine with good quality glass set in with best grade of putty.

Paint for three coats outside; your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete and brick foundation; No. 1 yellow pine framing lumber. Sided with stucco. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed for seventeen years.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$130.00 extra. See page 114.

Clear Maple Flooring furnished for kitchen, pantry, breakfast alcove and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$53.00 extra.

Screen Doors and Windows, black wire, \$32.00 extra; galvanized wire, \$36.00 extra.

This house can be built on a lot 27 feet wide.

Clear bevel cypress siding instead of stucco, \$86.00 extra.

SECOND FLOOR PLAN.

THE BREAKFAST ALCOVE.

The Hathaway can also be furnished with straight gables as illustrated here at the same price quoted above. If house is wanted with straight gables, mention No. 3082G.

SEARS, ROEBUCK AND CO.

## The ARGYLE

No. 17018 "Already Cut" and Fitted.

Honor Bilt

\$1,993<sup>00</sup>

See Description  
of "Honor  
Bilt" Houses  
on Page 7.

Built at  
Hellertown,  
Penna.,  
Toledo, Ohio,  
Detroit,  
Mich.,  
Bridgeport,  
Conn.,  
Garvin,  
Minn.,  
Niagara  
Falls, N. Y.  
Rantoul, Ill.

Dining room shown with five-  
cross panel doors but regularly  
furnished with two vertical panel  
doors.

**T**HE ARGYLE Modern Home is a bungalow whose exterior appearance suggests extra fine interior arrangement and furnishings. The front elevation, as you glance at it, bespeaks richness and comfort on the inside. A glance at the illustrations of the living room and dining room proves this conclusively. Note the bookcase colonnade, the beamed ceiling, the massive brick mantel with the built-in bookcase on the side.

Note also the extra depth of the living room and dining room, nearly 30 feet long. "A \$6,000.00 house," you might say, and you would not be very far wrong, if it were built in the ordinary way. Yet by our modern merchandising methods we are able to furnish the materials so that you can build it for a great deal less.

Read Complete Description on the Opposite Page.

*View of Living Room*  
Shows Mantel, Seat and Bookcase.

*A Sanitary Bathroom*

*A Dainty Bedroom*

This house can be built with the rooms reversed. See page 3.

## Description of the Argyle Modern Home No. 7018, Shown on Opposite Page

At the price quoted on the opposite page we will furnish all the material to build this five-room bungalow, consisting of mill work, lumber, lath, shingles, flooring, porch ceiling, finishing lumber, seats, medicine case, bookcase, colonnade, mantel, kitchen cupboards, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this bungalow. Price does not include cement, brick, plaster or stonekote.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor for \$4,970.00. See page B in front of book.

**IF YOU** are looking for a home in the bungalow style that will not be too extreme and yet entirely different from a cottage, we recommend the design shown on the opposite page. It is a neat, well arranged, solidly constructed home, pretty without being too showy, not too large or too small, but just suitable for the average family. We have condensed in this plan as much actual accommodation and more convenience than is usually found in a six or seven-room two-story house. Much room is saved by the built-in fixtures which do away with the necessity of purchasing four bulky pieces of furniture, namely, bookcase, kitchen cabinets and settee. These fixtures, with the beamed ceiling and paneled walls, give you a home partly furnished.

**Floor Plan** From the porch, with its distinctively bungalow porch rail, you enter the living room, which has a rustic brick mantel. On one side of this mantel is provided a bookcase and on the other a seat with hinged cover, making a receptacle where many articles can be stored away. A colonnade with china cabinet or bookcase separates the living room and dining room. Dining room has paneled walls. In the kitchen there are three spacious cupboards which take the place of a pantry and make work much easier. A hall separates the two bedrooms and bathroom from living room and dining room. Linen and coat closets in the hall. The front door is glazed with bevel plate glass. Paint for three coats outside. Stain for two brush coats for shingles on sides. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

**Basement** Excavated basement with concrete floor.

**Flooring** Clear maple for kitchen and bathroom. Clear oak for balance of rooms. Clear edge grain fir for porch.

Can be built on a lot 32 feet wide.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$118.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles for roof, \$28.00 extra.

Oak Doors and Trim in living room and dining room, instead of yellow pine, \$107.00 extra.

Furnished with Cypress Bevel Siding, instead of shingles on sides, \$80.00 extra.

Storm Doors and Windows, \$57.00 extra.

Screen Doors and Windows, black wire, \$33.00 extra; galvanized wire, \$36.00 extra. If Mantel is not wanted, deduct \$44.00.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Saved \$1,500.00 on a Modern Home. West McHenry, Ill.

Gentlemen:—We are in our new house, or bungalow, and are greatly pleased with everything. We feel that you have saved us \$1,500.00 on our materials, and you have shown us every courtesy that a seller could have shown a buyer.

Very respectfully,  
AUGUST M. SCHILLER.

**Height of Ceilings** The basement is 7 feet high from floor to joists, and the rooms on the main floor are 8 feet 2 inches from the floor to the ceiling. This bungalow is built on a concrete foundation and is of No. 1 yellow pine frame construction. Sided and roofed with best grade thick red cedar shingles, except gables, which are sided with stonekote, applied on metal lath.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two vertical panel, with yellow pine trim, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

At the prices quoted we will furnish all the material to build this four-room house, consisting of lumber, lath, Fire-Chief shingle roll roofing, mill work, flooring, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade pipeless furnace, sink, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$2,298.00 for 2044B and \$2,068.00 for 2043B. See page B in front of book.

**A**LMOST anybody can own a home when the materials are furnished for these remarkably low prices. This is particularly true when, as in the present instance, the material comes already cut and fitted. This reduces the cost of expert labor. Has good wood sheathing under the narrow bevel siding and when built according to our specifications will be warm enough for any climate. The trellised porch gives it a finished appearance, and the Fire-Chief Shingle Roll Roofing, which we furnish in either dark red or sea green color, gives you roof protection, either from paint or stain bills, for more than seventeen years.

**Main Floor** There are four good size rooms in this house, all well lighted and properly ventilated. A substantial glazed door leads from the porch into the living room, from which doors lead to the front bedroom and kitchen. Another door leads from the kitchen to the rear bedroom. Rooms are 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Basement under entire house, 7 feet high.

Built on a concrete block foundation, frame construction and sided with narrow bevel clear cypress siding. Fire-Chief Shingle Roll Roofing for the roof, guaranteed for seventeen years.

# FOUR ROOMS AND BATH

See page 106 for this design furnished in sections for Summer cottage use.

Honor Bill

*The Betsy Ross*  
No. 3089 "Already Cut" and Fitted.  
**\$1,504<sup>00</sup>**

At the price quoted we will furnish all the material to build this four-room cottage, consisting of mill work, lumber, lath, Fire-Chief Shingle Roll Roofing, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, kitchen cabinet, medicine case and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade pipeless furnace, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$4,340.00. See page B in front of book.

FLOOR PLAN.  
This house can be built with the rooms reversed. See page 3.

**THE BETSY ROSS** combines the charm of the pure Colonial exterior with all the comforts and economies of the up to date bungalow. Perfect proportions and balance, wide siding and the fine entrance are true to the Colonial type. When painted white with green shutters and window boxes and set off with the red and white of the brickwork, what could be more delightful?

**Main Floor** The best of all the good points about the interior is the splendid arrangement of the rooms. One is surprised to see how large and sunny the living room is. In one end of this 18-foot room is a handsome brick mantel and two French windows. At the opposite end is a big closet. Remarkably long wall spaces permit almost any arrangement of furniture.

Either of the bedrooms can be used as a dining room, although a dining room is not really necessary here, as there is a large breakfast alcove pleasantly situated near a casement window.

Both bedrooms are of good size, with cross ventilation and good closets. The kitchen also has cross ventilation and permits doing the work quickly—everything is so handy. Besides our fine built-in kitchen cabinet, as shown on page 58, there is space on the landing for storage, or a refrigerator with shelves above.

Rooms, 9 feet from floor to ceiling.

Notice the light, cool location of the built-in ironing board, see the broom closet off the bathroom and the well lighted cellar stairway and grade entrance, which keeps the kitchen clean and makes it easy to heat. Then think of the three big closets, the well located bathroom, the built-in features, the good size rooms with their many windows, an inside way to the basement, and last but not least, the charming Colonial exterior. Wouldn't you be proud of such a home?

**Basement.** Excavated basement under the entire house, 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121. Built on a concrete foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed seventeen years.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$111.00 extra. See page 114.

Maple Flooring for kitchen and bathroom, instead of yellow pine, no extra charge.

Price Includes Plans and Specifications.

SIDE VIEW OF THE BETSY ROSS.

# SIX ROOMS BATH AND PORCH

At the price quoted we will furnish all the material to build this six-room house, consisting of lumber, lath, shingles, mill work, medicine case, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, ironing board, kitchen cupboard, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with plumbing, high grade warm air heating plant, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,888.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

FIRST FLOOR PLAN.

**A** COMFORTABLE, well planned home of the popular Dutch Colonial type, which can be built on a 30-foot lot.

**First Floor** From the big living room, which extends across the front of the house, with its five windows and attractive stairway and wardrobe, French doors lead to the dining room. Here, in addition to the two windows at the side, is another long narrow window above the space for the buffet on the back wall. The kitchen also has light and air from two sides and is very conveniently arranged. Besides the built-in folding ironing board, roomy cupboards are furnished on each side of the window with space for refrigerator underneath on one side. Under the back kitchen window is furnished a long work table, beneath which are provided five good drawers and one more cupboard for pots, pans, brushes, etc.

The grade entrance at the side keeps the kitchen clean and warm and makes it easy to reach the basement from the yard or kitchen.

**Second Floor** The bathroom is at the head of the stairs. There are three bedrooms, each well lighted and ventilated with two or more windows. Good size closets are provided for each bedroom, besides the linen closet off the hall.

SECOND FLOOR PLAN.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two-panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Built on a concrete and brick foundation and excavated under entire house. We furnish clear cypress siding and best grade of

thick cedar shingles; framing lumber of No. 1 quality yellow pine. **Height of Ceilings** Basement, 7 feet from floor to joists, with concrete floor. First floor, 9 feet from floor to ceiling. Second floor, 8 ft. 2 in. from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

## OPTIONS.

Sheet Plaster and Plaster Finish to take the place of wood lath, \$158.00 extra. See page 114.

Oak Doors, Trim and Floors in living room, dining room and stairs, instead of yellow pine, \$168.00 extra.

Maple Flooring for kitchen and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$75.00 extra.

Screen Doors and Windows, black wire, \$45.00 extra; galvanized wire, \$48.00 extra.

**Honor Bilt**

## The Haven

No. 3088 "Already Cut" and Fitted.

**\$1,584<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.

At the price quoted we will furnish all the material to build this seven-room house, consisting of lumber, lath, shingles, roofing, mill work, kitchen cabinet, medicine case, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$3,878.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

**THE** last word in economy of space and material. Think of an "HONOR BILT" home with seven rooms, bathroom and big porch at our low price. Colonial windows, massive porch columns and attractive window boxes combine to make the exterior very pleasing.

**First Floor** 18-foot living room with large windows on three sides and a stairway to second floor. Good wall spaces for all furniture. Good size dining room has three full size windows. Kitchen conveniently adjoins dining room with especially good arrangement.

We include our roomy and sanitary kitchen cabinet shown on page 58. Sink is equally near the cabinet and stove, saving many steps.

A modern grade entrance at the side of the house insures a clean and warm kitchen. Space provided for ice box at entrance with space above for shelves. Well lighted inside stairway leads to basement under entire house.

**Second Floor** Four separate bedrooms and a bathroom open off the hall. A study of the floor plans will show how every foot of space is made to count, and how light and well arranged all the rooms are. Note two windows in each bedroom.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Front porch has clear edge grain fir flooring.

Built on a concrete block foundation and excavated under entire house. We furnish clear cypress siding and best grade of thick cedar shingles for the sides and Fire-Chief Shingle Roll Roofing for the roof, guaranteed for 17 years; framing lumber of No. 1 quality yellow pine.

**Height of Ceilings** Basement, 7 feet from floor to joists, with concrete floor. Rooms are 8 feet 2 inches from floor to ceiling. Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$114.00 extra. See page 114. Maple Flooring for kitchen, entry and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$60.00 extra.

Screen Doors and Windows, black wire, \$36.00 extra; galvanized wire, \$39.00 extra.

"Honor  
Bilt" and  
Lighter Built  
Houses  
on Page 7.

We have made this special drawing of the Josephine to give you a good view of this well planned home just as if you were to go into it after it had been built and completely furnished. We want our customers to know what they are going to get for their money. We want them to understand that when we plan a home we take all of their needs and comforts into account. No house design is listed in this Book of Modern Homes until it has been carefully studied and approved by experts, both men and women, who make sure that your home will be comfortable and architecturally correct in every detail.

# FIVE ROOMS~NEAT PORCH

## Honor Bilt

**The Arcadia**  
 No. 2032B "Already Cut" and Fitted,  
**\$911.00**  
 No. 032B Not Cut or Fitted,  
**645.00** Lighter Built.

"Honor Bilt" and Lighter Built Construction Explained on Page 7.

At the prices quoted we will furnish all the material to build this five-room house, consisting of lumber, lath, roofing, mill work, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade pipeless furnace, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$2,520.00 for No. 2032B and \$2,326.00 for No. 032B. See page B in front of book.

**T**HIS inviting little home combines many attractive features with an unusually low price. The arrangement of the porch adds much to the appearance of the house and contributes to the economy in construction. It also provides an unobstructed front view from kitchen, living room and dining room. The dormer window adds much to the appearance of the roof.

This house can be built on a 26-foot lot by putting the front porch steps at the end of porch. Many of our customers who own 26-foot lots are building this house that way.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$75.00 extra.

Storm Doors and Windows, \$29.00 extra.

Screen Doors and Windows, black wire, \$20.00 extra; galvanized wire, \$21.00 extra.

This house can be built on a lot 38 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

The Arcadia No. 2032B has been built at Hamlet, Ind., Cleveland, Ohio, Sheffield, Ill., New Lexington, Ohio, and Niantic, Conn.

**Main Floor** A door on the right hand side as you stand on the porch leads into the dining room, from which a cased opening leads to the living room. From the dining room, doors lead to the kitchen and bedroom. There is a rear entrance to the kitchen and a door leading from the kitchen to the rear bedroom. Rooms are 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Excavated basement under entire house 7 feet high.

Built on a concrete block foundation, frame construction and sided with narrow bevel clear cypress siding. Fire-Chief Shingle Roll Roofing for the roof, guaranteed for seventeen years.

Saved 33 1/3 per Cent on a Modern Home. Hereford, Texas. Gentlemen:—We have now completed our new home, built from your Modern Home Plan. We could not have been better suited by employing a first class architect at many times the cost. We could not have gotten better material anywhere than we got from you, and we have saved on an average 33 1/3 per cent after paying the freight. Very truly yours, C. H. CARL.

Our Guarantee Protects You—Order Your House From This Book

Prices Include Plans and Specifications

# SIX ROOMS AND BATH

At the price quoted we will furnish all the material to build this six-room bungalow, consisting of mill work, medicine case, bookcase colonnade, mantel, kitchen cupboard, lumber, lath, Oriental shingles, siding, porch ceiling, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. No extras, as we guarantee enough material to build this bungalow. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,708.00. See page B in front of book.

**Honor Bilt**

## The Avalon

No. 13048 "Already Cut" and Fitted.

**\$2,280<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.

FLOOR PLAN.

Paint for three coats outside; varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

**FROM** California comes the idea for this delightful bungalow. HONOR BILT construction makes it cozy and warm enough for any part of the country. The architects of California have studied and experimented until they have built houses of this type which are the most beautiful in the world.

**Main Floor** Pleasantly located in the front of the house are both living and dining rooms. Each of these rooms has four pairs of casement sash which can be curtained inexpensively. You will like these windows from the first, but it will take a good hot day in August to show you just how enjoyable it is to be able to throw open your entire windows instead of just half of them, as usual. The bookcases at the opening between the two rooms will not only be attractive in themselves, but will save wall space for other things. Three bedrooms, bathroom, attic stairs and linen closet open off the hall. Each bedroom has two windows and a closet. In each room there is a place where the bed can be set in Winter away from the windows. In the largest bedroom there is room for two double beds and dresser. The bathroom is well arranged and all the plumbing is on one wall. The kitchen is entirely out of sight from the living room and dining room. The sink and cabinet are together and are between the dining room door and the two windows. This means light and air and no steps wasted. The space for the stove is on the adjoining wall where the light will shine directly into the oven and it is only a step or two from the stove to sink. Over the space on the landing, which has been provided for the refrigerator, are shelves which can be made to save trips to the basement, or used for vegetables. The glazed door lights the landing and cellar steps as well as the refrigerator and shelves, and the grade entrance makes the kitchen easier to keep clean and heated. Rooms are 9 feet from floor to ceiling.

Excavated basement under entire house, 7 feet high. Built on a concrete foundation. We furnish our best "Quality Guaranteed" mill work. Interior doors are one-panel fir with yellow pine trim to match, all in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Oriental Slate Surfaced Shingles, guaranteed for 15 years.

**Flooring** Clear maple for kitchen and bathroom  
Clear oak for balance of rooms.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$161.00 extra. See page 114.

**Honor Bilt**

## The Rest

No. 7004 "Already Cut" and Fitted.  
\$1,027<sup>00</sup>

At the price quoted we will furnish all the mill work, flooring, siding, finishing lumber, building paper, eaves trough, down spout, roofing, sash weights, hardware, painting material, lumber and lath to build this four-room house. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, sink, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$2,400.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

THE LIVING ROOM.

**HERE** is a house that is a real bargain in price. For industrial communities, mining towns or for farmers locating in new sections or on claims, this house stands without a peer. This house has been built several times with perfect satisfaction to the owners. It has a double floor, the walls are solidly sheathed and sided with good quality lumber and lined with building paper so as to insure perfect protection against cold weather. (It is "Honor Bilt.") We recommend this design to subdivision owners who want to dispose of their property quickly at a fair price. In industrial centers, where large numbers of men are employed by manufacturing or mining concerns and where it is necessary that they should be located close to their work a number of houses built according to our design illustrated on this page would sell quickly.

**Main Floor** A high grade door opens into the living room. Doors lead from the living room to the front bedroom and kitchen. Door from kitchen to rear bedroom. Good size pantry adjoining kitchen and a closet in each bedroom and kitchen. Rooms are 9 feet from floor to ceiling. Basement, 7 feet high. Lighted by three cellar sash.

Paint for three coats outside, your choice of color. Varnish and wood filler for two coats of interior finish. Stratford Design hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

"Honor Bilt" frame construction; No. 1 yellow pine framing lumber, sided with narrow bevel clear cypress siding. 90-Pound Fire-Chief Shingle Roll Roofing, guaranteed to last for seventeen years. Your choice of color, dark red or sea green. Basement under entire house, 7 feet high.

### OPTIONS

**Sheet Plaster and Plaster Finish to take the place of wood lath, \$92.00 extra. See page 114.**  
**Maple Flooring furnished for kitchen and pantry, instead of yellow pine, no extra charge.**  
**Storm Doors and Windows, \$29.00 extra.**  
**Screen Doors and Windows, black wire, \$18.00 extra; galvanized wire, \$20.00 extra.**  
**This house can be built on a lot 25 feet wide.**

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.

When comparing prices, please consider that this house ("Honor Bilt") has a double floor and is enclosed with good sheathing.

This house has been built at Pekin, Ill., Harper, Kan., Manning, Iowa, Clintonville, Wis., Willow Lake, S. Dak., Huntington, N. Y., Stockport, Ohio, Downers Grove, Ill., Fort Rice, N. Dak., and other cities.

See Description of "Honor Bilt" Houses on Page 7.

We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,050.00. See page B in front of book

Honor Bill

## The Springwood

No. 13078 "Already Cut" and Fitted.

**\$2,089<sup>00</sup>**

**THE Springwood** has an attractive exterior with an interior equally inviting and comfortable.

**Main Floor** The first thing you notice, of course, when you enter the living room is a hospitable mantel, with doors on either side to the two bedrooms. To the right is a private porch. To the left through a cased opening is the dining room with a large and convenient buffet. In the kitchen is the popular breakfast alcove and cupboard. The kitchen entry makes this home workshop comfortable in Winter and cool in Summer. The bathroom is conveniently located between the two bedrooms. Closets in bedrooms have shelves and each bedroom is well lighted and ventilated. Rooms are 8 feet 2 inches from floor to ceiling.

THE LIVING ROOM

**Basement** Excavated basement under the entire house 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two vertical panel, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

**Flooring** Clear maple for kitchen entry and bathroom. Clear oak for balance of rooms.

Paint for three coats outside; your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with best grade thick cedar shingles.

### OPTIONS

FLOOR PLAN.

flat against the wall. The two bedrooms are of good size, light and airy. Rooms are 9 feet from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Front and Side View  
—The Uriel.

**A** NEAT home with five comfortable rooms and bath, conservative and economical. The wonder of the house is how exactly right all the little points are. Grade entrance; space for ice box on same level as kitchen floor; front bedroom and kitchen have cross ventilation; bathroom is entered from a little hallway and not directly from living room, bathroom unusually well arranged; three big closets and all rooms well planned to accommodate furniture.

**Main Floor** The large living room and cheerful dining room are connected by means of a wide cased opening. Opposite the front door with windows grouped about it is a long space against the wall where any handsome large piece of furniture will look attractive. In fact, the living room is one that will be easy to furnish cozily. The dining room also has good places for furniture and is flooded with light. Right at the swinging door leading to the kitchen is the sink with a window beside it, and close by is space for the range. Under the window on the opposite wall a table can stand. Opening the rear door you find a landing where the ice box can stand, and just inside this door is a good size drop shelf where things to be put into the refrigerator can be gathered and all put in at one time, saving ice. The shelf will be useful in many ways and when cleaning the kitchen it can be dropped

on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

### OPTIONS

Furnished with two rooms in the attic, with single floor, \$228.00 extra. See attic floor plan. Sheet Plaster and Plaster Finish to take the place of wood lath, \$112.00 extra; with attic, \$153.00 extra. See page 114. Oak Trim and Floors in living and dining rooms, \$107.00 extra. Honor Bilt

*The Homeville*  
No. 3072 "Already Cut" and Fitted.  
**\$1,854<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.

**THE HOMEVILLE** suggests home and home comfort in every line. That big exposed chimney, even when covered with vines in Summer time, promises security against Winter blasts and easily brings to mind the many enjoyable hours that can be spent seated in front of the brick mantel inside.

The French windows and French door, together with the columned entrance, impart just the right artistic touch. When painted pure white in contrast with red or green Fire-Chief Slate Surfaced Shingle Roll Roofing this little home will be recognized as an architectural gem in any community.

**Main Floor** The front door opens into a hall with clothes closet and shelf. Directly to the left is the big living room with dull red brick mantel. It is well lighted from two sides and has ample space for piano, davenport, phonograph and the other required furniture. A pair of French doors lead to the dining room, which is of good size, as the floor plans indicate. The kitchen is directly in the rear and is arranged for economy in space and labor. From the kitchen, steps lead to the landing and to the basement entrance. The front bedroom is reached by a door from the dining room, and the two rear bedrooms and bathroom are reached through a conveniently located hall. All bedrooms have closets with shelves and generous space for bed and dresser. Rooms are 9 feet from floor to ceiling.

**Basement** The excavated basement is 7 feet high from floor to joists. Lighted by basement sash.

All framing lumber is No. 1 yellow pine. Paint for three coats on the outside, your choice of color. Varnish and wood filler for two coats of interior finish. Chicago Design hardware, see page 120.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in best grade of putty.

Built on a concrete foundation with basement under the entire house. Concrete floor. The roof is covered with Fire-Chief Shingle Roll Roofing.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$161.00 extra. See page 114. Oak Doors, Trim and Floor in vestibule, living room and dining room, instead of yellow pine, \$178.00 extra.

## The Marina

**\$1,594.00** No. 7024 "Already Cut" and Fitted. As shown above.  
**\$1,568.00** No. 2024 "Already Cut" and Fitted. Exterior shown below.

See Description of "Honor Bilt" Houses on Page 7.

At the prices quoted we will furnish all the material to build this five-room house with bath, consisting of mill work, medicine case, flooring, porch ceiling, siding, finishing lumber, kitchen cupboard, building paper, eaves trough, down spout, sash weights, hardware, nails, painting material, roofing, lumber and lath. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$3,902.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

**THIS** house is quite out of the ordinary in many respects. Note the concrete block posts surmounted by graceful wood columns. The paneled stucco porch gable adds much to the appearance and the Fire-Chief Shingle Roll Roofing sets off the house to the best advantage.

**First Floor** A large living room occupies about one-half of the first floor, extending across the entire width of the house. Cased opening between the living room and dining room. Beamed ceiling in the dining room. Door leads from dining room into the kitchen. A stairway leads from the dining room to the second floor. Stairs lead from kitchen to basement. A large cupboard in kitchen serves as a pantry. Rooms are 8 feet 2 inches from floor to ceiling.

**Second Floor** Two good size bedrooms with closet. Each closet has a sash for light and ventilation. Both bedrooms and bathroom are well lighted and ventilated. Rooms are 8 feet from floor to ceiling.

**Basement** Excavated basement under entire house with concrete floor, lighted with basement sash. Height of basement, 7 feet from floor to joists.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

"Honor Bilt" No. 1 yellow pine frame construction, sided with narrow bevel clear cypress siding, 90-Pound Fire-Chief Shingle Roll Roofing for roof, guaranteed for seven-teen years. Concrete block foundation.

This house furnished with exterior as shown in this picture for \$1,568.00. If wanted this way order No. 2024.

Our Guarantee Protects You—Order Your House From This Book.

Prices Include Plans and Specifications.

## *The Living Room*

Needs Only the Musician  
to Make It  
"Home, Sweet Home."

## *The Dining Room*

If You Like Beamed Ceilings  
This Room Will Appeal  
to You.

## *The Kitchen*

**I**N CONSIDERING our prices it will pay you to note carefully the bills of material. For instance, note the big cupboard in the kitchen above. This is furnished by us and makes a pantry unnecessary, thereby saving many steps.

Don't forget that quality of material is of far greater importance than price. Most people build only once in a lifetime and if quality is neglected to make a temporary

saving, the upkeep in a very few years will more than offset the saving in the original cost. From the foundation to the roof, from the framing lumber to the last coat of paint, we guarantee everything that goes into the construction of our "Honor Bilt" Modern Homes to be the best of its kind. We want every purchaser of an "Honor Bilt" Modern Home to be a perfectly satisfied customer and we aim to give him a house that will last for a lifetime.

# SIX ROOMS BATH AND PORCH

FLOOR PLAN.

Our Guarantee Protects You—Order Your House From This Book

Price Includes Plans and Specifications.

**THIS** design embodies strength, dignity and gracefulness. It presents a most pleasing appearance and is of a character that will long retain popular favor.

**Main Floor** The six rooms and bath are well arranged. It is not necessary to enter any of the three bedrooms directly from the main rooms. Ample closets are provided and many of the latest ideas for space utilizers are embodied. The living room is of excellent proportions and well lighted. The fireplace and bookcase colonnade add to comfort as well as beauty. The dining room is flooded with sunshine by the row of windows on the left and with the long wall space opposite these windows you can place a buffet of any size. The kitchen is planned to make the work easy. Only a few steps away from the door to the dining room is the stove. On the landing at the grade entrance just inside the back door, which has a glass, is a space for refrigerator. All bedrooms have two windows and will comfortably accommodate the bedroom furniture. There is a closet with a door in two of the bedrooms, also a coat closet and a linen closet opening off the hall. There is a linen closet in the bathroom. A cedar chest forms the window seat in the front bedroom. Rooms are 9 feet from floor to ceiling.

**Basement** Excavated basement the full size of the bungalow. Has concrete floor and is 7 feet high from floor to joists.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two panel, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Built on a concrete foundation, No. 1 yellow pine construction. Sided with clear cypress siding and roofed with best grade thick cedar shingles over good wood sheathing.

Three coats of paint for outside woodwork; varnish and filler for interior. Chicago Design hardware, see page 120.

**Flooring** Clear maple for kitchen and bathroom. Clear oak for balance of rooms. Cement for porch.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$162.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles, \$51.00 extra.

Oak Trim and Doors for living room and dining room, \$51.00 extra.

Storm Doors and Windows, \$61.00 extra.

Screen Doors and Windows, black wire, \$34.00 extra; galvanized wire, \$36.00 extra.

If Mantel is not wanted, \$49.00 less.

This house can be built on a lot 40 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

# SIX ROOMS AND BATH

## The AMERICUS

No. 13063 "Already Cut" and Fitted.

Honor Bill

\$2,050<sup>00</sup>

At the price quoted we will furnish all the material to build this six-room house, consisting of lumber, lath, mill work, kitchen cabinet, medicine case, flooring, porch ceiling, Roma-Tile Roofing, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$5,200.00. See page B in front of book.

See Description of "Honor Bill" Houses on Page 7.

**HERE** is a fine home that any American can be proud of and be comfortable in. It is a dignified, substantial house that will stand out among its neighbors and never go "out of style." The rooms are all good size and well lighted and ventilated. Lots of big closets just where needed and a kitchen that will save a great many steps.

### First Floor

From the large front porch our handsome GRANT door leads to the big living room, which is of excellent proportions and has good wall space. At the foot of the stairway and opposite the front door a mirror door opens into a large coat closet. It is big enough for folding tables and other conveniences which one likes to keep near the living room. The four big windows in the cheery dining room pour extra light into the living room through a 7-foot cased opening. Here is room enough for a large buffet, as well as for china cabinet, serving table or tea wagon. You push the swinging door into the kitchen and find yourself right at the sink. A couple of steps from the sink is the stove, with good light for oven and top. A big cabinet is in one corner and near the table which is under the window. Now, if you bake, you have everything together, flour in sanitary swinging bins, all utensils and ingredients, without crossing the room once. At the grade entrance and on the same level with the kitchen floor is space for the refrigerator. Over the refrigerator space is a big shelf for things wanted near the kitchen but not used daily. All your work is concentrated on the three walls nearest the dining room. On the other wall is a window and space for table. Notice the grade entrance and the square turn for cellar stairs—no winding stairs. No tradesmen and icemen tracking up your clean kitchen floor, and the kitchen is always warm in Winter. There are windows on two sides. Rooms are 9 feet from floor to ceiling.

### Second Floor

The stairs make a turn and bring you to a small hall from which all rooms and a closet open. A window lights stairs and hall. At the head of the stairs is the bathroom, all plumbing on one wall, and plenty of space for towel rods. At the end of the tub is a generous cupboard, over 5 feet high and 3 feet deep, in the back of which are deep shelves for storage and in the front of which, out of the reach of children, is ample room for towels and a handy shelf for bottles. All three bedrooms are large. Each has windows on two sides and has its own closet. The closet shelves are in front of doors and not across an end where they would be hard to see and get at. Windows are so arranged that beds can be placed away from them in Winter and near them in Summer. Off the hall is another closet for bed linen, or storage, or for an extra broom, etc., so that it will not be necessary to carry the cleaning things up and down stairs. Rooms are 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two-panel, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Built on a concrete block foundation and excavated under entire house. We furnish clear cypress siding and Roma-Tile Roofing, guaranteed seventeen years; framing lumber of No. 1 quality yellow pine.

### Flooring

Clear maple for kitchen and bathroom; clear oak for balance of first floor; clear yellow pine for second floor.

### Height of Ceilings

Basement, 7 feet from floor to joists, with concrete floor. First floor, 9 feet from floor to ceiling. Second floor, 8 feet 2 inches from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$177.00 extra. See page 114.

Oak Doors and Trim in living room, dining room and stairs, instead of yellow pine, \$114.00 extra.

Wood Floor material for the porch, \$69.00 extra.

Storm Doors and Windows, \$85.00 extra.

Screen Doors and Windows, black wire, \$42.00 extra; galvanized wire, \$45.00 extra.

This house can be built on a lot 32 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Our Guarantee Protects You—Order Your House From This Book  
Prices Include Plans and Specifications.

At the above prices we will furnish all the material to build this five-room bungalow, consisting of mill work, flooring, siding, porch ceiling, finishing lumber, building paper, eaves trough, down spout, sash weights, mantel, china closet, medicine case, hardware, painting material, lumber, lath and shingles. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,900.00 for No. 12013, and \$5,220.00 for No. 13192. See page B in front of book.

A POPULAR, inexpensive and graceful bungalow, well lighted and ventilated. Large porch, with bungalow columns and porch rail.

**Main Floor** Rooms on the main floor are 9 feet from floor to ceiling. A large hall opens through a cased opening into an exceptionally large living room intended to be used as a combination living room and dining room. Note the beautiful Craftsman front door, glazed with square lights of glass to match windows. All the windows are Colonial style. The bathroom is located between the two chambers.

Can also be furnished with rooms arranged as shown on floor plan No. 13192 below with stairs to attic and inside stairs to basement. Attic floor not included. Dining room added, reception hall omitted. Space is provided for ice box by enclosed rear entry.

**Basement** Has an excavated cellar under entire house, 7 feet high from floor to joists, with concrete floor.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two vertical panel, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine with good quality glass set in with best grade of putty.

FLOOR PLAN No. 13192.

# FIVE ROOMS BATH AND PORCH

At the price quoted we will furnish all the material to build this five-room bungalow, consisting of lumber, lath, shingles, mill work, medicine case, flooring, porch ceiling, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,000.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

Honor-Bilt

*The Somerset*  
No. 7008 "Already Cut" and Fitted.  
**\$1,554<sup>00</sup>**

See Description of  
"Honor-Bilt" Houses  
on Page 7.

**THE SOMERSET** Modern Home No. 7008 is an attractive and inexpensive bungalow of five rooms with vestibule, bath and pantry. It has a front porch across the entire house, so arranged that it makes a combination porch and open terrace. We furnish a sufficient quantity of shingle stain, any color, for the sides, front and rear for the price quoted above, but not for the roof. Shingled houses when stained with a suitable color have a very refined and comfortable appearance.

**Main Floor** Front door, glazed with bevel plate glass, leads from the porch into the vestibule. The two front windows are Queen Anne design. On entering the vestibule you find a cased opening leading to the living room and another leading to the dining room. Note the bay window in the dining room. A swinging door leads from this room into the kitchen. A door from the kitchen leads to the basement. The two bedrooms have closets. All rooms are 9 feet from floor to ceiling.

**Basement** The excavated basement is 7 feet high from floor to joists. Lighted by basement sash.

All framing lumber is No. 1 yellow pine.

Paint for three coats on the outside. Shingles on sides stained two brush coats; your choice of green or brown. Varnish and wood filler for two coats of interior finish. Stratford Design hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Built on a concrete block foundation with basement under the entire house. Concrete basement floor. The entire house, including the roof, is covered with best grade of thick cedar shingles.

Saved at Least \$300.00.

P. O. Box B, West Main St.,  
Parkesburg, Penna.

Sears, Roebuck and Co.

Gentlemen:—Enclosed you will find a photo of our new bungalow built from your material and plans (with a few slight changes). I wish to say that all the material was extra fine. I saved at least \$300.00 by buying from you. Thanking you for your honest treatment in these transactions, I am. Yours respectfully,

CHARLES MILLER.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$122.00 extra. See page 114.

Oak Doors, Trim and Floor in vestibule, living room and dining room, instead of yellow pine, \$100.00 extra.

Maple Floor in kitchen, pantry and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$50.00 extra.

Screen Doors and Windows, black wire, \$25.00 extra; galvanized wire, \$28.00 extra.

This house has been built at Oak Park, Ill., Columbus, Mich., Leavittsburg, Ohio, Deer River, Minn., White Plains, N. Y., Hannibal, Mo., Junction City, Ohio, and other cities.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.

This house can be built on a lot 30 feet wide.

Our Guarantee Protects You—Order Your House From This Book  
Price Includes Plans and Specifications.

**No. 9266—TRIPLE UNIT CLOTHES CLOSET.** Fit for the finest "HONOR BILT" Modern Home. Room for the most complete wardrobe.

Three mirror doors, so hung that one can see oneself from any viewpoint.

**No. 9264—SINGLE UNIT CLOTHES CLOSET.** Everything in plain sight when door is opened. Neat and compact.

**No. 9265—DOUBLE UNIT CLOTHES CLOSET.** Ample to serve two people—confusion impossible.

Shoes in separate drawers, where dust cannot accumulate.

## "HONOR BILT" CONVENIENCES.

Typical of the up to date ideas, honest construction, good material and careful planning of even the smallest detail, that characterize "HONOR BILT" Modern Homes.

These closets hold more, and things are easier to find in them, than in old fashioned closets taking twice the space. They are easier to clean. Hats, shoes and garments are kept in better condition.

Something new in kitchen cupboards—a perfectly sanitary built-in flour bin! It swings like a door and just as easily. Shaped like a quarter circle, its rounded side is of bright tin. Shelves extend around in back of the bins and that space is immediately available for storage or cleaning by simply swinging the bins all the way out. Bins easily sunned and aired by removing the "pins" in the hinges. Each bin holds 25 pounds of flour.

## Nice, Roomy Cupboards.

**No. 9260—UPPER SECTION.** Attached to the wall so as to leave working surface of lower section clear and easy to clean. Adjustable shelves.

**No. 9261—LOWER SECTION, FIRST UNIT.** Two sanitary swinging bins, cutlery drawer with bread board above, deep linen drawer with door below, and shelves which extend around back of the bins. On door is rack for lids. Good size sliding dough board.

**No. 9262—SECOND UNIT.** Same as No. 9261, but with an extra drawer and cupboard door and longer shelves and working surface.

**No. 9263—THIRD UNIT.** Same as No. 9262, but with a third cupboard door and still longer shelves and working surface.

Features like these really mean much more than convenience. They impart an air of distinction and good taste to your home. The imposing Colonial entrance, illustrated above, is one example. The same is true of the mantels. Any home, no matter how costly and commodious, would be enhanced in value and appearance by the spotless kitchen equipment illustrated in the center of this page. The ironing board and the breakfast alcove below are examples of the many labor saving and convenient devices provided for our Modern Homes.

SEARS, ROEBUCK AND CO.

# FIVE ROOMS BATH AND PORCH

Honor Bill

*The Windsor*  
No. 3193 "Already Cut" and Fitted.  
**\$1,605<sup>00</sup>**

At the price quoted we will furnish all the material to build this five-room house, consisting of lumber, shingles, lath, roofing, mill work, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, medicine case, kitchen cabinet and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$3,960.00. See page B in front of book.

FIRST FLOOR PLAN.

**THIS** house with a combination of siding, shingles and Oriental Fire-Chief Roofing makes the exterior quite pleasing and the balcony on the second floor is a much desired feature.

**First Floor** From the porch a glazed door leads into the living room, which has an open stairway to the second floor. A cased opening leads into the dining room and a swinging door into the kitchen. From the kitchen a stairway leads to the basement. There is a side door leading to the kitchen from the outside, so that it may be entered without passing through the other rooms.

**Second Floor** A stairway from the living room leads to two well arranged and good size bedrooms, both of which have closets. A bathroom is also located on this floor. A door can be substituted for one of the windows leading to the balcony at very little expense.

We furnish our best "Quality Guaranteed" mill work, described on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

SECOND FLOOR PLAN.

Built on a concrete block foundation and excavated under entire house. We furnish clear cypress siding for the first story, thick cedar shingles for the second story and extra heavy Fire-Chief Roofing guaranteed for 17 years for the roof. Framing lumber is No. 1 quality yellow pine.

**Height of Ceilings** Basement, 7 feet from floor to joists, with concrete floor. First floor, 9 feet from floor to ceiling. Second floor, 8 feet 2 inches from floor to ceiling.

**Honor Bilt**

*The Lebanon*  
No. 3029 "Already Cut" and Fitted.  
**\$1,415<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.

FIRST FLOOR PLAN.

"Honor Bilt" Construction Explained on Page 7.

**First Floor** From the porch a glazed door leads into the living room, which has an open stairway to the second floor. A cased opening leads into the dining room and a swinging door leads from the dining room to the kitchen, furnished with a convenient pantry case. From the kitchen a stairway leads to the basement. There is a side door leading to the kitchen from the outside, so that it may be entered without passing through the other rooms.

SECOND FLOOR PLAN.

**Second Floor** A stairway from the living room leads to two well arranged and good size bedrooms, both of which have closets. A bathroom is also located on this floor.

Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Built on a concrete block foundation and excavated under entire house. We furnish clear cypress siding and extra heavy Fire-Chief Shingle Roll Roofing, guaranteed for seventeen years. Framing lumber of No. 1 quality yellow pine. Fir porch floor.

**Height of Ceiling** Basement, 7 feet from floor to joists, with concrete floor. First floor, 9 feet from floor to ceiling. Second floor, 8 feet 2 inches from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.

## OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$114.00 extra. See page 114.

Oak Doors, Trim and Floors for living room, dining room and stairs, \$120.00 extra.

Clear Maple Flooring furnished for kitchen and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$59.00 extra.

Screen Doors and Windows, black wire, \$31.00 extra; galvanized wire, \$32.00 extra.

This house can be built on a lot 30 feet wide.

# SIX ROOMS AND BIG PORCH

Honor-Bilt

## The Langston

No. 7000 "Already Cut" and Fitted.

**\$1,854<sup>00</sup>**

See Description of "Honor-Bilt" Houses on Page 7.

At the price quoted we will furnish all the material to build this six-room house, consisting of lumber, lath, shingles, mill work, medicine case, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$4,800.00. See page B in front of book.

FIRST FLOOR PLAN.

A NEAT and roomy house at a very low price. Was designed especially with two objects in view, economy of floor space and low cost. Contains six rooms and bathroom. Porch is 24 feet by 8 feet.

**First Floor** Front door, with bevel plate glass, opens into the living room, which has a nice closet with a mirror door and an open stairs to the second floor. The dining room is connected with the living room by a large cased opening which makes practically one large room of these two rooms. The pantry has space for ice box, and entrance to the basement is through this pantry.

**Second Floor** The stairway from the first floor opens into a hall on the second floor from which any of the three bedrooms or bathroom may be reached. In the bathroom is a large linen storage closet over stairs. All three bedrooms are well lighted and each has a good size clothes closet.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Built on a concrete block foundation and excavated under entire house. We furnish clear cypress siding and best grade of thick cedar shingles; framing lumber of No. 1 quality yellow pine.

### Height of Ceilings

Basement, 7 feet from floor to joists, with concrete floor. First floor, 9 feet from floor to ceiling. Second floor, 8 feet 2 inches from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$160.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles, \$21.00 extra.

Fire-Chief Shingle Roll Roofing, Red or Sea Green in color, instead of cedar shingles, \$12.00 less.

Oak Doors, Trim and Floors in living room, dining room and stairs, instead of yellow pine, \$85.00 extra.

Maple Flooring for kitchen, pantry and bathroom, instead of yellow pine, no extra charge.

Wood Floor material for the porch, \$59.00 extra.

Storm Doors and Windows, \$83.00 extra.

Screen Doors and Windows, black wire, \$40.00 extra; galvanized wire, \$43.00 extra.

This house can be built on a lot 30 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

# SIX ROOMS AND BATH

Honor Bill

## The Bandon No. 13058 "Already Cut" and Fitted. \$2,794<sup>00</sup>

See Description of "Honor Bill" Houses on Page 7.

This house can be built with the rooms reversed. See page 3.

build this six-room house, consisting of lumber, lath, Oriental shingles, flooring, all mill work, kitchen cabinet, medicine case and mantel. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$6,120.00. See page B in front of book.

**THE BANDON** is a neat, practical and modern design very much in favor with discriminating builders.

**Main Floor** From the pleasant shelter of the big front porch one enters the attractive living room. If the French doors to the left happen to be open one can look into the cozy dining porch or sun room. In the living room the fireplace is opposite the French doors and the center of a pleasing group of windows and cased opening, balance and good proportions characterizing the room. In the dining room there is space directly opposite the cased opening for a buffet or china closet.

Bedrooms, bath, linen closet, attic stairs and kitchen all open off the hall. Both bedrooms have cross ventilation, large closets and doors with glass to the 14-foot sleeping porch.

The kitchen is handily located to all rooms or basement. Sink and stove are close together and near by are two handy cabinets. Two windows on one side of the kitchen and the light from the glass panel door leading to the sun room make it a pleasant work room. At grade entrance above space for refrigerator is a large shelf for vegetables, this space being cooler than the kitchen. The glass in the outside door lights the landing. Rooms are 9 feet from floor to ceiling.

**Basement** Excavated basement under the entire house 7 feet from floor to joists, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work. Interior doors are two-panel, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

**Flooring** Clear maple for kitchen and bathroom, clear oak for balance of rooms. Clear edge grain fir for porches.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120. Built on a concrete foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Oriental Slate Surfaced Shingles, guaranteed for fifteen years.

Front view of the Bandon.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$130.00 extra. See page 114.

# SEVEN ROOM COUNTRY HOME

Honor Bilt

## The Silverdale

No. 2011 "Already Cut" and Fitted.  
\$2,000<sup>00</sup>

See Description of Honor Bilt Houses on Page 7.

At the price quoted we will furnish all the material to build this seven-room house, consisting of lumber, lath, shingles, mill work, medicine case, flooring, porch ceiling, siding, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,873.00. See page B in front of book.

A COMFORTABLE home, suitable for a suburban or country residence. Has a large front porch, 25 feet long by 6 feet wide; Colonial porch columns. Rear porch, 11 feet by 4 feet 6 inches. At the price it is a very desirable investment.

**First Floor** Front door glazed with double strength glass opens into the vestibule, with door leading to living room. Cased opening between living room and dining room. Three windows in the living room, one in vestibule and two in dining room. A bedroom with closet adjoins the dining room. Inside cellar stairs under the main stairs. Good size kitchen, pantry and bathroom. Two windows in kitchen, one window in pantry and one in bathroom. A door leads from the kitchen to the back porch. Outside cellar entrance. Rooms are 8 feet 2 inches from floor to ceiling.

**Second Floor** Three bedrooms and two closets are on this floor, with an attic which is sometimes used as a store-room or can be finished as a small bedroom with little expense. Rooms are 8 feet from floor to ceiling.

**Basement** Excavated basement under entire house, 7 feet from floor to joists, with concrete floor, lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

"Honor Bilt" No. 1 yellow pine framing lumber; sided with narrow bevel clear cypress siding and has extra clear best grade, thick cedar shingle roof. Stone foundation.

### OPTIONS

Price Includes Plans and Specifications.

# NINE ROOMS AND BATH

Honor Bill

**The Rockhurst**  
No. 3074 "Already Cut" and Fitted.  
**\$2,468<sup>00</sup>**

At the price quoted we will furnish all the materials to build this nine-room house, consisting of mill work, siding, flooring, porch ceiling, finishing lumber, building paper, eaves trough, down spout, sash weights, medicine case, kitchen cabinet, hardware, painting material, brick mantel, lumber, sleeping porch screens, lath and roofing. No extras, as we guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,400.00. See page B in front of book.

See Description of "Honor Bill" Houses on Page 7.

**THE** Rockhurst has been designed to meet a popular demand for a large, attractive, well lighted and economically arranged house. This house can be furnished with exterior, as shown, of any of the designs illustrated at the bottom of this page. When ordering be sure to mention which design is wanted by giving the number shown below the one you prefer.

**First Floor** In the big living room there is an open stairway to the second floor and cased opening to the dining room which gives a fine view. The fireplace, doors and windows are well grouped, so as to make the entire interior pleasing and homelike. Space under the dining room window seat can be used for many purposes. Kitchen has stairway to basement and plenty of room for ice box, cupboard, sink, table and range. Outside rear porch makes the kitchen warm in Winter and cool in Summer. Rooms on this floor are 8 feet 2 inches from floor to ceiling. Double floors in all rooms.

**Second Floor** There are three good size bedrooms with sleeping porch and bathroom on this floor. All bedrooms have closets with shelves. Rooms are 8 feet from floor to ceiling, with double floors.

**Third Floor** or attic has two comfortable finished rooms 7 feet 4 inches from floor to ceiling. Third floor has single flooring; first and second floors have double flooring.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete foundation. No. 1 yellow pine framing lumber. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed for 17 years. Sided with clear cypress siding, except gables, which are Oriental Siding.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

**Our Guarantee Protects You—Order Your House From This Book.**

Price Includes Plans and Specifications.

## OPTIONS

This house can be built on a lot 27 feet wide.

No. 3076

No. 3075

SECOND FLOOR PLAN.

# SIX ROOMS AND BATH

**Honor Bilt**

## The Columbine

No. 8013 "Already Cut" and Fitted.

**\$2,010<sup>00</sup>**

At the price quoted we will furnish all the material to build this six-room bungalow, consisting of mill work, medicine case, kitchen cupboard, lumber, lath, roofing, porch ceiling, siding, flooring, finishing lumber, mantel, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$4,950.00. See page B in front of book.

**THIS** house is so well arranged that it will make an ideal home. A place for everything makes for perfect order and the arrangement insures the comfort and contentment of the entire family.

**Main Floor** All rooms except the dining room open off the hall, at the end of which is the bathroom. There are three good bedrooms, each with a closet; an extra closet in the hall and another in the kitchen; stairs to the attic, and a kitchen that is the last word in step saving. Living and dining rooms are in front. Great freedom is permitted in the placing of furniture and there is plenty of light and air. The view from the living and dining room is equally good, as both are in the front of the house. Throwing the two rooms together by means of the French doors makes each lighter and more airy and seemingly larger than if shut off. Besides the Craftsman door, there are nine windows in these two rooms, two of which are casement sash at the sides of the fireplace. In the bedrooms dressers can stand where the light is good. There are big shelves in all closets. The kitchen is reached directly from hall, dining room, basement or outdoors. The grade entrance is a great help in keeping the kitchen clean and warm. On the landing is space for the refrigerator and above it handy shelves that will save many a trip to the basement. The landing is light because the door is glazed.

Paint for three coats outside, your choice of color. Varnish and wood filler for two coats of interior finish. Stratford Design hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Basement under entire house 7 feet high.

Built on a concrete and brick foundation; No. 1 yellow pine framing lumber. Sided with narrow bevel clear cypress siding. Seventeen-year guaranteed Fire-Chief Shingle Roll Roofing for the roof. Height of rooms, 9 feet from floor to ceiling.

### OPTIONS

Furnished with 2 rooms in attic, with single floor, \$256.00 extra. See floor plan.

Sheet Plaster and Plaster Finish to take the place of wood lath, \$145.00 extra; with attic, \$243.00. See page 114.

Oak Doors, Trim and Floors in living and dining room, instead of yellow pine, \$140.00 extra. Maple Flooring for kitchen and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$58.00 extra.

FLOOR PLAN.

Our Guarantee Protects You—Order Your House From This Book.

Price Includes Plans and Specifications.

**I**N THIS bungalow we offer a home at a low price with an absolute guarantee as to the quality of the materials we furnish. This four-room bungalow is suitable for almost any location. In many sections a four or five-room cottage and lot will sell for \$3,000.00 to \$3,500.00. Notwithstanding the low price which we ask for all of the material required in the construction of this bungalow, there is no sacrifice of quality and there will be no shortage of material. We furnish a double floor, also good wood sheathing, and plenty of building paper so that the house will be perfectly comfortable in the coldest weather. As this house can be built on a lot 25 feet wide, it is suitable for town or country. For a farm house, for a small family, it represents a splendid investment. It is gracefully proportioned and when nicely painted will look well in any community.

**Main Floor** A glazed front door opens into the living room. A door leads from the living room to front bedroom; a door leads from the dining room to the kitchen; a cased opening leads to a small hall leading to bedroom and bathroom. Three good size closets. Rooms are 9 feet from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete block foundation, excavated basement with cement steps. "Honor Bilt" frame construction and sided with narrow bevel clear cypress siding. Best grade thick cedar shingle roof. All framing timbers are of No. 1 quality yellow pine.

## OPTIONS.

Sheet Plaster and Plaster Finish, \$91.00 extra. See page 114.

Honor Bilt

*The Glendale*  
No. 7016 "Already Cut" and Fitted.  
**\$2,090<sup>00</sup>**

This house can be built with the rooms reversed. See page 3.

See Description for "Honor Bilt" Houses on Page 7.

**THIS** good substantial house of nice appearance is suitable for suburban residence or country home. Every bit of space has been used to the best advantage, leaving absolutely no waste space.

**First Floor** As one enters the large living room the first thing to be seen is a nice open stairway with landing half way up to the second floor. Three nice rooms on the first floor. A combination cupboard is placed between the dining room and kitchen, opening into both rooms. This arrangement makes all parts of the cupboard accessible from either the kitchen or dining room, saving many steps. Ceilings are 9 feet high.

**Second Floor** There are four windows in each front bedroom on the second floor which admit plenty of light and air. Ceilings are 8 feet 2 inches high.

Paint for three coats outside; two coats of stain for shingles on sides, your choice of color. Varnish and filler for interior finish. Chicago Design hardware, see page 120.

**Basement** Excavated basement under the entire house, 7 feet from floor to joists, with concrete floor. Basement lighted by basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

"Honor Bilt." No. 1 yellow pine frame construction. It is sided up to the second story window sills with narrow bevel clear cypress siding, and best grade cedar shingles up the rest of the way to the cornice. Best grade of thick cedar shingles for roof. Concrete block foundation.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

**Our Guarantee Protects You—Order Your House From This Book**

Price Includes Plans and Specifications.

SECOND FLOOR PLAN.

# FIVE ROOMS AND SLEEPING PORCH

Honor Bilt

## The Sunbeam No. 3194. "Already Cut" and Fitted. \$2,425<sup>00</sup>

See Description of "Honor Bilt" Houses on Page 7.

At the price quoted we will furnish all the material to build this five-room bungalow, consisting of mill work, medicine case, flooring, porch ceiling, siding, finishing lumber, screens for sleeping porch, buffet, building paper, eaves trough, down spout, sash weights, hardware, mantel, ironing board, kitchen cabinet, painting material, lumber, lath and shingles, and Fire-Chief Roofing for roof over sleeping porch. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,343.00. See page B in front of book.

FIRST FLOOR PLAN.

A FIVE-ROOM modern bungalow with open air sleeping porch.

**First Floor** The large living room has Colonial stairs and mantel, and stairs to basement which can be reached from the kitchen or from the outside. See modern kitchen with handy kitchen cabinet, broom closet providing storage for brooms, mops, pails, scrub brushes, table leaves, etc. Notice the built-in folding ironing board, also space for refrigerator just outside of kitchen door, handy to the iceman and away from the stove. Dining room has buffet facing the case opening with a window on each side. We furnish two-panel yellow pine doors on the first floor with clear yellow pine trim to match.

**Second Floor** We furnish our Franklin front doors leading to the sleeping porch. Inside doors

SECOND FLOOR PLAN.

are five-cross panel design yellow pine with trim of clear yellow pine to match. Stairs on second floor are within arm's reach of either bedrooms or bathroom. Each bedroom has door leading to sleeping porch. A linen closet in hall.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

**Flooring** Clear maple for kitchen and bathroom, clear oak for balance of first floor; clear yellow pine for second floor, and clear edge grain fir for porch.

Built on a concrete foundation, excavated basement under entire building. Frame construction and first story sided with clear cypress bevel siding. Gables sided and main roof covered with best grade thick cedar shingles. All framing lumber is No. 1 yellow pine.

Basement has concrete floor. Basement, 7 feet high from floor to joists. First floor, 9 feet from floor to ceiling. Second floor, 8 feet 2 inches from floor to ceiling.

This house can be built with the rooms reversed. See page 3.

### OPTIONS

See Description of "Honor Bilt" Houses on Page 7.  
This house can be built with the rooms reversed. See page 3.

At the prices quoted we will furnish all the material to build this seven-room two-story bungalow, consisting of mill work, medicine case, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, painting material, lumber, lath and shingles for each of these houses, and mantel and colonnade for No. 12026. We guarantee enough material to build this house. Prices do not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,467.00. See page B in front of book.

FIRST FLOOR PLAN  
No. 12026.  
Price, \$2,405.00

SECOND FLOOR PLAN No. 12026.

Built on concrete block foundation. Sided with narrow bevel clear cypress siding on first story; roof, dormer and second story covered with best grade of thick cedar shingles. All framing material, including joists, studding, etc., made from No. 1 yellow pine. Basement excavated under entire house and with concrete floor.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

**First Floor** of No. 12026. The front door glazed with bevel plate glass leads directly into a hall which has cased opening with colonnades leading into living room and dining room, and stairway leading to second floor. Dining room has oak mantel. The library is arranged directly in the rear of the living room, with entrance to back entry; can also be used as a bedroom. Directly off the kitchen is the pantry with shelves and sash opening into rear entry. Inside stairway to basement from entry and also outside basement entrance.

**Floor Plan** of No. 13085. The hall space has been put in the living room and French doors leading to the library have been added and the bedroom and bathroom have been rearranged. See illustration of floor plans.

**Second Floor** The stairs to the second floor lead directly into a hall which connects with all bedrooms and bathroom. All rooms on both floors are light and airy.

**Height of Ceilings** Basement, 7 feet from floor to joists; first floor, 9 feet from floor to ceiling; second floor, 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are one-panel on first floor and two-panel on second floor, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint furnished for three coats and two coats of stain for siding shingles; your choice of colors. Also varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

**Flooring** Clear maple for kitchen, pantry, entry and bathroom; clear oak for balance of first floor; clear yellow pine for second floor; clear edge grain fir for porches.

**Options for Nos. 12026 and 13085.** If Mantel is not wanted for No. 12026, \$35.00 less.

**Sheet Plaster and Plaster Finish** to take the place of wood lath, \$174.00 extra. See page 114.

**Oriental Asphalt Shingles** for roof, instead of wood shingles, \$19.00 extra. **Oak Doors and Trim** for hall, living room, dining room and stairs, instead of yellow pine, \$123.00 extra.

**Storm Doors and Windows**, \$93.00 extra for No. 12026, and \$102.00 extra for No. 13085.

# SIX ROOMS AND BATH

Honor Bilt

## The Avondale

No. 17006 "Already Cut" and Fitted.

\$2,685<sup>00</sup>

This house can be built with the rooms reversed. See page 3.

At the price quoted we will furnish all the material to build this six-room bungalow, consisting of mill work, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, buffet, colonnade, medicine case, pantry case, hardware, painting material, lumber, lath, shingles, screens for rear porch, and mantel. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$6,500.00. See page B in front of book.

**A FINE** example of a modern bungalow, conveniently arranged, perfectly lighted and ventilated with a great many large windows. Pronounced a success by practical builders. For interior views see opposite page. Painted three coats outside; your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

**Main Floor** Front door glazed with bevel plate glass leads from the spacious porch into the large living room, which has plaster arch ceiling beams. A massive brick fireplace with seats on both sides adds to the bungalow effect. Colored leaded art glass sash over each seat. An arch opening with four massive Colonial columns and balustrades connects this room with the dining room. For this room we specify a Craftsman oak buffet with plate glass mirror. Note the large front bedroom with bay window. Closets provided for each bedroom and linen closet for the bathroom. Rooms on the main floor are 9 feet from floor to ceiling. The rear porch is screened, which affords an inside stair to the basement.

**Basement** The excavated basement under the entire house has a concrete floor and measures 7 feet from floor to joists.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are two vertical panel, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Front porch has cement floor.

Built on concrete block foundation; No. 1 yellow pine framing lumber; sided with narrow bevel clear cypress siding and shingled with best grade of thick cedar shingles.

**Flooring** Clear maple for kitchen, bathroom and pantry; clear oak for balance of rooms; clear edge grain fir for rear porch.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$154.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles, \$46.00 extra.

Oak Doors and Trim for living room and dining room, instead of yellow pine, \$136.00 extra.

Storm Doors and Windows, \$101.00 extra.

Screen Doors and Windows, black wire, \$51.00 extra; galvanized wire, \$55.00 extra.

If Mantel is not wanted, \$58.00 less.

This bungalow can be built on a lot 45 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

This house has been built at Pierson Station, Ill., McHenry, Ill., Springfield, Ohio, Marks, Miss., Shelton, Conn., La Junta, Colo., Mexico, Ky., Janesville, Wis., Coats, N. C., Lewistown, Mo., Ridgway, Penna.

FLOOR PLAN.

Our Guarantee Protects You—Order Your House From This Book

*A  
Twentieth  
Century  
Living  
Room*

*The  
Bright and  
Cheery  
Front  
Bedroom*

**T**HE illustration at the top is an exact reproduction of the living room, and is a pleasing picture of simple elegance and homelike comfort. Note the large rustic brick fireplace with a leaded art glass sash and a seat on each side. The Colonial columns and balustrade work are up to date features which are being used only in high priced houses. From the first impression you would think this house would cost over \$8,000.00, but we make it possible for you to build it for about \$6,250.00.

Compare this house with similar houses already built in your neighborhood. There are many reasons why such homes are usually very expensive. Architects charge all the way from \$100.00 to \$150.00 for a set of plans and specifications. This is the amount we save

you to start with, and our competent, practical and expert architects specify stock sizes and patterns of doors, windows, trim, etc., which enables you to buy your materials for several hundred dollars less than you could buy them if they were furnished according to the average architects' specifications, which in most cases are odd sizes and patterns and have to be made to order.

We operate our own sawmills and ship lumber direct from our lumber yards to you. We also own and operate one of the biggest mill work factories in the country and ship all doors, windows, moldings, in fact, a complete line of mill work and building materials, direct to you. In this way we save you several hundred dollars.

# SIX ROOMS BATH AND PERGOLA

Honor Bilt

See Description of "Honor Bilt" Houses on Page 7.

*The Ashmore*  
No. 13034 "Already Cut" and Fitted.  
**\$3,632<sup>00</sup>**

At the price quoted we will furnish all the material to build this six-room bungalow, consisting of mill work, medicine cabinet, breakfast alcove seat and table, bookcases, buffet, kitchen cupboard, lumber, lath, shingles, porch ceiling, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this bungalow. Price does not include cement, brick, plaster or mantel.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$8,270.00. See page B in front of book.

**I**N THE original planning of this bungalow, brown was made the predominating color. The treatment of the roof, body finish, floors and walls of interior, with a careful blending of tone from the darker brown to light terra cotta and creams, produces a delightful and harmonious contrast. The rugged, massive cobblestone chimney adds the final touch of stability and bungalow character.

**Main Floor** Front door opens into large living room with a fireplace nook two steps above the floor. At either side of the fireplace are roomy, built-in bookcases with glass doors and sash above. To the right of the living room is a bay window with a comfortable seat built in. The walls of this room are paneled, cove mold in ceiling. A cased opening leads from the living room into the dining room. Here you will find a handsome buffet. From the living room a door opens into the front bedroom. From the dining room a pair of French doors open upon the pergola. In the kitchen will be found the ever popular Pullman breakfast alcove. There is a broad work shelf at one side of the sink with cupboard and bins beneath. Kitchen also has large cupboard and a disappearing ironing board. Two well lighted and well ventilated bedrooms in the rear. From the passageway there is a stairway to the attic which contains space to be finished into other rooms, such as den or storage room. There is a stairway from the kitchen to the basement. A linen closet and clothes chute in hall. Towel closet opens into bathroom. The door in the closet in the bedroom adjoining the kitchen has a large mirror on the bedroom side.

**Basement** Excavated basement, with concrete floor under the entire house, well lighted, 7 feet from floor to joists.

Rooms on the main floor are 9 feet high. This bungalow is built on a concrete foundation. No. 1 yellow pine frame construction, sided and roofed with best grade thick red cedar shingles.

We furnish our best "Quality Guaranteed" mill work. Interior doors are one panel fir with yellow pine trim. Windows are made of clear California white pine, with good quality glass set in with best grade putty.

**Flooring** Clear maple for kitchen and bathroom; clear oak for balance of rooms; clear edge grain fir for porches.

## INTERIORS *The ASHMORE*

As built by one of our customers at  
Cleveland, Ohio.

THE rustic mantel, the bookcase and the elevated fireplace platform in the living room in this strictly up to date bungalow indicate refinement and good taste. It would be difficult in a building of this character to embody more attractive features than we show in the interiors herewith presented. Happy is the man who can call a house like this his own.

There is an appearance of comfort in the dining room. When furnished as shown in the illustration and when lighted in subdued effects, it will present a most cheerful and inviting appearance. The homelike and hospitable suggestions in the exterior treatment are duplicated in every line of the interior.

Long before the "kiddies" are awake, the busy business man is up and around, ready for eggs and bacon or steaming flapjacks. The Pullman Breakfast Alcove in the kitchen provides a snug retreat where the morning meal can be served. The kitchen range and built-in cabinets close by make the labor easy for the lady of the house or maid.

# EIGHT ROOMS AND BATH

Honor Bill

## The Chelsea No. 3027 "Already Cut" and Fitted. \$2,666<sup>00</sup>

This house can be built with the rooms reversed. See page 3.

At the price quoted we will furnish all the material to build this eight-room house, consisting of mill work, medicine case, porch ceiling, siding, flooring, finishing lumber, building paper, eaves trough, down spout, sash weights, hardware, painting material, lumber, lath and shingles. We guarantee enough material to build this house. Price does not include cement, brick, stonekote or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$5,940.00. See page B in front of book.

See Description of "Honor Bill" Houses on Page 7.

FIRST FLOOR PLAN.

**THIS** is a conveniently arranged house of eight rooms at a very low cost compared with the accommodations it offers. A large front porch extends almost across the front of the house. If you are interested in this design be sure to ask us for some names of people who have built it. We have a big list of satisfied owners.

**First Floor** Front door opens into a large reception hall in which there is an open stairway to the second floor. Under the main stairway, cellar stairs lead to the side entrance and continue down into the basement. All rooms are well lighted and are 9 feet high from floor to ceiling.

**Second Floor** A hall leads to all bedrooms, bathroom and attic stairs. All rooms are well lighted, have good size closets and are 8 feet 2 inches high from floor to ceiling.

**Basement** An excavated basement with concrete floor under the entire house, 7 feet from floor to joists. Lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring. Paint for three coats outside, your choice of color. Varnish and wood filler for two coats for interior finish. Chicago Design hardware, see page 120.

Built on a concrete block foundation. We furnish No. 1 yellow pine framing lumber. The first story is sided with stonekote or cement plaster. The second story is sided with clear narrow bevel cypress siding. Best grade thick cedar shingle roof.

SECOND FLOOR PLAN.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$232.00 extra. See page 114.  
Oriental Asphalt Shingles, instead of wood shingles, \$12.00 extra.  
Fire-Chief Shingle Roll Roofing, Red or Sea Green in color, instead of wood shingles, \$20.00 less.  
Oak Doors, Trim and Floors for living room, dining room, reception hall and stairs, \$208.00 extra.  
Clear Maple Flooring furnished for kitchen, pantry and bathroom, instead of yellow pine, no extra charge.  
Storm Doors and Windows, \$96.00 extra.  
Screen Doors and Windows, black wire, \$48.00 extra; galvanized wire, \$50.00 extra.  
Clear Bevel Cypress Siding, instead of stucco, on first story, \$45.00 extra.  
This house is 28 feet wide by 38 feet long and can be built on a lot 35 feet wide.

Built at Roseville, Ill., Sandusky, Ohio, Wooster, Ohio, Terra Alta, W. Va., Warren, Ohio, and several other cities.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Honor Bill

## The Saratoga

No. 12087 "Already Cut" and Fitted.

**\$3,454<sup>00</sup>**

This house can be built with the rooms reversed. See page 3.

See Description of "Honor Bill" Houses on Page 7.

**First Floor** A beautiful front door opens from the porch into the large living room, in which there is an open stairway of modern design leading to the second floor, with a seat near by. The living room has a bay window with a window seat. Large cased opening leads to the dining room, which has cove mold in ceiling. The dining room has a modern buffet with seats at each side. Colored leaded art glass over the buffet. This room also has a bay window with seat the entire length. Wood cornice in living room.

**Second Floor** Four bedrooms, hall and bathroom on this floor. Three rooms have suitable closets and there is a plate glass mirror door in the front bedroom. **Double floors.**

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Flush inlaid and one-panel interior doors on the first floor and five-cross panel on second floor, with trim to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Clear cypress siding from water table to second story window sills over good wood sheathing, balance of second story and roof shingled with best grade thick cedar shingles.

Built on a concrete block foundation. No. 1 yellow pine frame construction.

Excavated basement under the entire house, 7 feet from floor to joists. First floor, 9 feet high from floor to ceiling; second floor, 8 feet 2 inches high from floor to ceiling; attic, 7 feet high from floor to collar beams. Gables and columns are sided with stonekote.

Paint for three coats. Stain for two coats for shingles on sides. Varnish and filler for inside finish. Chicago Design hardware, see page 120.

Our Guarantee Protects You—Order Your House From This Book

# NINE ROOMS AND BATH

Honor Bilt

## The Hillrose

No. 3015 "Already Cut" and Fitted.  
\$3,141<sup>00</sup>

This house can be built with the rooms reversed. See page 3.

At the price quoted we will furnish all of the material to build this nine-room house, consisting of lumber, lath, Oriental Slate Surfaced Shingles, mill work, porch ceiling, siding, flooring, finishing lumber, console, china closet, medicine case, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$6,880.00. See page B in front of book.

See Description of "Honor Bilt" Houses on Page 7.

FIRST FLOOR PLAN.

California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring. Paint for three coats outside, your choice of color. Varnish and wood filler for two coats inside for doors and trim. Chicago Design hardware, see page 120. Built on a concrete foundation. No. 1 yellow pine frame construction with narrow bevel clear cypress siding.

**THIS** modern country residence was awarded first prize in a contest participated in by one hundred of our country customers.

**First Floor** A beautiful massive door leads into the living room in which we provide a console with a large mirror. A pair of French doors lead from the living room into the library. Sliding doors lead to the dining room from the living room. A convenient china closet, that is often used as a serving cupboard, connects with the pantry, the dining room side having a glass door. The pantry is large and is easily reached from dining room or kitchen. Adjoining the dining room is a large bedroom. Workmen entering this house from the rear porch pass into the washroom, which is connected by a door with the dining room. Another desirable feature is the shed to the left of the kitchen, also outside stairs leading to the basement, which is made of cement. The main stairway to the second floor starts from the living room. The kitchen has maple flooring. Rooms are 9 ft. high.

**Second Floor** On this floor are four bedrooms, a hall and bathroom. All rooms have closets. The two front bedrooms are lighted by four windows each and the two rear bedrooms by two windows each, fresh air in all rooms being obtained from two sides so that ventilation is perfect. The bathroom has maple flooring. Rooms on this floor are 8 feet 2 inches high.

**Basement** Basement well lighted under the entire house, 7 feet from floor to joists with concrete floor.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear

We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$6,250.00. See page B in front of book.

Honor Bilt

## The Hopeland

No. 3036 "Already Cut" and Fitted.

\$2,819<sup>00</sup>

See Description of "Honor Bilt" Houses on Page 7.

FIRST FLOOR PLAN.

This house can be built with the rooms reversed. See page 3.

**THE** "Hopeland" is a popular farm residence with many modern conveniences. Note the Colonial windows on both floors.

**First Floor** An up to date front door leads from the porch into the vestibule. Living room and dining room have separate doors from this vestibule. A bedroom with closet on the first floor is entered from the dining room. For the dining room we furnish a sideboard. The kitchen has a closet with shelves and also a pantry with shelves and space for sink where dishes can be washed and placed away without waste of steps. Back of kitchen is a washroom, which is entered from the rear screened porch. This makes it possible for workmen to wash up at mealtime before entering the kitchen. The rear porch makes a comfortable retreat in hot weather. The basement may be entered from this porch. The stairway is conveniently located, permitting access to second floor from the dining room. The rooms are 9 feet from the floor to ceiling.

**Second Floor** Four bedrooms, closets with shelves and bathroom on this floor. The smaller bedroom can be used as a sewing room if desired. The rooms on this floor are 8 feet 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house, 7 feet 4 inches from floor to joists, with concrete floor, lighted with basement sash. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring. Outside basement stairs are cement.

SECOND FLOOR PLAN.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$245.00 extra. See page 114.  
Oak Doors, Trim and Floors for living room, vestibule and dining room, \$160.00 extra.  
Maple Flooring furnished for kitchen, pantry, washroom and bathroom, instead of yellow pine, no extra charge.  
Storm Doors and Windows, \$115.00 extra.  
Screen Doors and Windows, black wire, \$64.00 extra; galvanized wire, \$68.00 extra.  
This house can be built on a lot 40 feet wide.  
For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.

Our Guarantee Protects You—Order Your House From This Book  
Price Includes Plans and Specifications.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a concrete block foundation; No. 1 yellow pine frame construction, sided with bevel siding of clear cypress over good wood sheathing and has Fire-Chief Shingle Roll Roofing.

Honor Bilt

## The Verona

No. 17094 "Already Cut" and Fitted.

**\$3,107<sup>00</sup>**

See Description  
of "Honor  
Bilt"  
Houses on  
Page 7.

At the above price we will furnish all the material to build this seven-room house with frame construction, consisting of lumber, lath, shingles, porch ceiling, siding, finishing lumber, mill work, mantel, pantry and medicine case, columned opening, seats with table for breakfast alcove, building paper, eaves trough, down spout, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with plumbing, hot water heating plant, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$7,950.00. See page B in front of book.

**THE VERONA** is a design that has received the widest publicity and is a favorite adaptation of the Colonial type. The illustrations on this and the opposite page take the place of any elaborate description.

**First Floor** A massive Colonial door leads into the reception hall. A cased opening leads into the extra large living room, from which a pair of French doors lead to the side porch. The dining room has a cased opening from the reception hall. In the kitchen will be found a breakfast alcove and a convenient place for refrigerator. Rooms are 9 feet from floor to ceiling.

**Second Floor** Bathroom and four bedrooms with closets on this floor, all of good size and well lighted. Note the open balcony in the rear. Rooms are 8 feet 2 inches from floor to ceiling.

**Flooring** Clear maple for kitchen, pantry, alcove, rear hall and bathroom; clear oak for balance of first floor; clear yellow pine for second floor; clear edge grain fir for side and rear porches.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are one-panel fir on the first floor and two-panel clear yellow pine on the second floor, with yellow pine trim.

Paint furnished for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a brick foundation, with excavated basement 7 feet from floor to joists; No. 1 yellow pine frame construction, sided with wide clear cypress siding and roofed with extra thick red cedar shingles.

### OPTIONS

**Sheet Plaster and Plaster Finish** furnished in place of wood lath, \$245.00 extra. See page 114.

**Oak Doors and Trim** for reception hall, living and dining rooms, \$257.00 extra.

**Oriental Asphalt Shingles**, instead of wood shingles, \$25.00 extra.

**Storm Doors and Windows**, \$104.00 extra.

**Screen Doors and Windows**, black wire, \$75.00 extra; galvanized wire, \$79.00 extra.

**If Mantel is not wanted**, \$58.00 less.

**Tile Floor** for bathroom, instead of wood, \$15.00 extra.

**Can be built on a lot 50 feet wide.**

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Honor Bill

## The Marquette

No. 3046 "Already Cut" and Fitted.

\$2,024<sup>00</sup>

See Description of "Honor Bill" Houses on Page 7.

At the price quoted we will furnish all the material to build this five-room house. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$4,850.00. See page B in front of book.

FIRST FLOOR PLAN.

IN THE Marquette the architect has very successfully applied the gambrel roof to a Colonial type and added many attractive features. The front porch with its Colonial columns worked in combination with trellises, the Colonial attic windows and flower boxes produce a harmonious effect seldom obtained in this type of house.

**First Floor** Hospitality characterizes the big living room, filled as it is with light by the windows and French doors in front and pair of windows on the side. In one corner a coat closet makes orderliness easy. A sideboard can be placed in the dining room opposite the cased opening. The kitchen is pretty well shut out of the living and dining rooms, as you can see by the plan, yet the work is made easy and pleasant. The sink is on a direct route between the pantry and stove and is where there will always be good light, and on hot days a cross current of air. Lots of room in front of sink, stove and table. Another window lights the pantry, where the ice box may stand indoors; the icing door we provide will permit the ice man filling it without entering the house. With the covered porch in back and the grade entrance at the side, there are two ways out. Rooms are 8 feet 2 inches from floor to ceiling.

**Second Floor** Big bedrooms, big closets, lots of light and air. The front bedroom will take two full size beds comfortably—there are two good closets in it. Each bedroom has a cozy nook where seats are built at the dormer windows. Cross ventilation and good planning, not to mention the big closets, make the bedrooms delightful. Rooms are 8 feet 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Paint for three coats outside, two coats of stain for shingles in gable; your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120. Built on a concrete and brick foundation. No. 1 yellow pine framing lumber. Clear cypress siding for first story and cedar shingles for gable. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed 17 years.

SECOND FLOOR PLAN.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$151.00 extra. See page 114.  
Oak Doors, Trim and Floors in living room, dining room and stairs instead of yellow pine, \$156.00 extra.  
Maple Flooring for kitchen, pantry and bathroom instead of yellow pine, no extra charge.  
Storm Doors and Windows, \$83.00 extra.  
Screen Doors and Windows, black wire, \$52.00 extra; galvanized wire, \$58.00 extra.  
This house can be built on a lot 26 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.

Our Guarantee Protects You—Order Your House From This Book  
Price Includes Plans and Specifications.

# FIVE ROOMS BATH AND PORCH

At the price quoted we will furnish all the material to build this five-room house, consisting of lumber, lath, Fire-Chief Shingle Roll Roofing, mill work, flooring, porch ceiling, siding, finishing lumber, medicine case, kitchen cupboard, building paper, eaves trough, down spout, sash weights, hardware and painting material. We guarantee enough material to build this house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$3,745.00. See page B in front of book.

See Description of "Honor Bilt" Houses on Page 7.

FIRST FLOOR PLAN.

Built on a concrete block foundation, frame construction and sided with narrow bevel clear cypress siding. Fire-Chief Shingle Roll Roofing for the roof, guaranteed for seventeen years.

*The Roseberry*  
No. 2037 "Already Cut" and Fitted.  
**\$1,436<sup>00</sup>**

**WE CONSIDER** this house to be a remarkable bargain for the price. We furnish the material "already cut" and fitted. It is a house that will look well in any community. The front porch and entire elevation cannot fail to win favorable comment.

**First Floor** The front porch extends across the entire width of the house. A cased opening between the living room and dining room. Beamed ceiling in the dining room. Door leads from the dining room into the kitchen. A stairway leads from the living room to the second floor and from the kitchen to the basement. Rooms are 8 feet 4 inches from floor to ceiling.

**Second Floor** Two good size bedrooms and bathroom on the second floor. Both bedrooms lighted from two sides. Rooms on the second floor are 8 feet 2 inches from floor to ceiling.

**Basement** Excavated basement under the entire house, with concrete floor, lighted with basement sash. Height of basement, 7 feet from floor to joists. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119.

Interior doors are five-cross panel, with trim and flooring to match, all yellow pine in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring. Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

This house can be built on a lot 28 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Modern Home No. 2037 has been built at Waterbury, Conn., New Stanton, Penna., and Morocco, Ind.

SECOND FLOOR PLAN.

# FIVE ROOMS AND SLEEPING BALCONY

At the prices quoted we will furnish all the material to build this six-room bungalow, consisting of mill work, lumber, lath, shingles, flooring, porch ceiling, finishing lumber, buffet, kitchen cupboard, colonnade and medicine case, building paper, eaves trough, down spout, mantel, sash weights, hardware and painting material. We guarantee enough material to build this bungalow. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$6,745.00 for No. 12069 and \$7,129.00 for No. 1259. See page B in front of book.

**Honor Bilt**

## The Hollywood

**\$2,949.00** No. 1259 Not Cut and Fitted.  
**\$2,978.00** No. 12069 "Already Cut" and Fitted.

FLOOR PLAN No. 1259.

**THE** charm and homelike aspect of this bungalow will appeal to you. It has received honorable mention in leading architectural magazines. The arrangement of the rooms conforms to the approved bungalow style.

**Main Floor** Note the large living room with mantel nook at one end partly separated from the living room by Craftsman colonnades. The front door is Craftsman design. The dining room has a window seat in the bay window, and also a beamed ceiling and handsome buffet. A door leads from the dining room into the kitchen and another to the hall. The kitchen is equipped with cabinet to serve as pantry. There is a sleeping porch between the rear bedroom and kitchen which can be reached from the hall.

**Basement** Excavated basement under entire house with a concrete floor.

**Height of Ceilings** The basement is 7 feet high from floor to joists. Rooms on the main floor are 9 feet from the floor to the ceiling. Built on a concrete foundation; No. 1 yellow pine frame construction. Sided and roofed with best grade thick red cedar shingles.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are one panel fir with yellow pine trim, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for three coats outside, two coats stain for shingles on sides, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

**Flooring** Clear maple for kitchen and bathroom, clear oak for balance of rooms. Clear edge grain fir for side porch.

See Description of "Honor Bilt" Houses on Page 7.

FLOOR PLAN No. 12069.

### OPTIONS

# ECONO-BILT HOMES

## The VALLEY

No. 6000 "Already Cut" and Fitted.

"Econo-Bilt" Construction. See Page 7.

**\$976<sup>00</sup>**

At the price quoted we will furnish all the material to build this three-room house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade pipeless furnace, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$2,825.00. See page B in front of book.

**Main Floor** From the 18-foot porch one enters into a sunny room which is big enough to use for both living and dining room. The two windows on the side wall make it airy, and with the other window and the glazed modern design front door there will be lots of light. From the hall at the end of the big room you can enter either the bedroom or bathroom. In the hall is a closet for wraps or linen. The bedroom has windows on two sides and a large closet. This room is much better arranged than most bedrooms in flats. The bathroom is not only light, roomy and easy to reach from any other part of the house, but over the end of the bathtub is a closet, so big that it will hold all your towels and linens. The kitchen has three windows, one over the table in the breakfast alcove, the other two at the rear side, giving plenty of light all over the kitchen. In the pantry there are shelves along one wall, while under the window is a handy pantry case. Leading to landing at the back door is a space where the ice box or other good size things may be kept. From this landing you can go down to the basement or pass outdoors.

Paint for two coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Rooms are 8 feet 2 inches high from floor to ceiling.

Excavated basement under entire house, 7 feet high.

Built on a concrete block foundation, frame construction and sided with Oriental slate surfaced siding. Fire-Chief Shingle Roll Roofing for the roof, guaranteed for seventeen years.

### OPTIONS

This house can be built on a lot 38 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Our Guarantee Protects You—Order Your House From This Book. Price Includes Plans and Specifications.

## The VINITA

No. 6001 "Already Cut" and Fitted.

"Econo-Bilt" Construction. See Page 7.

**\$1,240<sup>00</sup>**

At the price quoted we will furnish all the material to build this five-room house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$3,339.00. See page B in front of book.

**Main Floor** The size and fine proportions of the living room make it an easy matter to furnish and decorate it attractively. There are three windows in the dining room; bedrooms have good closets, doors that do not swing against furniture, windows where they will not interfere with comfortable arrangement of the beds; both bedrooms have easy access to the bathroom. The kitchen is well lighted and conveniently arranged. Besides, there is a good closet next to the stove. The kitchen door leads to a space for refrigerator and brooms, with stairs leading to landing. The grade entrance makes it unnecessary for tradesmen to come into the kitchen and things can be carried in and out of the basement without disturbing work in the kitchen. Rooms are 8 feet 2 inches from floor to ceiling.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Paint for two coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Basement under entire house, 7 feet high.

Built on a concrete block foundation, frame construction and sided with Oriental Slate Surfaced Roofing. Fire-Chief Shingle Roll Roofing for the roof, guaranteed for seventeen years.

# ECONO-BILT HOMES

## The VINEMONT

No. 6002 "Already Cut" and Fitted.

ECONO BILT

(See Page 7.)

\$806<sup>00</sup>

At the price quoted we will furnish all the material to build this three-room bungalow. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade pipeless furnace, sink, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$2,313.00. See page B in front of book.

**Main Floor** The three windows in the living room would be enough to assure you of plenty of light and air, but the entrance being where it is and having a glazed door, you actually have light and air on three sides of this room. The living room is not only light, but roomy as well. The bedroom has two windows and an extra large closet. This room is planned so that there will be room for quite a lot of furniture. On one side of the kitchen is a big alcove with a window in it where meals can be served. The stove is out of the way, yet has good light. On the other side of the room is a handy closet with shelves, the sink and a place for a work table under the window. When you step out the back door you are on a landing where there is enough room for a large ice box. Three steps take you down to the lower landing from which you can walk outdoors or go on down to the basement. The grade entrance is handy and will do much to help keep the kitchen clean and warm. Rooms are 8 feet 2 inches from floor to ceiling. We furnish our best "Quality Guaranteed" mill work. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine,

with good quality glass set in with best grade of putty. Porch has fir edge grain flooring.

Paint for two coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete block foundation, excavated basement. Frame construction and sided with Oriental Slate Surfaced Siding. Fire-Chief Shingle Roll Roofing, guaranteed 17 years, for the roof. All framing timbers are of No. 1 quality yellow pine.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$75.00 extra. See page 114.

Storm Doors and Windows, \$31.00 extra.

Screen Doors and Windows, black wire, \$19.00 extra; galvanized wire, \$20.00 extra.

## The VERNDALE

No. 6003 "Already Cut" and Fitted.

ECONO BILT

(See Page 7.)

\$966<sup>00</sup>

At the price quoted we will furnish all the material to build this three-room bungalow. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade pipeless furnace, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$2,903.00. See page B in front of book.

**Main Floor** The reason the living room is so cozy is because it is so well planned. Interior doorways are in the corner, leaving big spaces along the walls for furniture. The glazed door and two windows let in the light on two sides. There is room for a good size table so you can quickly make a dining room when necessary, which will accommodate extra company. A little hall, connected with the living room, leads to bedroom and bathroom. Off the hall is a closet. The bedroom has a large size closet and a window on two sides of the room so arranged that the bed can be set entirely away from them. When extra sleeping room is needed there is the big attic, stairs to which are in the back of the house. In the kitchen the pantry, sink and stove are handy to each other. Across the room is the sunny breakfast alcove. In the pantry is an outside window and plenty of shelf room. The door opens on a well lighted landing where there is space for an ice box and the door to the attic stairs. Three steps down is another roomy landing from which you can walk outdoors or down to the basement.

Basement, 7 feet from floor to joists. First floor, 8 feet 2 inches from floor to ceiling. We furnish our best "Quality Guaranteed" mill work. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has cement floor and steps.

Fire-Chief Shingle Roll Roofing for roof guaranteed for seventeen years. For siding, Oriental Slate Surfaced Siding is furnished.

No. 1 yellow pine framing lumber. Basement excavated and has concrete floor. Concrete block foundation.

Paint for two coats outside; varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

### OPTIONS

Two Finished Rooms in the Attic with single floor, \$186.00 extra. See attic plan.

Sheet Plaster and Plaster Finish to take the place of wood lath, \$84.00 extra; with Attic, \$164.00 extra. See page 114.

Storm Doors and Windows, \$39.00 extra.

Screen Doors and Windows, black wire, \$22.00 extra; galvanized wire, \$23.00 extra.

This house can be built on a lot 30 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades, see page 115.

## The CORONA

No. 1240 Not Cut or Fitted.

\$3,364<sup>00</sup>

At the price quoted we will supply all the material to build this seven-room bungalow. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$7,926.00. See page B in front of book.

**First Floor** Large living room has a beamed ceiling and brick mantel with bookcases on each side. Above the bookcases are casement sash. Bookcase and colonnade between this room and the dining room. Beamed ceiling in dining room. Door from living room to bedroom and a door from dining room into the hall connecting with the kitchen, bathroom, stairs and rear bedroom. Breakfast nook with permanent seats on each side of table in the kitchen. Rooms are 9 feet high from floor to ceiling.

**Second Floor** A stairway opens into the hall on the second floor leading to the two bedrooms and sleeping porch which is large enough for a bedroom if desired, or it can be used as a sewing room or a den. Rooms are 7 feet high from floor to ceiling.

**Basement** Excavated basement the full width of the bungalow and 30 feet long. Has concrete floor and is 7 feet high from floor to joists.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Built on a concrete foundation. No. 1 yellow pine frame construction. Sided with clear cypress siding and roofed with best grade thick cedar shingles over good wood sheathing. Three coats of paint for outside woodwork; varnish and filler for interior.

Chicago Design hardware, see page 120.

This house has double floors and is enclosed with good sheathing.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

## Five-Room, for a 20-Foot Lot.

At the price below we will furnish all the material to build this five-room house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$3,681.00. See page B in front of book.

THIS house was designed as a bargain in price, with special attention to an attractive exterior and an economical arrangement of floor plan. The shingles on the second story, laid alternately 6 and 2 inches to the weather, together with the Colonial windows, produce a pleasing effect seldom found in a house priced so low.

**First Floor** From the porch the front door opens into the living room, which is connected with the dining room by a casement opening. A door leads from the dining room to the kitchen, which has a good size pantry. Another door in the kitchen leads to a rear stoop. A side door leads to basement or dining room. There is an open stairway leading from the living room to the second floor. Rooms are 8 feet 2 inches from floor to ceiling.

**Second Floor** This floor has two good size bedrooms and a bathroom. Closets in both bedrooms. Rooms are 8 feet from floor to ceiling.

**Basement** An excavated basement under the entire house, 7 feet from floor to joists and lighted with basement sash.

## The AUBURN

No. 2046 "Already Cut" and Fitted.

Honor Built \$3,624<sup>00</sup>

### First Floor

In the reception hall is an open stairway and Colonial columns or colonnades reaching from the floor to the head casing. In the living room is a Colonial fireplace. The dining room is separated from the living room by double sliding doors. A Craftsman design oak buffet is provided for the dining room. A door leads from this dining room to the outside dining porch. The kitchen is large, has a good size pantry with shelving on both sides and opens into the kitchen and dining room.

### Second Floor

The stairs from the rear hall join the landing of the main stairs, permitting one to go to the second floor from either the kitchen or reception hall. All four bedrooms have large closets.

Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Rear porches have fir edge grain flooring. Paint for three coats outside; varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

This house is built on a concrete and brick foundation, No. 1 yellow pine frame construction, sided with clear cypress siding over good sheathing and has best grade thick cedar shingle roof. Excavated basement with concrete floor under the entire house, 7 feet from the floor to joists. Rooms on the first floor have 9-foot ceilings. Rooms on the second floor have 8-foot 2-inch ceilings. Double floors.

### OPTIONS.

# MAKE BUILDING EASY

## The WABASH

No. 2003 "Already Cut" and Fitted.

**Honor Bilt**

**\$1,163<sup>00</sup>**

See Description of "Honor Bilt" Houses on Page 7.  
At the price shown we will furnish all the material to build this four-room house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, sink, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$2,581.00. See page B in front of book.

**Main Floor** The first thing you notice is a useful and enjoyable spacious screened porch. By casing in with sash in Winter this porch can be used as a laundry room, where washing and ironing can be performed with comfort without filling the house with steam vapors, or as a sleeping porch. From the screened porch you can enter direct to the combination dining room and living room without disturbing the women in the kitchen. Separate entrance to living room from front of house.

The kitchen is lighted on three sides. Under the work table is a fuel box which can be filled once a week. The ashes drop from the stove through an iron pipe to a concrete ash bin beneath the floor.

A door leads from the kitchen into the dining and living room.

A door leads into one of the bedrooms and a cased opening leads into the other. Both bedrooms have closets and are lighted from two sides.

Rooms are 9 feet from floor to ceiling. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has fir edge grain flooring. The screened porch has a cement floor.

Paint for three coats, outside your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

No. 1 yellow pine frame construction, sided with clear cypress bevel siding and for the roof Fire-Chief Shingle Roll Roofing. Concrete block foundation.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$70.00 extra. See page 114.

Maple Flooring furnished for kitchen, instead of yellow pine, no extra charge.

Change screened porch into bedroom, \$60.00 extra; this includes one extra outside kitchen door.

Storm Doors and Windows, also for screened porch, \$57.00 extra.

Screen Doors and Windows, black wire, \$29.00 extra; galvanized wire, \$30.00 extra.

If Mantel is not wanted, deduct \$38.00.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

This house can be built with the rooms reversed. See page 3.

Can be built on a lot 38 feet wide.

## The LAKELAND

No. 129 Not Cut or Fitted.

**\$3,856<sup>00</sup>**

At the above price we will furnish all the material to build this twelve-room duplex (two-family) house. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$9,813.00. See page B in front of book.

**First Floor** Front doors open to the vestibules. Doors lead from the halls to the living rooms and dining rooms. Grilles between the living rooms and dining rooms. Plate rail in the dining rooms. Leaded crystal windows for the dining rooms and living rooms. Large kitchens and pantries. Inside cellar stairways under the main stairs. Rooms are 9 feet from floor to ceiling.

**Second Floor** Rooms are 8 feet 6 inches from floor to ceiling.

**Basement** Excavated basement under the entire house is divided, making a private basement for each family. Height, 7 feet 2 inches from floor to joists.

Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120. Built on a concrete block foundation, No. 1 yellow pine framing lumber, sided with narrow bevel clear cypress siding over good wood sheathing and has best grade thick cedar shingle roof.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$370.00 extra. See page 114.

Oriental Asphalt Shingles, instead of wood shingles, \$19.00 extra.

Fire-Chief Shingle Roll Roofing, Red or Sea Green in color, instead of wood shingles, \$44.00 less.

Oak Doors, Trim and Floors for living rooms and

dining rooms, \$398.00 extra.

Clear Maple Flooring for kitchens, pantries and bathrooms, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$173.00 extra.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a concrete block foundation, excavated under the entire house.

Our Guarantee Protects You—Order Your House From This Book. Price Includes Plans and Specifications.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

## The ATLANTA

No. 247 Not Cut or Fitted.

\$4,482<sup>00</sup>

At the price quoted we will furnish all the material to build this twenty-room, four-apartment building. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade hot water heating plant, plumbing, electric wiring and lighting fixtures, including ALL material and ALL labor, for \$11,750.00. See page B in front of book.

**First and Second Floors** A good quality door with glass leads to a vestibule, opposite which stairs lead to the second floor. Doors lead to the first floor living rooms, and on second floor to dining rooms. Each living room has a mantel; also two windows and glazed door leading to private porch. Rooms are 9 feet from floor to ceiling.

**Basement** Excavated basement with concrete floor under the entire house, 7 feet 4 inches from floor to joists, separated in two parts, each half being for two of the families in the building. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Rear porches have fir edge grain flooring. Front porches on first floor have cement floor; the second story porches have Best-of-all porch covering.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120. Built on a concrete block foundation; No. 1 yellow pine framing lumber; sided with narrow clear cypress siding over good wood sheathing. Prepared roofing, guaranteed for ten years.

# FOUR ROOMS BATH AND PORCH

## The LORNE

See Description of "Honor Bilt" and "Lighter Bilt" Houses on Page 7.

**\$2,002.00** No. 3053 "Honor Bilt,"  
**1,386.00** "Already Cut" and Fitted.  
No. 13053 "Lighter Bilt,"  
Not Cut or Fitted.

At the prices quoted we will furnish all the material to build this four-room house. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$4,900.00 for No. 3053 and \$4,200.00 for No. 13053. See page B in front of book.

**Main Floor** Through the door, French in style, but heavier, one enters a reception hall of good size. By means of a wide eared opening this is connected with the combined living and dining room. There are three windows and closet in each bedroom. Both rooms open off the hall, at the end of which is the bathroom. Half way down the hall is another good closet, useful for wraps or linen. There is a large attic, the stairs going up from the kitchen. The Lorne has a modern grade entrance where space is provided big enough for a refrigerator. Rooms are 9 feet from floor to ceiling.

Basement is 7 feet high under entire house.

Sided with extra thick Red Cedar Shingles and roofed with Fire-Chief Shingle Roll Roofing, guaranteed 17 years.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has fir edge grain flooring.

Paint for three coats outside, shingle stain for two brush coats for shingles on sides, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

**OPTIONS**  
Furnished with four rooms in attic, with single floor, \$341.00 extra.  
Sheet Plaster and Plaster Finish to take the place of wood lath, \$133.00 extra; with attic, \$174.00 extra. See page 114.  
Maple Flooring furnished for kitchen and bathroom, instead of yellow pine, no extra charge.

Storm Doors and Windows, \$58.00 extra.  
Screen Doors and Windows, black wire, \$32.00 extra; galvanized wire, \$36.00 extra.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

Can be built on a lot 38 feet wide.  
Our Guarantee Protects You—Order Your House From This Book.  
Prices Include Plans and Specifications.

This house can be built with the rooms reversed. See page 3.

## The DUNDEE

See Description of "Honor Bilt" and "Lighter Bilt" Houses on Page 7.

**\$1,042.00** No. 3051 "Honor Bilt,"  
**775.00** "Already Cut" and Fitted.  
No. 13051 "Lighter Bilt,"  
Not Cut or Fitted.

At the prices quoted we will furnish all the material to build this four-room house. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade pipeless furnace, sink, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$2,625.00 for No. 3051 and \$2,225.00 for No. 13051. See page B in front of book.

**Main Floor** Long spaces along the walls of living room provide for furniture. The kitchen is big, yet the work can be done quickly. This is because the sink, cupboard and range are side by side. Notice that the kitchen cupboard is the convenient one shown on page 58. Near the stove a door opens to a large closet. All space in the corner under the two windows is left for the table, so that meals can be eaten in this kitchen with perfect comfort. At the same time there is plenty of light for work, and the housewife will appreciate having a window directly opposite the stove so that the light will shine into the oven. Brooms and cleaning utensils as well as refrigerator can stand on the landing. Each bedroom has windows on two sides and generous closets. Both rooms are of comfortable size and permit the beds to be placed away from the windows. Rooms on this floor are 8 feet 2 inches from floor to ceiling.

Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design Hardware, see page 121.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty.

Basement 7 feet from floor to joists.  
Built on a brick foundation. No. 1 yellow pine frame construction and sided with narrow bevel clear cypress siding. Seventeen-year guaranteed Fire-Chief Shingle Roll Roofing for the roof.

Our Guarantee Protects You—Order Your House From This Book.  
Prices Include Plans and Specifications.

**OPTIONS**  
Sheet Plaster and Plaster Finish to take the place of wood lath, \$82.00 extra.  
Storm Doors and Windows, \$38.00 extra.  
Screen Doors and Windows, black wire, \$21.00 extra; galvanized wire, \$23.00 extra.  
This house can be built on a lot 30 feet wide.  
For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

# FOUR ROOMS BATH AND PORCH

## The ALPHA

Honor Bilt

No. 7031 "Honor Bilt,"  
"Already Cut" and Fitted. \$1,316.00  
No. 17031 Lighter Bilt. 938.00  
Not Cut or Fitted. . . . .

At the prices quoted we will furnish all the material to build this four-room bungalow. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade pipeless furnace, plumbing, electric wiring and lighting fixtures, including **ALL material and ALL labor**, for \$3,175.00; and \$2,800.00 for No. 17031. See page B in front of book.

**Main Floor** Three windows and the glazed door make the living room bright, and the windows are so located that you can pull up your chair to read or sew. The wide spaces along the walls are exactly where you want the big pieces of furniture to go. Nine by twelve rugs are just made for rooms of this good size and shape. The bathroom opens off the hallway between kitchen and living room, and across from it is a dandy big closet. In this location there are a dozen different uses to which a closet can be put. Lots of room and light in the kitchen. With one window at the sink and another over the table, it will be well ventilated. The modern grade entrance keeps out the winter cold and all year around prevents tracking up the kitchen floor. Things can be carried into the basement without passing through the kitchen. On the landing are the ice box space and a place for brooms. We have figured to save you money on plumbing by having all the fixtures close together. Each bedroom has its own 5-foot closet with closed openings, space for everything needed and room to get around in. The front bedroom has windows on two sides. Rooms 8 feet 2 inches high from floor to ceiling.

**Basement** The excavated basement under the entire house has a concrete floor and measures 7 feet from floor to joists.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Front porch has clear edge grain fir flooring.

Built on concrete block foundation; No. 1 yellow pine framing lumber; sided with narrow bevel clear cypress siding. Paint for three coats outside; varnish and wood filler for inside finish. Chicago Design hardware, see page 120. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed for seventeen years.

This house can be built with the rooms reversed. See page 3.

PORCH

FLOOR PLAN.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$92.00 extra. See page 114.

This bungalow can be built on a lot 30 feet wide.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

## The BROOKSIDE

Honor Bilt

\$1,346.00

No. 2091 "Already Cut" and Fitted

At the price quoted we will furnish all the material to build this four-room house with bath. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL material and ALL labor**, for \$3,355.00. See page B in front of book.

**Main Floor** From the porch a door leads into the living room, which is separated from the dining room by a cased opening, making practically one large room clear across the entire width of the house. The living room has an oak mantel with mirror and a cased opening leading to the hall, which connects with the bathroom and bedroom. From the dining room a door leads to the kitchen. Directly back of the kitchen is a grade entrance, which has a stairway leading to the basement. All rooms are 9 feet from floor to ceiling.

**Basement** An excavated basement under the entire house, 7 feet from floor to joists, and lighted with basement sash.

We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porch has fir edge grain flooring.

Paint for three coats outside. Stain for two coats for gable shingles, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121.

Built on a concrete foundation, No. 1 yellow pine frame construction and sided with bevel clear cypress siding. Front gable sided with cedar shingles. Seventeen-year guaranteed Fire-Chief Shingle Roll Roofing for the roof.

### OPTIONS

Prices Include Plans and Specifications.

SEARS, ROEBUCK AND CO.

# SIX ROOMS BATH AND PORCH

At the price quoted we will furnish all the material to build this six-room house. Can be furnished 2 feet 6 in. wider for \$112.00 extra. Price does not include cement, brick or plaster.

Can be BUILT COMPLETE with high grade warm air heating plant, plumbing, electric wiring, lighting fixtures, including ALL material and ALL labor, for \$4,940.00. See page B in front of book.

## First Floor

A bevel plate glass front door, 3 feet by 7 feet, opens from the porch into the large living room. There is an open stairway leading to the second floor. A cased opening leads from the living room into the dining room. The kitchen has a good size pantry adjoining. Please note that we furnish colored leaded art glass sash next to the front door and facing stairway on the inside. We also furnish a crystal leaded front window for the living room. Inside cellar stairs directly under main stairs lead to basement.

## Second Floor

The three bedrooms and bathroom can be entered direct from the hall, and all rooms have an abundance of light and air. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have

**Sheet Plaster and Plaster Finish to take the place of wood lath, \$150.00 extra. See page 114.**  
**Oriental Asphalt Shingles instead of wood shingles, \$15.00 extra.**  
**Fire-Chief Shingle Roll Roofing, Red or Sea Green in color, instead of wood shingles, \$10.00 less.**

Our Guarantee Protects You—Order Your House From This Book. Price Includes Plans and Specifications.

"Honor Bilt" Construction explained on page 7.

FIRST FLOOR PLAN.

This house can be built with rooms reversed. See page 3.

SECOND FLOOR PLAN.

## First Floor

From the porch a door leads into the hall. This is connected with the living room by a cased opening. Another cased opening leads into the dining room directly in the rear of the living room. There is an open stairway in the hall leading to the second floor and another stairway from the kitchen to the basement. A swinging door connects the dining room and kitchen. A side entrance leads to the kitchen so that it can be entered without passing through the other rooms. From the living room a pair of French doors lead to the private side porch. On this floor is a clothes closet in the hall and one in the kitchen. This porch may also be reached by means of steps from the rear.

## Second Floor

There are three large bedrooms on the second floor with bathroom. Two bedrooms have closets furnished with shelves. There are two closets in hall handy to bedrooms and bathroom. All rooms are well ventilated and lighted. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have clear edge grain fir flooring. Built on a concrete foundation and excavated under entire house. We furnish clear cypress siding and extra heavy Fire-Chief Roofing. Framing lumber of No. 1 quality yellow pine.

Our Guarantee Protects You—Order Your House From This Book. Price Includes Plans and Specifications.

# DIGNIFIED AND GRACEFUL

## The IONIA

See Description of "Honor Bilt" Houses on Page 7.

**\$1,038.00**  
**751.00**

No. 7034 "Already Cut" and Fitted.  
No. 17034 Not Cut or Fitted.  
Lighter Built.

At the prices quoted we will furnish all the material to build this three-room cottage. Prices do not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade pipeless furnace, sink, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$2,300.00 for No. 7034, and \$2,000.00 for No. 17034. See page B in front of book.

**Main Floor** All the windows in the house harmonize with the pretty bungalow door which leads to the combined living and dining room. This room is big enough for the living room furniture besides the dining table and chairs. Notice how much room there is against the walls for furniture. Two of the windows are grouped at the side while another is in front, just where the light will be needed for the piano or easy chair. A big closet at the foot of the attic stairs will be useful for many things besides wraps. No one can see into the kitchen from the front. Two windows and a large closet in the bedroom. Space for the dresser next to the window for good light.

There are several different ways a full size bed can be turned. Besides this room

**Basement** Excavated basement under entire house, 7 feet from floor to joists, lighted with basement sash. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Stratford Design hardware, see page 121. Built on a concrete foundation. No. 1 yellow pine framing lumber. Clear cypress siding. Roofed with Fire-Chief Shingle Roll Roofing, guaranteed for 17 years.

Our Guarantee Protects You—Order Your House From This Book.  
Prices Include Plans and Specifications.

See Description of "Honor Bilt" Houses on Page 7.

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

FLOOR PLAN.

there is the big attic. The kitchen is so big and pleasant that we predict the family will want to spend a good part of their time there. As you come into the kitchen the sink and space for cabinet are together on the right. The stove is just on the other side of the door. Light shines directly into the oven and a window is near the sink. There being windows on two sides, the room will always be light and airy. The grade entrance helps keep the kitchen warm and prevents tracking up the clean floor. It makes a quick and easy trip between yard and basement, too. On the same level as the kitchen floor and around the corner from the stove is a place big enough to hold a refrigerator, with shelves above, which will be handy for many things.

Rooms are 8 feet 2 inches from floor to ceiling.

### OPTIONS

Sheet Plaster and Plaster Finish to take the place of wood lath, \$61.00 extra.  
Storm Doors and Windows, \$36.00 extra.  
Screen Doors and Windows, black wire, \$18.00 extra; galvanized wire, \$20.00 extra.  
This house can be built on a lot 25 feet wide.  
For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

At the price quoted we will furnish all the material to build this eight-room house. Price does not include cement, brick or plaster.

Can be **BUILT COMPLETE** with high grade warm air heating plant, plumbing, electric wiring and lighting fixtures, including **ALL** material and **ALL** labor, for \$6,250.00. See page B in front of book.

This house can be built with the rooms reversed. See page 3.

### First Floor

From the porch you enter into the large living room, in which is a nice open stairway to the second floor. You can go to the kitchen from the library or from the living room. The library can conveniently be used for a dining room if it better suits the family. The living room has a handy closet with shelves. The kitchen has a pantry with sink and shelves, making work easy for the housewife. From the back stoop a washroom is reached. This is also provided with a sink for the convenience of men, who can enter either the kitchen or combination living and dining room from the rear hall. The floor plan also meets the requirements of many farm residences, calling for a bedroom on the first floor. The bedroom is provided with closet and shelves. The rooms on this floor are 9 feet from floor to ceiling.

### Second Floor

There are four good size bedrooms with closets and shelves on this floor, also bathroom furnished with medicine case. Each bedroom is well lighted, the two front ones having three windows and the rear ones three windows. Note the very desirable porch which can be screened in as a sleeping porch for Summer use. The rooms on this floor are 8 feet 4 inches from floor to ceiling.

### Basement

Excavated under the entire house, 6 feet 6 inches from concrete floor to joists, lighted with basement sash. We furnish our best "Quality Guaranteed" mill work, shown on pages 118 and 119. Interior doors are five-cross panel, with trim and flooring to match, all yellow pine, in beautiful grain and color. Windows are made of clear California white pine, with good quality glass set in with best grade of putty. Porches have fir edge grain flooring. Paint for three coats outside, your choice of color. Varnish and wood filler for interior finish. Chicago Design hardware, see page 120.

Built on a concrete block foundation, No. 1 yellow pine frame construction, sided with clear bevel cypress siding over good sheathing and has Fire-Chief Shingle Roll Roofing.

Sheet Plaster and Plaster Finish to take the place of wood lath, \$234.00 extra. See page 114.

Storm Doors and Windows, \$115.00 extra.

Screen Doors and Windows, black wire, \$56.00 extra; galvanized wire, \$59.00 extra.

For prices of Plumbing, Heating, Wiring, Electric Fixtures and Shades see page 115.

## The DURHAM

French Window Section.

Colonial Window Section With Blinds.

**Ideal Seashore,  
Lake, Winter Resort Houses and  
Substantial Garages.**

On this and the three following pages we illustrate and describe SIMPLEX SECTIONAL PORTABLE BUILDINGS. These buildings should not be confused with "HONOR BILT" Already Cut Houses, listed on the preceding pages and fully described on pages 6, 7, 10 and 11 of this book. There is a distinct difference between "HONOR BILT" Already Cut Homes and SIMPLEX SECTIONAL Buildings.

## General Specifications of Simplex Sectional Buildings.

Constructed of strictly No. 1 lumber, bright, clean new stock. Sections built READY TO BOLT TOGETHER. (See illustrations to left.) Wall sections, 3 feet wide and 8 feet high, made of  $\frac{3}{4}$ -inch drop siding; floors of  $\frac{1}{2}$ -inch dressed and matched flooring in sections; floor joists, 2x6 inches; sills, 3x6 inches; roof and partitions,  $\frac{5}{8}$ -inch beaded ceiling in sections. Good quality window and door frames. Doors and windows are hung in their frames, fitted with mortise lock, hinges and window spring bolts. Joist hangers, strap irons, screws, metal clips and bolts furnished for assembling. Prices of houses include floors. For both houses and garages we furnish cedar foundation posts. Galvanized iron chimney also included in price of all houses. Outside of buildings primed with one coat of gray paint, except Mount Vernon, top of page 106, which is painted white. High grade Sea Green Fire-Chief Shingle Roll Roofing furnished for all buildings, except steel garages, unless otherwise specified in description. See the inside back cover of this book, which shows Fire-Chief Roofing in colors. Practically all wooden or sectional buildings carried in stock and can be promptly shipped from our own factory in SOUTHERN ILLINOIS. Steel garages are shipped from factory in OHIO.

Simplex Sectional Houses are ideal for use at Summer or Winter resorts and camps because they can be quickly put up at the beginning of the season and then taken down and moved to a new location or left standing.

With every building we furnish a set of easily understood instructions; also a set of blue print plans, explaining the simple method of assembling the sections. The numbers on the plans correspond with the numbers stamped on the wall sections.

**COMPLETED  
IN A FEW DAYS  
No Sawing  
No Nailing**

**Starting First Day.**

Sills in place. Ready made sections placed around the foundation ready for easy erection. This is our Strand design, listed on page 107 of this catalog.

**Noon the First Day.**

Only two men on the job. Joists set, floors on. Wall sections partly erected.

**Noon the Next Day.**

Two men on the job. All wall and inside sections up. Ready for roof sections.

**Completed End of Third Day.**

Ready for occupancy. Two men did it all.

Size, 12x18 feet. Price 242.00  
Size, 18x18 feet. With  
two pairs of doors 311.00  
for two automobiles

At the above prices we will furnish all the material to build these "Already Cut" and Fitted Garages, consisting of lumber, doors, windows, frames, lattice, Fire-Chief Shingle Roll Roofing, hardware, nails and painting material. These prices do not include cement for the floor or outside stucco finish.

**No. 13042.**

**F**OR the price quoted this garage is a real bargain. The design will look well in connection with any building in any community. The soft quiet tones of the stucco plaster, in contrast with the beautiful Fire-Chief Shingle Roll Roofing, give it a dignity and charm that can scarcely be surpassed in a building of this size and character. When vines have been trained on the lattice the effect will be really beautiful. Please carefully consider this garage if you are thinking of ordering one of our Modern Homes. It will enable you to have your automobile convenient at all times and in a year or so will pay for itself in garage rent. Then, again, you always have a handy place to make necessary repairs and do the many small jobs that are always unavoidable in order to keep an automobile in perfect condition.

**No. 13083.**

**T**HE ever increasing popularity of the automobile has created a more discriminating taste in the construction and design of the garage; whereas, a few years ago protection for the machine was the only requirement, there is an insistent demand today for a building that will harmonize with the residence itself and its surroundings. This was the idea in mind in the designing of our Garage No. 13083, illustrated at the top of this page. Large picture shows the garage as it looks from the house; small oval, the rear end, which faces the alley or driveway. Sided with matched clear cypress boards and paneled with strips, as illustrated.

**No. 13043.**

**H**ERE is a garage that can be easily built by any handy man in two or three days. We furnish the material already cut and fitted. The doors and windows are already made. Material for the lattice is also furnished by us. When painted to harmonize with the dwelling, this garage will do credit to its owner. It is sided with clear cypress drop siding and will last for years and will pay for itself in a short time. If you are thinking of building one of our Modern Homes, you will serve your own interests by ordering one of these garages, to be shipped in the same car to save freight charges. Our guarantee of satisfaction on quality of material covers these three garages in exactly the same way as it applies to any building in this book.

View shows ease with which triple folding sliding doors are operated.

## Jiffy Doors

All Star Garages listed on this page are furnished with our **new triple folding sliding doors**. Illustration to the left shows ease with which doors are operated. Illustration to right shows small amount of space occupied by doors when opened. They slide close to outer wall on track we furnish. No chance of doors blowing shut while backing in or going out. All hardware furnished.

This view illustrates the small space required for triple sliding doors when opened.

# Goodwall SHEET PLASTER

Excellent for Modern Homes

Fire Resisting, Clean, Inexpensive, Lasting, Easy to Apply

Actual Thickness →

**WHAT IT IS:** Goodwall Sheet Plaster is a fire resisting gypsum rock composition plaster of even thickness between two sheets of heavy cardboard. These cardboards are so saturated with the fire resisting gypsum composition that they make Goodwall Sheet Plaster far more fire resisting than regular lath and plaster. It comes in sheets 32x36 inches and other convenient sizes and takes the place of regular lath and plaster at less cost and with less labor. Border to the right shows actual thickness of the 32x36-inch size,  $\frac{1}{8}$  inch.

Illustration above shows Goodwall Sheet Plaster applied to studding. It is given a coat of our specially prepared Hard Plaster and Top Coat Hard Plaster Finish. It can be wall papered without the use of sizing or Hard Plaster, but for best results we recommend a  $\frac{3}{8}$ -inch coat of Hard Plaster and  $\frac{1}{8}$ -inch coat of Top Coat Hard Plaster Finish. You will then have fire resisting walls, with a perfectly smooth surface, which can be tinted any desired color or decorated like any other wall.

## READ ABOUT ITS MANY ADVANTAGES.

*It enables you to do a better job for less money and can be applied by yourself.*

*It is equal in service and strength to a lath and plaster wall.*

*It does away with lath stains and hair cracks.*

*It deadens sound as effectively as lath and plaster.*

*It is vermin proof and can be painted, papered or kalsomined.*

*It can be covered with a plaster coat of any thickness, but  $\frac{3}{8}$ -inch Hard Plaster and  $\frac{1}{8}$ -inch Top Coat Hard Plaster will be sufficient to make a smooth and seamless wall.*

*It is dry. No need to wait for weeks to drive the dampness out.*

*It can be removed in sections for plumbing repairs.*

*It is clean. No muss and dirt when you apply it.*

*It is strong. Send for a sample and try to break it with your hands.*

*It cuts out cost of lath; none needed with Goodwall Sheet Plaster.*

*It will not break when being nailed. It is tough and durable.*

*It can be cut with a saw, or broken with a clean edge by scoring the cardboard on both sides with a knife, breaking where scored.*

The Hard Plaster Finish Sticks Firmly to Goodwall Sheet Plaster.

## Goodwall Sheet Plaster Resists Fire

Quick Delivery and Low Freight Charges From Four Shipping Points. Goodwall Sheet Plaster comes in sizes and sheets as listed below.

**48MH2997**—White Top Coat. Price, per 100-pound bag, **1.95**  
Nails—One pound common 3d wire nails will be required for sixteen sheets of Goodwall Sheet Plaster, 32x36 inches.

The manufacturers of this product have demonstrated its fire resisting qualities by one of the severest tests to which it could be subjected. They built a two-room house, one-half of which was finished with lath and plaster in a regular way and the other half with Goodwall Sheet Plaster. Then the building was set on fire. The portion finished with the lath and plaster was burned to the ground, while the room which was finished with Goodwall Sheet Plaster, although charred in places, remained standing. IT ABSOLUTELY STOPPED THE FIRE. The experiment was conducted under the supervision of a Battalion Chief of the Chicago Fire Department.

# Plumbing, Heating, Electric Lighting and Window Shades for MODERN HOMES

Prices are shown here with page references to other pages where the outfits are illustrated.

NOTE: Prices for plumbing include fixtures shown, together with all pipe and fittings to install them. No pipe or fittings are included for use underground for sewage disposal or water supply purposes, as we do not know the location of your source of water supply or sewage disposal.

In the case of those few houses in the above list where the price of the pipeless furnace is not extended, we recommend hot water, steam or regular warm air heating system. If there are any special local or city requirements in regard to the manner of wiring or the use of certain material and its installation, it will be necessary for you to give us this information.

ATTIC OPTIONS OR GARAGES—Where we quote any "Honor Bilt" modern home with finished attic option or garages, the extra price for heating and electric wiring and fixtures will be quoted on application.

### Hot Water Heating Plant.

Complete hot water heating system consists of Hercules boiler and cast iron radiators with all necessary pipe, valves, fittings, etc., required to completely install, and galvanized expansion tank. Includes also complete plans and instructions for installing. Radiators to be 38 inches. Low radiators can be furnished if desired at slight extra charge.

System guaranteed to keep house comfortably warm, and to give satisfactory service in coldest Winter weather.

### Steam Heating Plant.

Complete steam heating plant consists of Hercules cast iron boiler, cast iron radiators with all necessary pipe, valves, fittings, etc., required to completely install, and all necessary steam trimmings for boiler as illustrated. Radiators to be 38 inches high. Low radiators can be furnished if desired at slight extra charge. Complete plans and instructions for installing furnished free.

System guaranteed to keep house comfortably warm in coldest Winter weather.

## Warm Air Heating Plant

Complete warm air heating plant includes Hercules Volcano warm air furnace with all necessary tin furnace pipe, galvanized smoke pipe, tin register boxes, black japanned steel registers and asbestos paper for covering pipes. We furnish only first quality double construction tin wall boxes, boots, wall stack and fittings on all our Hercules warm air heating systems. Furnace is well made of cast iron with heavily corrugated fire pot and fire dome castings, high ash pit and revolving triangular grates. Wood cold air duct not included.

Entire system guaranteed to give satisfactory service.

## The Hercules Pipeless Furnace

Our Hercules Pipeless Furnace embodies all modern improvements in pipeless furnace design. Furnace proper is made of cast iron throughout. The fire pot and fire dome castings are heavily corrugated and have deep cup joints, which prevent gas or smoke escaping into the warm air chamber.

### Revolving Triangular Grates. Easy to Operate.

Grate bars are of the revolving triangular pattern, controlled by a simple mechanism, which makes the grates easy to revolve, and a woman or a boy can easily operate them.

### Cold Air Is Taken From Upstairs.

By carefully studying the illustration of our Hercules Pipeless Furnace it will be observed that the cold air is taken from upstairs. It goes down through the large register around the outside edges and turns up inside of the inner casing, and after passing over the hot furnace is discharged through the center of the large register. The furnace is well made and guaranteed to give satisfactory service.

Combination floor and ceiling registers, illustrated in upper left hand corner, not included, but can be furnished at prices quoted in our Special Heating Catalog 498MH.

# GUARANTEED MILLWORK

Coal Chute furnished for any of our Modern Homes for \$8.00 extra.

On these two pages we illustrate some of the high grade products furnished for our different Modern Homes, according to plans and specifications. The quality of the material used in the manufacture of these different articles of mill work, as you will notice by the beautiful grain, is strictly first class. The workmanship is excellent. The designs are graceful and modern. See inside front cover page, showing how our doors and a front entrance respond to color treatment.

# FOR MODERN HOMES

The stairwork, the porchwork, the doors, windows and frames for your Modern Home are manufactured in one of the largest mill work factories in the country. Expert mechanics and modern machinery insure perfectly made mill work. Your mill work will reach you in spotless condition, ready for paint, stain or varnish the moment it is installed.

SEARS, ROEBUCK AND CO.

### Chicago Design Hardware for "Honor Bilt" Modern Homes.

From this assortment we select the hardware for your Modern Home, according to number of rooms as per specifications furnished.

Front and rear door lock sets are made of genuine brass, old copper finish. Push plate of heavy glass.

Inside door and sliding door lock sets are made of electro plated steel, old copper finish.

Bathroom door lock set is made of electro plated steel, old copper finish outside, nickel plated finish inside to match the balance of bathroom hardware.

Other exposed articles have copper plated finish, thus securing a uniform treatment throughout the house.

Nails of all sizes and kinds required are also furnished.

### Stratford Design Hardware for "Honor Bilt" Modern Homes.

From this assortment we select the hardware for your Modern Home, according to number of rooms as per specifications furnished.

Sliding door, front door and rear door lock sets shown above are made of genuine brass, lemon finish. Push plate of heavy glass.

Inside door lock set is made of electro plated steel, lemon brass finish.

Bathroom door lock set is made of genuine brass, lemon finish outside and nickel plated finish inside to match the balance of bathroom hardware, which is all nickel finish.

Other exposed articles are lemon brass finish, except coat and hat hook which has a copper plated finish.

Nails of all sizes and kinds required are also furnished.

### Complete Plumbing System.

Includes Chippendale bathroom outfit, 30-gallon galvanized range boiler, two-compartment laundry tub, size 48x24 inches, and cast iron enameled one-piece apron sink, with all necessary galvanized iron supply and waste pipe, soil pipe, calking lead, oakum, galvanized fittings, faucets, traps and connections, etc.; in fact, everything required to install the entire system in a first class, sanitary manner.

Water supply system or pipes for gas not included.

System guaranteed to give satisfactory service. Complete plans and instructions for installing furnished free.

### Complete Plumbing System.

Complete plumbing system includes this Dellwood bathroom outfit, a 30-gallon galvanized range boiler, two-compartment laundry tub, size 24x48 inches, one-piece sink, size 18x30 inches, with drain board and all necessary cast iron soil pipe, calking lead, oakum, galvanized supply and waste pipe, galvanized fittings, faucets, traps and connections; in fact everything required to install the entire plumbing system in a first class, sanitary manner.

We furnish plans and full instructions for installing. Any handy man can easily do the work. All connections are threaded for iron pipe.

Water supply system or pipes for gas not included. Entire system guaranteed to give satisfactory service.

# Ever Ready Automatic Electric Water Supply System

## Requires Practically No Attention

### Why Be Without This Great Convenience?

There is not a single investment we know of that will add more to the health, happiness and comfort of your entire family than the installation of a modern plumbing system with running water in your home. Just think of the tons of water carried by your wife or children in the course of a year for ordinary household use. Think of the many thousands of steps which could be saved and the great relief from drudgery for the women folks if you had a modern sanitary sink with running hot and cold water in your kitchen and a set of laundry tubs in your basement. What a tremendous amount of work you could save yourself by having a modern automatic electric water supply system, such as described on this page, in your home or on your farm. When tired out after coming in from the field, you could just open a faucet and fill the tank to water the stock, instead of having to pump water by hand for half an hour or more.

### You Can Easily Do Away With This Drudgery on the Farm.

President Cook, of the Mississippi Normal College, of Hattiesburg, Miss., contends that possibly nine-tenths of the drudgery on the farm consists in carrying water from the source of supply to the point of application and in the disposition of the water after use. He points out that a bucket of water contains 2 gallons, weighs about 20 pounds, and when handled six times the total weight lifted is 120 pounds. He estimates that the use of water in cooking, bathing, scrubbing and weekly washing will raise the lift per day easily to a ton, and that this will "take the elasticity out of a woman's step, the bloom out of her cheek and the enjoyment out of her life." He mentions that this daily lift can be eliminated "if the farmer can be brought to see that the farm is also the heir to modern invention."

"Ever Ready" is our own trade mark.  
**It Starts Itself — It Stops Itself**  
**Night or Day It Never Forgets to Pump**  
**When Water Is Needed**

### Modern Plumbing Easily Within Your Means

President Cook is right! If those people now living on farms throughout the country where no modern plumbing fixtures or running water has been installed could fully appreciate the great comforts to be derived from these modern sanitary improvements, how moderate the cost and how easily installed, there would be few farm homes, indeed, without these modern improvements.

How many people there are who would not think of being without certain popular luxuries, but are still without these modern sanitary conveniences on the farm! These luxuries are used perhaps only two or three days during the week, and during many weeks of the year some of them may not be used at all. If you will stop to think a moment you will see that practically two-thirds of your lifetime is spent in your home. Certainly you should spare no effort to make it an ideal place in which to live.

The health, happiness and comfort of yourself and your entire family demand these modern conveniences, and they are easily within your reach.

Think what it means to have a modern bathroom outfit in your home. On those hot sultry days in Summer you could take a nice cool shower bath. That old outhouse with its contaminating swarms of flies, odors and germs would be done away with.

What a great comfort for the old folks, invalids, women and guests. No trudging through the deep snow in Winter, facing the blizzard in below zero weather, or going out on rainy and stormy days and dark nights. Summer or Winter it is a necessity. We do not know of a more necessary improvement you can make in your home.

This great improvement in your home should surely have your first and foremost consideration. Have luxuries? Yes. But of greatest importance come these modern sanitary conveniences in your home. There is nothing of more vital importance to the health, happiness and comfort of all concerned.

### A High Grade Outfit, Built for Service.

The Modern Water Supply System is the foundation of all plumbing conveniences in the home. After you once have a good, reliable water supply system installed, it is a very simple matter to extend the pipes and have running water wherever you want it on your premises.

Our Ever Ready Automatic Electric Water Supply System, illustrated here, will automatically supply running water to your bathroom, kitchen sink, laundry, etc. These outfits may be used for pumping from wells or cisterns not over 20 feet deep. It is a strictly high grade, practical outfit and is built for service. You can extend the piping to your barn for watering stock, if you wish, and have hydrants conveniently placed for lawn or garden sprinkling, fire protection, etc. All of these conveniences are yours as soon as you have one of these modern outfits installed in your home.

There is nothing complicated or difficult to understand about this outfit. It is easy to connect up. Any handy man can easily install this outfit by following our simple instructions.

A suction pipe is, of course, extended to your well, and discharge pipe from the pump is connected to the water supply pipe in your home. Aside from the occasional supplying of oil, it needs no attention. It starts and stops automatically and will always keep a liberal supply of water under pressure in the tank, and the moment you open a faucet anywhere on the piping system you will get a plentiful supply of running water.

### Write for Our Special Plumbing Instruction Book 7777MH.

We publish a very interesting plumbing instruction book which contains much valuable information for anyone owning or contemplating building a home of his own. We would like to send you a copy of this book whether you wish to order plumbing supplies or not. Write for it today. Sent postpaid on request.

### Prices for Ever Ready Automatic Electric Water Supply System. Outfits With Black Tanks.

42H3610 1/2 — Pump, switch and motor only, as illustrated below, without tank or connections. Shipping weight, 100 pounds. Price, \$82.00

Steel tank and pump with motor and automatic switch on all above outfits shipped from factory in CENTRAL ILLINOIS, or from our PHILADELPHIA store; gauges and valves shipped from our CHICAGO or PHILADELPHIA store.

Write for Our Special Catalog of Farm Electric Lighting Plants, 775MH.

### The Electric Motor

The motor furnished with this outfit is a well known standard make of motor, which is one of the best on the market. Excellent materials are used and the workmanship is high grade throughout. Figuring cost of current at 10 cents per kilowatt-hour, it will cost you only 3 cents to pump 180 gal. of water.

### Important—Read This.

These outfits are furnished for four types of electric current only, as follows: No. 1—110-volt, A. C., single phase, 60-cycle. No. 2—115-volt, A. C., single phase, 60-cycle. No. 3—110-volt, D. C., and No. 4—32-volt, D. C. When ordering be sure to state which is wanted.

You can get this information from the people who supply you with electric current. We cannot furnish motors for current other than the four types stated above. These outfits can be used with any ordinary 32-volt farm lighting plant.

### The Automatic Switch.

The automatic switch automatically breaks the electric circuit when the tank has been pumped up to about 45 pounds pressure, and it automatically opens the circuit again when the pressure gets down to about 15 pounds. This starts the motor again, and the outfit keeps pumping until the tank is again pumped up to about 45 pounds pressure. By adjusting the nut A, the pressure at which the switch operates can be regulated. This switch is simple, positive acting and not likely to get out of order.

### The Noiseless Pump

The pump furnished with our Ever Ready Electric Water Supply System is exceptionally well designed. It is double acting. This pump has no gears. It is practically noiseless in operation. Crank case is enclosed. Sliding crosshead main bearings and wrist pin are lubricated by the splash system. Priming trap holds prime after pump is once started.

Stroke of pump, 2 inches; bore, 1 1/4 inches. Capacity, 180 gallons per hour. Cylinder is brass lined. Piston rod is solid brass. Piston is leather packed. A spring tension idler pulley automatically keeps belt tight, so that pump always operates to best efficiency.

The entire pump and motor are nicely painted in an attractive color and the entire outfit presents a very pleasing appearance.

This pump will draw water from wells or cisterns not over 20 feet deep.

### The Outfit

Complete outfit includes pump and motor with automatic switch, tank, water gauge, pressure gauge, relief valve, drain cock, shut-off cock, pipe connections and fittings, as shown. Suction pipe to well or supply pipe to plumbing fixtures not included. For suction pipe to well order 3/4-inch galvanized pipe. For supply pipe to plumbing fixtures order 1/2-inch galvanized pipe.

# Modern Plumbing in Your Home

## Sanitary System of Sewage Disposal for the Farm or Small Town Home

A Reliable Health Insurance

No Chemicals Used

No Operating Cost

### Capacity.

Outfit shown here fills all requirements of average family of about 6 persons. Capacity may be increased by installing a battery of two or more units such as shown here. Tile disposal system should cover a ground area of about 50 feet square and should be located not less than 100 feet from house.

Full instructions for installing furnished with each outfit. Any handy man can easily install it.

## The Great Danger of the Old Seeping Cess Pool Is Now Fully Recognized. Typhoid and Malarial Contagion Have Been Directly Traced to It. Contaminated Well Water Spreads Disease.

By Bacterial Action This Sanitary System Purifies the Sewage and Changes It Into a Clear and Harmless Liquid.

### Protect Your Well From Disease Germs.

Contrary to common opinion, and in spite of the far better atmospheric conditions in the country, statistics show that the death rate is much higher in rural districts than in large cities. It would be reasonable to assume that the rate of mortality in the more densely populated area amid the soot and smoke of the large city would run high in comparison, but such is not the case.

Sufficient thought has not been given to sanitary conditions on the farm. That clear and cool glass of water fresh from the well is often laden with disease breeding germs not visible to the naked eye, but readily detected by laboratory tests. Drinking water is a common carrier of disease germs. Contagion spreading throughout entire districts has been directly traced to it.

### No Farm Home Should Be Without It.

Our sanitary system of sewage disposal purifies the sewage by bacterial action and by a nitrifying process which kills the germs; the solid matter is automatically decomposed and liquified, and the sewage changed into a clear and harmless liquid. It positively prevents contamination of the well water by house sewage, and no farm home should be without it.

This system is not new. It is the same type of system as recommended by leading health authorities as the most practicable solution of the problem of sanitary sewage disposal on the farm.

In this system we simply take advantage of nature's own process for purifying water. It is the same process which is always found working in every stagnant pool which contains any great amount of solid matter. If you watch such a pool closely you will see gas bubbles rising to the top, which means that solid matter is becoming decomposed and nature is constantly striving to purify the water.

### Bacterial Action Kills All Germs.

This action is due entirely to certain bacteria or germs which form in millions and feed on the waste matter entirely decomposing it. The waste matter is transformed into a liquid and certain gases are liberated, which rise to the top of the water in the form of bubbles.

In our system this same process is constantly going on, but much more efficiently for the reason that we make the conditions ideal by more efficient design, so that the bacteria can work to better advantage.

Two tanks or compartments are necessary for the reason that there are two kinds of bacteria involved in this process, each working separately in its own compartment.

### Simple, Inexpensive and Easy to Install.

We furnish the two cement tanks or compartments only. Each compartment has a removable cover and both are entirely buried in the ground as illustrated, so that the covers come about 6 inches below the surface of the ground.

The sewage is discharged into the large tank with ordinary cast iron soil pipe or glazed sewer tile. Tanks are also inter-connected at top with sewer pipe. Outlet discharges into a system of ordinary porous field drain tile for final purification, as shown. Tanks are made of cement composition well reinforced with steel rods. They are made in one solid piece with removable covers, no seams, no chance for leakage.

Size large tank, 24 inches by 24 inches by 52 inches. Small tank, 24 inches by 24 inches by 36 inches. Thickness of walls 1 1/2 inch. Drilled for connections as shown. Shipping weight, both tanks, 900 pounds. Shipped from factory in Northern Illinois.

Any handy man can easily install it. Full instructions furnished.

**42H3560 1/4**—Two tanks only, for sanitary sewage disposal system. Price, ..... **\$19.60**  
For cast iron soil pipe and fittings see our big General Catalog.

# Hand Power Water Supply Systems

## For Wells or Cisterns Up to 20 Feet Deep

Our Ever Ready Pneumatic Water Supply System illustrated here will force water wherever you wish to extend the pipe and connect a faucet. With one of these outfits you can have all the conveniences of modern plumbing. A sink, bathtub, lavatory or water closet with running hot or cold water any place you want it in your home or on the farm. **The first cost is the only cost.** Fifteen minutes' pumping each day supplies sufficient water for the ordinary household. Suction pipe to well or supply pipe to plumbing fixtures not included. Order 1 1/4-inch galvanized pipe to connect pump to well or cistern and 3/4 or 1/2-inch galvanized pipe to connect with plumbing fixtures.

**42H3612 1/4**—Outfit includes one vertical black steel pneumatic tank, 24 inches in diameter by 6 feet high. Total capacity, 140 gallons; working capacity, 105 gallons. One double acting force pump with 3-inch brass lined water cylinder and brass air pump attached, and all necessary valves, gauges and connections, etc., as shown in illustration. Shipping weight, 470 pounds.

Price, complete, with black tank, ..... **\$56.50**

**42H3613 1/4**—Outfit, complete, as above, with tank galvanized inside and out. Price, ..... **79.75**

### Ever Ready Steel Tanks.

#### For Pneumatic Water Supply Systems.

These tanks are made of flange steel, having a tensile strength of 60,000 pounds; all longitudinal seams are double riveted and the tanks are tested to an air pressure of 125 pounds before leaving our factory. The workmanship and material in these tanks is of a very high standard. All rivet heads and seams are carefully peened and tanks are guaranteed to be absolutely airtight.

#### Prices and Specifications Ever Ready Steel Tanks.

Prices given below are cash prices, are for tanks only and do not include pump, valves, fittings or any accessories whatever.  
Be sure to state size wanted and also state if tank is to stand vertically or lie horizontally.

"Ever Ready" is Our Own Trade Mark.

One of ten 800-foot loading platforms at our big lumber yards in Illinois, insuring Service and Quality.

## The Care We Take

In protecting the lumber that goes into our mill work products enables us to guarantee the quality and insures complete satisfaction to the customer.

## Protected From the Weather.

From the time the lumber leaves the sawmill until it is required in our mill work factory it is thoroughly protected from the weather. Notice the 800-foot loading platform—one of ten—in the small picture and the large, well built rainproof warehouses above. Is it not reasonable that the doors, windows, frames, moldings, etc., manufactured from high grade lumber so protected should be more satisfactory in every way than the same articles made from lumber exposed to rain, snow, hail, soot and dust?

## Solid Concrete Warehouses.

Note on page 112 the solid concrete warehouses where all our finished products are carefully stored. We load these products, carefully crated, direct from our covered platforms into the box cars for QUICK DELIVERY TO OUR CUSTOMERS. "Better mill work" means BETTER MODERN HOMES.

These solidly constructed rainproof warehouses protect our mill work lumber until it is required in this factory.

## Methods That Make Better Material.

If we could show you through our new mill work factory and let you see for yourself the many money saving devices we have installed, you would understand how much it is to your own interest to deal with us.

## Clean and Dry.

The high grade lumber which you see piled in the big warehouse is kept dry and clean until it is required at the big battery of machines in our factory. Each pile of lumber, containing nearly a carload, rests upon a movable truck which, when the lumber is needed, can be quickly transferred to the tracks in the foreground and pushed either into the dry kilns or wherever required. All lumber handled at our factory is unloaded from the cars onto these trucks and kept ready for use at a moment's notice.

## Modern Methods Mean Better Quality.

You can see how different this process is from the old custom where selections were made from one pile and another and carried by wagon in small quantities (requiring much time and labor) to the different places around the factory where the workmen were waiting for it. All the money saved by our quick, modern system of handling lumber GOES DIRECT TO YOU in the way of better mill work for YOUR MODERN HOME.

Have you read the letters throughout this book written by satisfied "Honor Bilt" Modern Home owners, especially those on pages 27, 110 and 111?

There's a reason for the general satisfaction expressed in these letters. Just read on this page the unusually good care we take in handling and storing our lumber. Then you will understand why our customers write so enthusiastically about the good quality of our material.

## Get Our Prices on Material No Matter What Style Building You Want.

There are many advantages in selecting a design from this book, rather than building according to special plans. Our prices include plans, specifications, bill of material and complete working drawings. You have our guarantee which assures you of getting plenty of high grade material to complete the building according to our plans and specifications. All material comes to you in one order—Lumber, Mill Work, Hardware, Paint, Heating and Plumbing Fixtures—everything excepting brick and plaster.

However, if you are going to put up a building—house, garage, store, apartment building, etc., not shown in this book, send us a list of all the material you require, including Lumber, Sash, Doors, Moldings, Stair Material, Roofing, Hardware, Paint, Plumbing Goods, Heating Plant, Electric Lighting Fixtures, etc. Without obligation to you, we will gladly quote you a price on your requirements delivered to your railroad station.

# MODERN HOME ORDER BLANK SEARS, ROEBUCK AND CO.

Four Methods of Payment: 1. Cash With Order; 2. Pay as Building Goes Up; 3. Letter of Deposit; 4. Easy Payments.

IS THERE A FREIGHT AGENT at your railroad station?.....

**HOW TO SEND MONEY.** The best and safest ways to send money are by Postoffice Money Order, Express Money Order, Bank Draft or Check.

**DO NOT SEND COIN;** it is liable to break through the envelope and be lost. If absolutely necessary to send coin **BE SURE** to wrap it in strong paper before putting it in the envelope, and then send by **REGISTERED MAIL.**

**DO NOT WRITE IN THIS SPACE**

## 2. PAY FOR THE MATERIAL AS THE BUILDING GOES UP

If you are building by an arrangement with a bank or building and loan association, we will ship the material to you upon receipt of a letter from the bank or the building and loan association stating that payments for the material will be made at certain periods as the work progresses.

## 3. PAY AFTER INSPECTING MATERIAL

If you would like to inspect material before sending us the money you can deposit the payment required with your bank or building and loan association and send us with your order this letter of deposit. This will give you a chance to inspect your material before we get a cent of your money.

### LETTER OF DEPOSIT

.....192...

Postoffice..... State.....

Sears, Roebuck and Co.

Gentlemen:—

.....has deposited with us the sum of \$.....which has been set aside for you, subject to your order. This is to be paid to you upon delivery of the building material with the understanding that the material must conform with your specifications and meet with depositor's approval. The material is to be inspected immediately upon its receipt and, if satisfactory, accepted by the depositor, who will then notify us to send you the money.

Yours truly,

.....  
(Name of Bank or Building and Loan Association.)

.....  
(Signature of Officer and Title.)

## 4. EASY PAYMENT PLAN

If you own a building lot or land, free and clear from debt, and have some cash on hand, Sears, Roebuck and Co. will ship you an "HONOR BILT" Modern Home, consisting of Lumber, Lath, Mill Work, Sash Weights, Hardware, Nails, Paint for three coats, Building Paper, Eaves Trough, Down Spout and Roofing Material and include Plumbing Goods, Heating Plant and Lighting Fixtures, if you wish, on easy payment terms, and in some instances advance part of the cash for labor and material, such as brick, lime and cement, which we do not furnish.

A small payment each month as you would pay rent makes you the owner of a good home in a few years. Interest charges 6 per cent per year. Your interest becomes less each time you make a payment.

### THIS IS THE WAY OUR MONTHLY EASY PAYMENT PLAN WORKS OUT

Suppose you want to own a house to cost \$3,500.00 complete, not including lot, and pay for it in five years.

- |                                                     |            |
|-----------------------------------------------------|------------|
| 1. Cost of building lot.....                        | \$ 500.00  |
| 2. Cost of building material.....                   | \$2,000.00 |
| 3. Cost of freight, labor and masonry material..... | 1,500.00   |

|                                      |          |
|--------------------------------------|----------|
| Cost of house.....                   | 3,500.00 |
| Cost of lot and house completed..... | 4,000.00 |

Here is what Sears, Roebuck and Co. will do in this case:

- |                                                                            |          |
|----------------------------------------------------------------------------|----------|
| 1. Ship the material according to our monthly payment plan.....            | 2,000.00 |
| 2. Advance you cash to help you pay for the construction of the building.. | 600.00   |

Total....\$2,600.00

This means that if you own a good, well located building lot costing \$500.00 free from debt, and have \$900.00 in cash, you can put up a \$3,500.00 house with our assistance and pay us back a little each month, about equal to your rent.

Here is what would be required of you in this case:

1. Show clear title for building lot costing \$500.00.
2. Send us with order a fee of \$65.00, which is 2½ per cent of the \$2,600.00, the amount due us for material and cash advanced. This fee is to cover the expense of handling the transaction, such as examining title, drawing up papers and to compensate us for other expenses we do not have in connection with our cash with order business. We, however, give you the benefit of our regular cash prices.
3. Make small payment of \$26.00 or more with interest each month on \$2,600.00 due us as shown above. You can pay more than your regular monthly payment whenever you desire or even take up the loan in full before it is due.

The above is just an example to give you an idea of our LIBERAL EASY PAYMENT PLAN. If you feel that you can comply with our few simple requirements, just fill in the blank below and we will be glad to give you figures for your particular case without obligation on your part.

### EASY PAYMENT PLAN INFORMATION BLANK
